## Cumberland teen charged in stabbing

A Cumberland teen, Micah J. Homesky, 18, has been charged with aggravated battery, use of a dangerous weapon.

The criminal complaint states on that Tuesday, June 6, 2017, at approximately 5:53 a.m. Barron County Deputy Schill was dispatched to 25 3/4 Street in response to a call from a subject reporting a stabbing incident.

Upon his arrival, Deputy Schill made contact with the caller, who advised that her son's ex-girlfriend had come to the residence and was in an argument with his current girlfriend and ultimately stabbed her son's current girlfriend. The ex-girlfriend was identified as Micah Homesky.

Deputy Schill then made contact with Erin Brierton and a male subject. Ms. Brierton advised that she and the male subject were sleeping in the bedroom when they heard the bedroom window open, and Homesky threw a water bottle through the open window. She advised that this had occurred at approximately 5:30 a.m. She indicated that approximately 10 to 15 minutes later, Homesky showed up at the residence again and started pounding on the entrance door to the house, which is a patio door. The door was locked so Homesky was not able to gain entry. Ms. Brierton advised that she went to the door and opened the door and saw that Homesky had a large rock in her hand and tried striking her with it. She indicated that a fight started between the two of them and she ended up on top of Homesky, at which point she indicated that she "beat the crap out of her" at which point she got off of her. Homesky then got up and pulled a knife, and as Ms. Brierton attempted to get the knife away from her, she was cut in both her right and left hands. Deputy Schill

observed two wounds, one on the palm of her left hand which was approximately an inch long, and another one on her right hand between the thumb and forefinger. Ms. Brierton said that when she could not get the knife away from Homesky, she felt that she was in trouble and turned around to go up the steps and felt a pain in her side and saw that she had been stabbed with a knife in her lower right side. Deputy Schill observed approximately a half inch to three-quarter inch diameter puncture wound in the lower right side of Ms. Brierton's torso. When he asked her how large the knife was, she indicated that it was larger than a steak knife but had a thin blade on it.

EMS arrived on scene and Ms. Brierton was transported to Cumberland Healthcare. Deputy Schill was advised by medical personnel at the emergency room that Ms. Brierton would be transported to Regions Hospital by way of helicopter as a result of the injury she had suffered. Deputy Graf also responded to this incident, and after speaking to several witnesses on scene he responded to Cumberland Healthcare. He was advised by medical staff at the hospital that the stab wound to Ms. Brierton was deep enough to affect her liver and she would be airlifted to Regions Hospital for further care.

A press release received from Sheriff Fitzgerald last Wednesday, indicated that Ms. Brierton is in stable condition.

If convicted Homesky could be fined not more than \$10,000 or imprisoned for not more than six years, or both. Because she committed this offense while using a dangerous weapon the maximum term of imprisonment may be increased by not more than five years. Her preliminary hearing will be held June 15, 2017.

## Chetek man dies while cleaning up storm damage

On Sunday, June 11, 2017, at 2:37 p.m., the Chetek Police Department, and members of the Barron County Sheriff's Department, along with the Gold Cross Ambulance and the Chetek Fire Department, were dispatched to Lake Aire Drive in Chetek, for a man who was trapped underneath a fallen tree.

When officers arrived on scene it was discovered that Donald N. Hajek, 46, of Chetek, and his 14-year-old son, had been cutting a

storm damaged tree off of a small shed in the back yard, when the tree rolled off the shed and onto Donald.

Rescue efforts were made to remove the tree from Donald by family members and the Chetek Fire Department, but were unsuccessful. Donald was pronounced deceased on scene by EMS.

Investigation is being conducted by the Barron County Medical Examiner's office, along with the Chetek Police Department. The investigation is ongoing.

## K-9 captures subject hiding in camper

On Wednesday, June 7, 2017, at 11:53 p.m., the Barron County Sheriff's Department received a 911 call from 19 3/4 Street reporting an unknown male in their camper outside of the house. The caller also reported that they keep a handgun in the camper.

Deputies from the Barron County Sheriff's Department responded, including a Barron County K-9. When deputies arrived they gave several commands for the male subject to leave the camper. They received no response. Several more commands were given stating that they were going to release K-9 Koda into the

camper if they did not come out. The deputies received no response.

Due to the fact of the firearm inside of the camper, K-9 Koda was sent into the camper. A short time later K-9 Koda apprehended a subject inside of the camper. The subject inside the camper was a 14-year-old male and he was treated for minor injuries from the K-9 and released to his parents per Human Services.

Charges are being referred to Human Services on this subject as the subject did not have permission to be on the property, or be in the camper.

## Jubilation!

The Cumberland Beavers Baseball Team is headed to State for the first time since 1998. The Beavers play LaCrosse Aquinas at 1:00 p.m. on Wednesday, June 14th in Appleton. A victory there would send them to the State Title game at 12 p.m. on Thursday. Complete story on page 6 and photos on page 14. Good Luck boys!

## WisDOT presentation at June City Council meeting

With the summer tourist season upon us, City Hall has been receiving calls about the traffic congestion on weekends and "what was being done about it?" So the Mayor invited representatives of the DOT to attend the June council meeting on Tuesday, June 6th to answer some questions.

DOT representative Tom Beekman spoke to the council for almost an hour trying to explain that the "solutions" people are proposing to help alleviate the

traffic backup would most likely not solve the issue and might make it worse or have greater negative impact on other areas of the community. For example, one of the proposed "solutions" would be to replace the four-way stop with a traffic circle. Beekman explained that the roundabout would require displacing three of the four businesses that are on the corner currently, reduce parking and access for others, require the dead-ending of the alley leading to

the Municipal Parking Lot, limit driveway access for the properties on Elm Street, etc., and would most likely not change the back-up issue in addition to making it harder to feed into the traffic flow from side streets. Even putting a stop light at that intersection would require demolishing the Corner Bar property to make the intersection wide enough to accommodate semi-truck traffic properly.

As for putting a light at the 8th Street/Hwy 63 intersec-

tion would effectively only push the traffic jam a little further back.

Basically, the message was that however annoying and inconvenient our "traffic jams" are for us, in the greater scheme of things it doesn't even register on the DOT's radar. While the traffic seems "horrendous" to us, our traffic jam is still less than most commuters in the more populous areas deal with every morning on their way to work. Because

## Randy Sabien on Cumberland stage June 20

Randy Sabien, a popular singer and violinist, will be performing on the Library Lake stage in Cumberland on Tuesday, June 20, from 6 p.m. to 8 p.m. His is the third concert in the 10-week Island City Music series sponsored by the Cumberland Area Business Alliance (CABA) and local businesses, including *The Advocate*.

Cumberland Federal Bank is sponsoring the concert by Sabien, who teaches string instruments at a St. Paul,

Minn., college and performs frequently in the Hayward area, where he has a home. He appeared in Cumberland last fall before a full house at the Fine Arts Center with renowned guitarist John Beland.

Sabien describes himself on his website as a "bluesy, rockin', swingin', funky, jazz violinist."

There is no charge for attending the Island City Music concerts. But you should bring your own lawn chairs.

In the event of rain, the concerts will be held in Nezzys event center.

Downtown restaurants are open for pre- or post-concert dining or carryout. And Peter & Annie's World Market is remaining open until 6:30 p.m. on Tuesdays, offering a different box lunch each week.

Parents and staff of Island City Academy charter school will be on hand each Tuesday with the school district's kayaks that can be

taken out from the city dock on the south shore of the lake. Free-will offerings will be accepted for the use of kayaks, with the donations going to ICA.

The concerts are being organized by a group called Cumberland Connect, which is working to develop places and activities in Cumberland that bring people together in gathering places.

Questions? Call Larry Werner at 612-743-5117.

## Music on the Lake

Higher Vision kicked off the Island City Music Concert Series on Tuesday, June 6th on the shores of Library Lake. The Tuesday night concert series is being sponsored by the Cumberland Area Business Alliance and various local businesses.

## CESA 11 Receives \$312,300 in Grant Funding for Youth Apprenticeship Programs

Cooperative Educational Service Agency 11 (CESA 11) has been awarded \$312,300 in grant funding for Youth Apprenticeship programs to assist high school students develop skills through a hands-on learning experience at a work site combined with classroom instruction.

Established in 1991 through the Department of Workforce Development (DWD), youth apprenticeship gives Wisconsin's high school students the opportunity to explore career options through applicable courses in high school while earning a wage and gaining work experience.

Students who complete the Youth Apprenticeship program receive a completion certificate and may receive technical college credit and graduate with the skills needed to accept an entry-level position in their occupational area.

CESA 11 is working with 28 school districts registering Youth Apprentices in the Agriculture Food & Natural Resources, Architecture & Construction, Finance, Health Services,

Hospitality, Lodging and Tourism, Information Technology, Manufacturing and Transportation, Science, Technology, Engineering, & Math, Distribution & Logistics pathways.

Currently 187 business and industry partners are now active CESA 11 Youth Apprenticeship programs. During the 2016-17 school year, CESA 11 Youth Apprenticeship program had a 98 percent employment offer rate which speaks volumes to the coordination of school-based coordinators and partners we work with to ensure our students are academic and career ready.

School districts that will benefit from the latest Youth Apprenticeship grant include: Amery, Baldwin-Woodville, Barron, Cameron, Chetek-Weyerhaeuser, Clayton, Clear Lake, Colfax, Cumberland, Durand-Arkansaw, Ellsworth, Frederic, Glenwood City, Grantsburg, Luck, Osceola, Plum City, Prairie Farm, Prescott, Rice Lake, River Falls, Shell Lake, Siren, Somerset, Spring Valley, Turtle Lake, Unity, and Webster.

## Aqua-Expo Dairy Show set for Saturday, June 17

The 2017 Aqua-Expo Dairy Show, will be held on Saturday, June 17 at the Barron County Fairgrounds in Rice Lake. The show will start promptly at 10:00 a.m. this year.

This is an open dairy show that will include dairy showmanship classes of different ages at the conclusion. A continued feature again this year will be the pre-registration of animals for the Aqua-Show. Please contact Steve Fronk at 715-205-1798 or e-mail Steve at: slfronk@hotmail.com by Thursday, June 15, at Noon, with the entry information.

Entry information should include: name, age of exhibitor or as of January 1st, club or organization name, breed(s) exhibiting – registered or grade, and class designation. This will aid in starting the show on time. For example, if an exhibitor has a four-year-old cow, it would not be necessary to

be there at the start time as long as the animal was pre-registered.

Exhibitors are also reminded to bring a fork/shovel and wheel barrow to clean up their bedding pack once the show is completed.

The Barron County State Fair Dairy Delegation is recommended to show their state fair animals at this show. State fair animals must be shown at the Barron County Fair.

There will also be a showing and fitting clinic following the show for those interested.

The public is encouraged to attend and there is no admission.

The Aqua-Expo Dairy Show is sponsored by Lakeland Cooperative, AgStar Financial Services, and the Barron County Dairy Youth Fund.

For more information, please contact Steve Fronk, Dairy Committee Chairman, at the info listed above.

## Northwoods Newcomer: Cumberland volunteers do it all – even build churches

by Larry Werner

Our friend, Roger Wis-trell, stopped over the other night, and we got to talking again about the things that make Cumberland a better place. As you probably know, Roger is a retired principal and coach and shares three grandkids with us because his son, Dan, is married to our daughter, Beth.

In March, I wrote a column about Roger's love of Cumberland, where he's lived for nearly 50 years. He talked about the business community, the faith community and, of course, the lake that surrounds the community. Last week in our living room, he talked about volunteers who give their time and talent.

Specifically, he suggested I write about the volunteers who work on the grounds and the flowers at the Cumberland Golf Club. He said a town of 2,000 really shouldn't have such a beautiful place to play golf, but volunteers plant and weed and tend to the place, along-

side the staff, of course.

I agreed with Roger that volunteers make the community better and prettier, mentioning that the day before his visit volunteers were planting flowers and bushes on the east bank of Library Lake near the retention pond built to catch storm water and silt that used to flow into the lake. One of those volunteer gardeners was Tom Schroeder, a retired power-plant builder who now serves as president of the Beaver Dam Lake Management District.

The management district, under Tom's leadership, keeps the lake clean and is working to build ponds on all four corners of the downtown portion of Beaver Dam so that someday Library Lake will be the beautiful bay it once was.

Retirees, such as Dave Evenson, are everywhere around town, serving on non-profit boards and working on causes ranging from providing food to neighbors in need, mentoring kids or, in the case of Evenson, serv-

ing on the library and arts council boards and, in his spare time, building Habitat for Humanity homes, acting in plays and volunteering at Augustana Lutheran Church.

And speaking of churches and volunteers, another friend, John Epple, urged me to write about his church, Northern Lights, where he is working with other church members to build a "ministry center" adjacent to the dome-shaped worship space. John retired to Cumberland from North Carolina a couple years ago after a career as an airline mechanic.

He almost immediately joined the lake district board and has worked with Schroeder and others on the Library Lake beautification project. He's spending his volunteer hours now on the Northern Lights ministry center that will house a gymnasium, event center, classrooms and more. You can't miss the building that rises up just east of the high school. It's right next to what

looks like a campground, which is actually a parking area for RVs owned by more volunteers.

These volunteers are from Texas and Wyoming.

"Church volunteers built the foundations, put up the iron frame, attached metal to the walls and roof and constructed the interior framing," said Pastor Dennis Wright. "But, there's simply a lot of building to build."

He said Northern Lights learned of a group called "Christian Volunteer Builders," retired construction workers who build churches.

"We contacted them, and after discussions, they chose NLCC as one of their building projects for their volunteers this summer," Pastor Wright said.

He said the building will be used by the church and by the community – our lovely, vibrant community that would be just another small town if it weren't for volunteers.

# Opinion

By Craig Bucher

Humor is good for us, so say numerous studies. “Laughter is the best medicine” goes the saying. I believe it, as I always seem to feel better after laughing. I subscribe to Consumer Reports and one of my favorite pages, in the magazine, is the inside back page where advertising goofs are printed. In the May edition, for example, it featured “Fatboy Loungers with a 40 lb. capacity and a spring water super sale where the customer saved “1c”. Over the years, being in the newspaper business, there have been countless errors in advertisements that have happened to us or to one of our neighboring newspapers. One of our neighbor papers once ran an promotion for local bars and restaurants where each business was to feature one outstanding item.. A local bar ran the following promotion - “Big DRINKS Served Here.” The ad came out - “Big DINKS Served Here.” A bit of a red face that one! This past weekend in an advertising flyer the following was advertised - “V.I. Poo” PRE-POO TOILET SPRAY” “SPRAY BEFORE YOU POO.” It is a real product and may, for all I know, be very effective. It did, however, lighten my day as I burst out laughing as I read the advertisement. We are all very busy people. Still we need to all take time to lighten up, lean back and enjoy a bit of humor. I’ll bet you will feel better.

SEE YOU NEXT WEEK!

P.S. As you read this the Beavers will be playing in the Wisconsin State High School Baseball tournament. Good Luck Beavers and thanks for an exciting spring of baseball.

## Happy Father's Day

### Inside Wisconsin

by Tom Still

#### Early stage investments in Wisconsin up – but plenty of room for more

MADISON, Wis. – It was symbolic of changing times in the state’s early stage investment world that seven managers of new funds took the stage to open the 15th annual Wisconsin Entrepreneurs’ Conference.

The next day as the conference closed, about 30 investors got together to talk about companies they are helping to finance – and to pitch their colleagues on why they should consider putting dollars into the deals, too.

The early stage investing scene in Wisconsin is getting more robust, although Wisconsin remains in no danger of overtaking California, Massachusetts or New York as a venture capital hub.

In fact, if Wisconsin were to match a typical year’s angel and venture capital activity in Michigan, Utah or Colorado, that alone would be an accomplishment.

The latest “Wisconsin Portfolio,” an annual report by the Wisconsin Technology Council, provides statistical evidence of what many observers of the early stage economy already suspected. There are more deals taking place in Wisconsin as more promising, high-growth companies are launched.

The Wisconsin Portfolio showed that investments in early stage companies

– startups and other companies in their early years – have nearly doubled over five years, from 74 in 2012 to 137 in 2016.

At least 137 Wisconsin companies raised investment capital last year, up 7 percent from 2015. Those same companies raised a total of \$276.2 million. The five largest deals exceeded \$10 million each; 53 companies raised \$1 million or more (up from 46 in 2015); and the average deal size was \$2 million, up from \$1.6 million in the previous year.

The 25 percent jump in average deal size was one of several indicators that companies raised money far beyond the “friends, family and founders” stage in 2016.

Wisconsin has been a strong angel capital state since 2005, when Wisconsin’s Qualified New Business Venture program and its affiliated tax credits for investors was enacted. That program has since been emulated in dozens of states.

Until recently, angel investors claimed most of the credits because they were doing the hard work of finding young companies that needed early cash. In 2016, about half of the state credits went to angels and half to venture capital firms, which indicated many of those

young companies have matured enough to attract what investors call “Series A” money.

For 39 percent of early stage companies that secured funding in 2016, it was their first time doing so. For 61 percent of emerging companies that raised money last year, it was at least their second time at the dance.

Beyond the report, which was based on public data, announced deals and a survey of investors, there is plenty of anecdotal evidence that Wisconsin is no longer a flyover state when it comes to investment capital.

The seven funds represented in the opening session of the conference have all come on the scene within the past year: The Idea Fund of La Crosse, the Winnebago Seed Fund, Rock River Capital Partners, Bascom Ventures, CMFG Ventures, NM Future Ventures and 30Ventures. They vary in fund size, scope and sectors of interest, but each manager reported seeing higher-quality companies emerging in Wisconsin and the Upper Midwest.

In late 2004, the Tech Council became the home for what was then called the Wisconsin Angel Network. It had six members. Today, the Tech Council Investor Networks tracks more than

40 networks or funds in Wisconsin.

Along with most of the nation, Wisconsin is still an also-ran when it comes to venture capital.

During a conference discussion on the idea of a “corporate fund of funds” for Wisconsin, John Neis of Madison-based Venture Investors noted that 82 percent of all venture capital under management can be found in three states: California, Massachusetts and New York.

The challenge, agreed Neis and Dan Einhorn of Milwaukee-based Capital Midwest Fund, is to become a leader among states that lie within the coasts.

In Michigan, for example, the 2008 creation of a private corporate “fund of funds” to attract outside VCs has elevated that state from flyover status to top 10 in many categories.

More young companies in Wisconsin are finding angel and venture capital than ever before. Increasingly, out-of-state investors are finding Wisconsin. In a competitive national landscape, however, there’s still a lot of room for growth.

Still is president of the Wisconsin Technology Council. He is the former associate editor of the Wisconsin State Journal.

## A Look Back

**10 Years Ago**  
**June 13, 2007**

Two exceptional young men from Cumberland received a prestigious honor on Sunday, June 10th, as they were named the newest Eagle Scouts of Troop 24. Eric J. Muench, son of Louie and Barbara Muench of Cumberland, and Jacob T. O’Flanagan, son of Todd and Mary O’Flanagan, were honored at an Eagle Court of Honor held at the American Legion.

After being closed for several months, the Red Brick Cafe in Barronett is now open under new management. Deb Lehmann of Spooner purchased the cafe on April 20th and was open for business by May 26th.

**20 Years Ago**  
**June 18, 1997**

The 1997 Cumberland Chamber of Commerce Board of Directors are: Steve Thoe, Ron Johnson, Carol Kellermann, Paul Nelson, Nancy Bentz, Dave Erickson, Kirk Beecher, Don Gray, president, Paul Cain, vice president, Mary Bents, treasurer, Eileen Statton, secretary, Scott Krueger, vice president and Julie Williams, office secretary.

The Cumberland Post 98 Baseball team raised their record to 5-2 with an easy 15-3 win over Rice Lake, at Rice Lake. Leading the offensive attack was Mike Froehlich with four hits, while Justin Jobe, and Isaac Lundquist had three each. Aaron Bryant contributed two hits. Team members are:

Greg Jacobs, Matt Jobe, Nathan Ranallo, John Peterson, Isaac Lundquist, Christ Flottum, Aaron Bryant, Adam Diesterhaft, Don Gray, Tim Butzler, Jay Gagner, Dan Shelton, Justin Jobe, Mike Froehlich, Jake Saffert, Nick Ranallo, and Jamie Riemer. The team is coached by Mark Fuller, Jamie Olson, Jon Ruud, and Joe Waite.

Forage production is the main focus of the 1987 Wisconsin Farm Progress days, which will be held July 14-16 in Barron County. The show marks the first time in 20 years that the three day farm show will be held in Northwestern Wisconsin and 125,000 people from Wisconsin, Minnesota and other Midwestern states are expected to attend. Jon and Cindy Becker and Frank “Butch” and Valerie Sutherland, whose farms are located five miles southeast of Cumberland, are the hosts.

An estimated 100,000 pounds of carp were eliminated from Beaver Dam Lake on June 2nd, when a 50 acre bay south of Highway 48 (cemetery lake) was treated with fish toxicant and carp were actually picked up and disposed of by the City of Cumberland and some members of the Beaver Dam Lake Association and other volunteers following the treatment. Only a handful of game fish and pan fish were killed. It is hoped that the

reduction of the carp population will enhance the game fish and pan fish population in the lake, the DNR said.

The general public is urged to attend a special meeting at the school on June 10th. The purpose of the meeting is to review the recent University of Minnesota survey of local school conditions and to consider such important points as the choice of a site for the new High School building. Among the points recommended by the University of Minnesota survey (which was requested by the school board), was the condemnation of the existing grade school structure, which has been termed not only outdated, but downright hazardous by the group of experts which made the study.

Whalen, 29, Chetek, operating a motor vehicle while intoxicated, 3rd, \$2,502.00 + local jail, driver's license revoked for 27 months, ignition interlock ordered, and must undergo alcohol assessment.

## Criminal Complaints

Joseph J. Sprenger, 34, of Rice Lake, has been charged with disorderly conduct. His hearing will be held July 15, 2017.

James J. McTamane, 29, of Rice Lake, has been charged with battery. His hearing is scheduled for August 9, 2017.

Courtney K. Feehan, 31, of Barron, has been charged with criminal damage to property, intimidate victim/dissuade reporting, and disorderly conduct. A date has not yet been set for her hearing.

Bradley S. Bryant, 27, of Alma, has been charged with disorderly conduct. His hearing will be held August 5, 2017.

Niko A. Bryant, 27, of Alma, has been charged with disorderly conduct. His hearing will be held August 9, 2017.

Shawn F. Biggart, 56, of Chetek, has been charged with possession of methamphetamine. His preliminary hearing will be held June 15, 2017.

Kathleen J. Hoisington, 56, of Turtle Lake, has been charged with possession of a firearm while intoxicated, resisting an officer, and disorderly conduct, domestic abuse.

The criminal complaint states that on Friday, June 2, 2017, at approximately 12:10 a.m. Barron County Dispatch received a 911 call from a subject, who advised that Kathleen Hoisington was intoxicated outside of their residence with a .22 long rifle. Deputies Allen and Pressley of the Barron County Sheriff's Department and Officer Traczyk from the Turtle Lake Police Department responded to the residence on 10 1/2 Avenue.

While enroute to the residence, the caller advised that Hoisington walked into the house without the gun and she did not know where she had put it. The caller also stated that Hoisington had just hit Kathleen's husband.

Upon arrival, the officers were invited into the residence. Upon entering the residence Deputy Allen observed Kathleen holding a paper towel on her hand that appeared to be bleeding. He also observed Kathleen appeared to be highly intoxicated as her speech was slurred and slow, her eyes were bloodshot and she had an odor of intoxicants coming from her. Deputy Allen also observed Gary Hoisington, who also appeared to be intoxicated, lying on the couch. The caller appeared to be highly upset and said that Kathleen had the firearm somewhere outside of the residence. Due to the unknown location of the firearm, Deputy Allen advised Kathleen she was being detained for officer safety. Deputy Allen placed her in handcuffs and escorted her to his squad car.

While attempting to place her in the back seat of the squad car, Kathleen pushed off of the squad car toward Deputy Allen. Kathleen then began to stop and she began moving toward Deputy Allen. He advised her to stop and she began moving toward him again. Deputy Allen felt Kathleen grab at his abdominal area, reach toward his equipment belt and grab at equipment. He directed Kathleen to the ground, drew his taser and advised her to stop or she would be tased. Deputy Allen observed blood on Kathleen's hands and her abdominal area. Due to the cut on her hand, as well as her apparent level of intoxication, Deputy Allen requested an ambulance to respond. Deputy Allen observed scratches on his forearm as a

result of Kathleen's resisting. While waiting for the ambulance Kathleen asked Deputy Allen where she was and she did not believe Deputy Allen when he told her she was in her front yard. She said she did not know what started the incident that night and she did not know when she started drinking, but advised she had been drinking beer.

Deputy Pressley spoke with Gary Hoisington and the caller, Gary said that earlier in the evening he expressed displeasure to Kathleen regarding her gambling. He said Kathleen later came home while he was sleeping and became upset with him for being upset about her gambling. He said at one point she struck him in the face with a remote she was holding in her hand.

The caller said she noticed Kathleen had armed herself with a rifle that was kept inside the residence. Gary said after the caller told him Kathleen had the firearm he looked outside of the residence and saw Kathleen with the rifle in her possession. Gary said the .22 rifle was kept inside with a loaded magazine, but no round in the chamber. He said he would have been the last person to use the firearm and that is how the firearm had been stored up to that point. Officer Traczyk located the rifle in an RV that was within 20-30 feet of Deputy Allen's location with Kathleen. Officer Traczyk advised it was currently loaded with one round in the chamber.

An ambulance arrived and transported Kathleen to the Barron Hospital where she was very disruptive and yelling profanities and inappropriate remarks toward Deputy Allen and the hospital staff. Kathleen eventually had to be handcuffed to the bed to get her to stay in the room. After being medically cleared, Deputy Allen transported Kathleen to the Barron County Jail. At the jail, she took an intoxilyzer test with a result of .17.

If convicted Kathleen may be fined not more than \$21,000 or imprisoned for not more than one year and nine months, or both. Her hearing will be held August 9, 2017.

Matthew S. Miller, 23 of Luck, has been charged with criminal damage to property, possession of drug paraphernalia, and disorderly conduct.

On Saturday, May 20, 2017, at approximately 5:00 a.m., Cumberland Police Officer Westberg received a call at the police department from an individual concerning a male subject yelling

and pounding on an apartment door on 8th Avenue.

Upon her arrival at that location, Officer Westberg could hear a male yelling and then observed the male, later identified as Matthew Miller, walking south away from the apartment. Officer Westberg made contact with Miller, who advised that he was just trying to get to a friend's apartment and that he tried to get someone to answer the door and that he was sorry. Officer Westberg observed Miller to be swaying back and forth and stumbling. Miller indicated that he had been drinking.

Upon checking the apartment that Miller indicated he was at, Officer Westberg observed a broken block of cement on the ground near the apartment door. The door also appeared to have been pounded on by the cement block several times. Officer Westberg observed that the latch to a gate was also broken off.

Upon checking with the residents, they advised they had heard a male yelling and pounding on the door. The female subject indicated that the noise had woken her up from a dead sleep and went on for about 15 minutes before she called the police. The male subject indicated he also believed it went on for 15 minutes and it sounded as if somebody had been body slamming the door.

Officer Westberg went back and had a second contact with Miller, who was in another apartment. Officer Westberg took Miller into custody and upon searching his person found a blue colored pipe in his left front pocket. A subsequent field test indicated a positive test for the presence of tetrahydrocannabinols. She was also advised that the jail staff at the Barron County Sheriff's Department obtained a preliminary breath test from Miller, with the result of .176.

If convicted Miller could be fined not more than \$11,500 or imprisoned for not more than one year and one month, or both. His driver's license may also be suspended for not more than five years. His initial appearance is scheduled for June 14, 2017.

Cody J. Christianson, 24, of Chetek, has been charged with operating a motor vehicle while revoked, obstructing an officer, and misdemeanor bail jumping (failure to comply with the terms of his bond by committing a new crime).

Jordyn R. Huehn, 22, of Chetek, has been charged with obstructing an officer and felony bail jumping, (failure to comply with the terms of her bond by com-

mitting a crime). According to the criminal complaint, on Thursday, May 11, 2017, Barron County Deputy Wolfe, was traveling northbound on Highway 63, just north of Comstock, when he observed a southbound vehicle that did not have any working taillights. Deputy Wolfe turned around to conduct a traffic stop.

As Deputy Wolfe was catching up to the vehicle, he observed it take an erratic turn into the Crystal Lake Cheese Factory on Highway 63. Deputy Wolfe turned into the same parking lot and proceeded around the building and observed a large amount of dust in the air. He located the vehicle stopped along the side of the building with the dome light still on and no occupant inside of the vehicle. Deputy Wolfe ran the license plate and the vehicle listed to Cody Christianson. Dispatch advised Deputy Wolfe that Christianson had a revoked driver's license and a Barron County warrant for failing to appear in court in an operating after revocation case. Deputies were unable to locate the occupants of the vehicle in the area.

On May 19, 2017, Deputy Wolfe reviewed a statement written by Christianson, wishing to report his vehicle stolen. Deputy Wolfe had Christianson come in to the Sheriff's Department, in regard to his stolen vehicle complaint. Christianson told Deputy Wolfe that on April 13, 2017, he got home from work at approximately 8:00 p.m. and his girlfriend, Jordyn Huehn, had been driving the vehicle. Christianson said they left the truck in the driveway at their residence in Chetek overnight and when he woke up the following day around 11:30 a.m. his vehicle was missing.

As Deputy Wolfe questioned Christianson regarding his story, Christianson appeared to become more and more nervous. At that time Deputy Wolfe believed that Christianson was not being truthful and that Christianson was likely the operator of his truck on May 11th. Deputy Wolfe advised Christianson he did not believe he was being truthful, but Christianson advised he was being honest and did not know who was operating the truck on May 11th.

Deputy Wolfe then made contact with Jordyn Huehn. He asked Huehn to explain what happened regarding Christianson's vehicle being stolen. She said she picked Christianson up from work between 7:00 and 8:00 p.m. and went back to their house with the vehicle. She stated when they woke up around

#### SEASONAL ALLERGIES

Warm weather is here and with it come beautiful flowers, chirping birds and, you guessed it, seasonal allergies. While 'fits of sneezing' and congestion may come to mind when thinking of allergies, they can have a dramatic effect on our eyes, too.

#### WHAT CAUSES ALLERGIES?

There are two kinds of allergies: seasonal and perennial.

Seasonal Allergies are more common and only happen during certain times of the year -- usually between spring and into autumn. Airborne allergens such as pollen from blooming trees, weeds and grasses are generally the culprit of these allergies.

Perennial Allergies occur throughout the year and are generally caused by things such as dust, mites, pet dander and feather bedding. Other sources can trigger perennial allergies, as well.

Don't let seasonal allergies ruin what little warm weather we have. You may have tried antihistamine tablets and nasal sprays but they are not designed to relieve the specific symptoms of seasonal allergies. Dr. Jennifer and Dr. Bryce can discuss this with you to determine what is the best treatment for your allergies.

## Cumberland Heads to State Tournament; Plays Aquinas on Wednesday

The Cumberland Beavers are headed to the State Tournament in Appleton! The Beavers will make the trip on the tail of last Tuesday's Sectional Tournament Championship at Islander Park. Cumberland defeated Chetek/Weyerhaeuser 3-0 and Durand 8-3 to claim Cumberland's fifth State trip in school history. They played La Crosse Aquinas at 1:00 on Wednesday and with a victory there would play at noon on Thursday for a State Championship.

Good pitching was the key to the two Sectional victories.

Senior Isaac Bucher dominated in game one, throwing a three-hitter in a complete game performance. He would strike out six Bulldog hitters and walk only one. It was Bucher's second shutout of C/W on the year. Sophomore Reid Olson and Senior Tyler Landsworth would then combine forces in winning game two, with Olson taking the pitching win.

Olson's excellent game two included a late breaking curve ball, which he used to strike out five Panther hitters in his 5 1/3 innings of work. Landsworth finished up by retiring all five hitters he faced, striking out two.

In game one, a Payton Rose single in the bottom of the fifth, broke a 0-0 tie and gave the Beavers the only run they needed. Tyler Landsworth would add a second run scoring hit in the frame to give Cumberland a 2-0 lead after five. Riley Bodsberg's single up the middle in the bottom of the sixth put a final run on the board to back up Bucher's strong performance.

Dylan Anderson led Cumberland with two hits. Cumberland would then wait for the winner of Durand and Elk Mound in the days second contest, with a Championship game in hand.

The Championship game would eventually feature the Beavers against Durand, a

10-0 winner in their opener.

The Beavers batted first in the Championship tilt and would make a strong statement with a five-run first inning. The outburst set the tone for what would be a big victory. Hits by Landsworth, Bodsberg, and Olson went along with a walk and a key Durand error led to the big frame.

Durand did respond with a three-run second inning to make it 5-3, but would get no closer. Cumberland would not be denied and would tack on three more runs before games end, including a run scoring single by Max Narges. The Beavers would end the contest with six hits and would be aided by four walks, three hit batters, and four Durand errors.

A well-deserved celebration by players, coaches, and fans followed the games final out. A beautiful sunny June day was now privy to the knowledge of a Cumberland trip to Appleton. It was a performance worthy of lengthy jubilation.

Bodberg had two of Cumberland's six hits in the finale and drove in three runs. The Beavers made the most of their opportunities and ran the bases well throughout the day.

The Beavers (18-6) opened up play at 1:00 Wednesday against La Crosse Aquinas (19-10). The other Division 3 semifinal contest features Iola-Scandinavia (17-6) against Laconia (12-11). The winners play at noon on Thursday.

The Beavers last trip to Appleton ended with a State runner-up in 1998. Playing in Division 2, with an enrollment of eight more students than the eventual Division 3 State Champion Royal team, the Beavers dropped a 2-1 State Championship game to Hortonville. The starting second baseman in that contest was the current Beavers Head Coach John Peterson. This time Coach Peterson hopes to bring home a gold instead of a silver ball.

## Out At The Plate!

Beavers speedy left fielder Max Narges was out on a bang bang play at the plate Tuesday vs Durand. The Panthers executed a perfect relay to get the out. Photo by Bob Nugent

## WisDNR: Board approves 2017 deer harvest quotas and season structure

The Wisconsin Natural Resources Board approved deer hunting season framework and antlerless deer quotas for 2017 at its latest meeting in Madison.

Final season framework reflects recommendations from County Deer Advisory Councils - 2017 marks the third year these councils have played a key role in Wisconsin's deer management efforts. In addition to direct feedback from councils, more than 6,500 questionnaires were received during a public input process that ran from April 3-13, 2017.

"I'm looking forward to an excellent deer hunt throughout all the seasons this year - we had another very mild winter, which will bode well for the herd throughout the state, so I anticipate another year of increased harvest," said Kevin Wallenfang, Department of Natural Resources big game ecologist. "County Deer Advisory Councils worked hard to weigh the many factors and public desires that drive deer herd management, and we thank them for their work in helping to shape this year's hunting seasons."

In 2017, four deer management units within the Northern and Central Forest zones will allow only bucks to be harvested, while the rest of Wisconsin will have a total quota of 276,515 antlerless deer (compared to 256,775 in 2016).

A decrease in "buck-only" counties compared to the last two years (12 in 2015 and 10 in 2016) is a good indication that councils and the DNR are seeing herds rebound in Northern Forest Zone counties. As a reminder, rules are in place to allow disabled hunters, military personnel on leave, Deer Management Assistance Program cooperators, and youth hunters (the Junior Antlerless Tag is valid statewide) to harvest antlerless deer in buck-only units. As a result, there will be some antlerless deer harvested in each of the 4 buck-only units in 2017.

The sale of bonus antlerless deer hunting tags will include 31,945 tags valid on public access lands (compared to 22,775 in 2016) and 168,210 tags valid on private lands (compared to 136,875 in 2016).

Bonus antlerless tag sales will occur as follows (sales begin each day at 10 a.m.):

- Monday, Aug. 14 - Northern and Central Forest zones;
- Tuesday, Aug. 15 - Central Farmland Zone;
- Wednesday, Aug. 16 - Southern Farmland Zone; and
- Thursday, Aug. 17 - all remaining bonus tags can be purchased until sold out or the season ends.

In addition, Farmland Zone antlerless tags will be available with the purchase of every deer hunter's license.

## Beaver Baseball Team goes to State!

**Hello friends,**  
Back in early May, I had made a plan to explore, camp on and fish a northeastern Wisconsin lake in early June. That plan changed when I spoke with my good buddy, Paul Bucher, who with his wife, Sarah owns The Cumberland Advocate.

The Bucher's son Isaac was graduating from high school and they were having a party at their home outside of town.

Paul told me about a lake that I could camp and fish on and I thought what the heck, I am gonna do this and that is what this story is all about.

**Friday, June 2nd**  
**High 83, low 53**

Here is the plan, I arrive on Friday afternoon, build a camp at a somewhat remote campsite, fish out of my canoe for bluegill and at the end of the day I might have a bonus visitor in the form of Paul Bucher, who sat around my campfire with me for a while.

Here is the reality. I started fishing at 5:30 on a lake that I have never seen before.

I paddled my canoe a short distance and stood in the canoe while paddling and located several spawning beds.

I put down two anchors and had a blast catching a limit of what might be the biggest bluegill of my life. Ice fishing jigs, with either a waxie or a piece of red-worm were the ticket. At dark, Paul came to camp and I had even more fun.

**Saturday, June 3rd,**  
**High 84, low 49**

My plan was to be fishing at 5:00 a.m. that plan did not happen. Instead I was paddling my canoe to Bluegill Central at 8:00ish. I anchored at the same place as I did last night and guess what? All I could catch was little ones. After about 30 minutes of that I made a move and the reward was immediate. My biggest gill was 9.75 inches but these fish are wide

in every direction and if you are an experienced pan fisherman you would be amazed.

The fishing was tougher, but I did keep 20 and then I headed to camp where I took a snooze and then swam in the lake before Isaac Bucher's party so I would be fresh as a daisy.

So I head over to the party and soon realized that I have a ton of friends in the Cumberland area. The layout showing Isaac's last 18-years is incredible and like my daughter Selina, who is about to become a Junior I see the rewards from good grades and that involvement in school activities from sports to plays, is one of the best ways to mold a future young American.

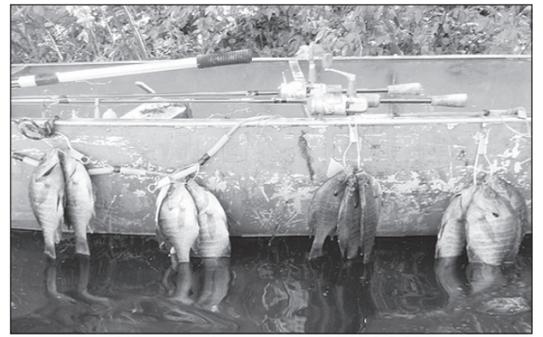

So I sit at a table and it just happens to be with many of the parents and coaches of The Cumberland Beavers baseball team. I learn that in four days the boys are playing Chetek and then the winner of Durand vs Elk Mound and if they can win both of these games, they are headed to the state tournament at Appleton on Wednesday, June 14th.

Long story short, Isaac Bucher pitched a complete game against Chetek, only had two hits against him and the Beavers won 3-0. The next game they took care of Durand and I say go Beavers and congrats to the entire team.

The following morning I felt great and drank coffee at camp and then paddled my canoe and caught my final five gills for a two-day limit. On this lake, the spawn seemed to be completed, the beds were silted over, I did not see many fish in the shallows and the ones I caught were spawned out.

The graduation and kids moving on part of this story is happening everywhere in the world this time of the year. I say congrats to the kids, work hard, think hard and do the right thing.

**Sunset**  
Oh yeah and I also say **GO BEAVERS!**

Gills out of a canoe! VERY COOL!

The first night of Mark Walters adventure was very rewarding

## Barronett News By Judy Pieper

The Tri-County Dairy Breakfast, held last Saturday at the Washburn County Fairgrounds, was once again this year, spectacular. Duane and I met Bill Gill there at about 6:15 a.m., sat and relaxed for 15 minutes, and then very leisurely walked in. When we paid our admission, one of us was the 20th guest to arrive, and so we won a pound of butter as a prize. Nice way to start the day.

The food was great—pancakes, sausage, ice cream and strawberries, a couple different kinds of cheese, cottage cheese and milk, juice or coffee. They even had real maple syrup on the tables for those who wanted it. Volunteers were walking by the table constantly asking if we wanted more food or coffee. And one of the best parts of the day is that we had a chance to visit with so many people that we don't see often.

Thankfully the weather stayed pretty nice for the breakfast. There were a couple times while we were there that it looked as though we were going to get wet, but it sprinkled a little and then moved on.

I had to pick up a few groceries, so we stopped by EconoMart after we left the breakfast. Duane wanted to walk around the greenhouse area at Shopko, so I dropped him off and then parked by the grocery store. Well, when I got out of the car I saw this little guy on the sidewalk jumping up and down and waving. It was Kane! He and his mama, Kandice Thon, had been shopping when he spotted me and got all excited. I was so happy to see him, he's adorable. So, anyway, before I could go get the groceries, we walked over so he could see what Grandpa Duane was doing too. Poor little Kane had what looked like a black eye from a mosquito bite, and his little legs were all bitten up too. Kandice is going to try to find something to use as a repellent, but she was not sure what would be safe for a two year old.

Nancy Thompson and Scott Tiffany were there later, and when I visited with them that evening they told me that Nancy had been high bidder on a little pig at the silent auction. Dave Huebner was at their place at the time and he seemed to think it would be a good idea if they moved it right into their house. Hmmm. Actually, I don't think there are any rules about animals in the Village of Barronett, so I suppose that they could legally do that, but they assured me that he will not be living with them. Nancy said that her daughter has

a place farther out in the country where he will get a good home. Man, I am really glad that I didn't see that there was a little pig on the silent auction. I probably would have bid on it just because I think they are so dang cute. Too bad they grow up to be hogs.

Anitia Lehmann went to the breakfast later too with Randy Lehmann and John Libra. They didn't realize that the breakfast only ran until 10:30, and it was after 10:00 when they got there, but they said that they had plenty of food and lots of people to talk to anyway. Randy had been to dairy breakfasts before, but I think they said that this was John's first dairy breakfast experience. He seemed to have enjoyed it thoroughly. Hopefully they will make this one of the reasons to travel back from Oregon every year.

Randy and John hadn't visited our tree house yet, so after they left the dairy breakfast they stopped by to check it out. They said that they thought it was a pretty nice playhouse for the grandkids. Anita couldn't come with them because she had business to take care of in town. Anyway, Randy, John, Lynn Thon and I sat around up there talking about important stuff like gardening for quite a while. While we were visiting, Geri Pittman came up and sat around with us for a while. What a great way to spend some time on a Saturday afternoon.

Then, just as John and Randy were getting ready to leave, Duane brought his brother and sister-in-law, Roger and Sue Pieper, up to the garden. Roger and Sue had traveled from Shakopee, MN. to Birchwood to attend the funeral of an old friend. After they left Birchwood, they stopped in Barron to visit with Richard Pieper and Delores Schultz, and then came to Barronett to visit with us. They hadn't seen the tree house, so they checked it out and said about the same things that John and Randy said about it. Then we sat by the garden and visited with them for quite a while. The wind was blowing like crazy, and the sound of the leaves blowing in the trees was so pretty. When we finally left the garden, we found out that the wind is not always so nice. There was a huge black cherry tree on the hill by the apple trees that had been blown over. We'll have quite a job cleaning that up.

Oh, and speaking of wind damage, Richard Pieper called us Sunday morning, all upset, and said that a tree had fallen on his house. Duane assured him that we would be there as soon as possible, so after he got a trailer hooked to the truck, he, Lynn Thon, and I went over to see if there was any damage. Yep, there

was. A huge limb had blown off a maple tree and part of it landed right on Richard and Delores' garage. Another part of it was hanging over the power line, and a city crew was there taking it down. After they got it off the power line, Lynn, Duane, Richard, Delores and I started cleaning things up. Duane used the chain saw to cut branches into manageable pieces, and the rest of us carried them to the trailer. Luckily there is a landfill in Barron that is open to the public to get rid of things like that, because we had the trailer full twice just to get the smaller branches out of there. While we were at the landfill we saw a young man who said that he would go back and get the bigger pieces and use them for firewood. Thank goodness, because Duane's chain saw would never have cut through that monster limb. Richard's neighbor, Al, came over to see if there was anything he could do, and we borrowed a ladder and a rope form him to get the piece off the roof of the garage. It was not exactly the relaxing Sunday afternoon we had planned, but we were glad to get that mess mostly cleaned up. Now we just have to find someone to put a new roof on the garage.

I had a chance to visit with Kathy Tobish for a while last Thursday. I hadn't seen her for quite a few years, and it was so nice to catch up on what had been going on in her life. She said that she is in Cumberland now and then, so I invited her to stop by to visit next time she's in town. Hopefully, she'll take me up on that.

Pat Olson opened the Scoop and Brew in Shell Lake last Wednesday. That was also Wrigley Marsh's last day of school, so Tru Lehmann and I went to St. Joe's and picked up Wrigley, went to the beach in Shell Lake to play for a while, and then called Duane to invite him to have supper at the Scoop and Brew with us. It was worth waiting all winter to have some of the delicious ice cream. And, the kids had a blast at the beach playing with the other kids and building elaborate roads, pools and bridges in the sand. I think we will be doing a lot of that this summer.

As I'm sure you know, Don Lehmann passed away a week ago on Monday, June 5th. Don's funeral was held at First Lutheran in Cumberland last Thursday and it was very well attended. Don was very well known and well liked in this area. The women of Barronett Lutheran served the lunch after the memorial service. They had planned on 200 people and they served 196, not counting those working in the kitchen. They made a very nice

meal, and the family appreciates all the hard work that went into preparing and serving it. We are going to miss Don terribly. I just don't know how the Lehmann farm will be able to get along without his help and advice.

I think that's about all I know from Barronett this week. Stay dry—see you next time.

## Court News...

9:00 a.m. the next day the vehicle was gone. Deputy Wolfe observed Huehn appeared very nervous when responding to his questions. He informed Huehn that she should not intentionally mislead his investigation by providing false information, but Huehn stated multiple times she was being truthful.

At that time Deputy Wolfe told Huehn that Christianson had told him that he had been lying about his truck being stolen. She eventually told Deputy Wolfe that Christianson was driving his truck the night Deputy Wolfe attempted to pull the vehicle over. She said that another male subject was the passenger in the vehicle. She said that when Deputy Wolfe attempted to stop them, they took off and she picked them up the following day in Cumberland. She said that Christianson told her that he saw Deputy Wolfe's squad car turn around and knew he was about to be stopped by law enforcement when he fled.

Christianson was taken into custody for obstructing an officer. He later advised Deputy Wolfe that he was being stupid and that another male subject was the passenger and they knew they were about to be pulled over so they fled from the vehicle. He also admitted he was operating his vehicle that night.

If convicted Christianson could be fined not more than \$22,500 or imprisoned for not more than two years and six months, or both.

If convicted Huehn may be fined not more than \$20,000 or imprisoned for not more than six years and nine months, or both.

Their initial appearance is scheduled for June 21, 2017.

## Cumberland Police Department Call Log

Monday, May 29

Verbal warning was given for a subject who was speeding.

Officer was advised of a gas drive off in the amount of \$26.00.

Tuesday, May 30

Officer was advised of two gas drive offs, one in the amount of \$20.27 and the other in the amount of \$33.60.

Thursday, June 1

Three verbal warnings were given for subjects who were speeding.

Friday, June 2

Verbal warning was given for a subject with a cracked windshield.

Officer responded to a two vehicle crash on Elm Street.

Two citations were issued for subjects who were speeding.

Citation was issued for a subject who failed to stop at a stop sign.

Officer was sitting at Grove Street and 4th Avenue, when he observed a vehicle drive through the stop sign at 5th Avenue and Sorenson Street. Driver was cited for improper stop at a stop sign.

Saturday, June 3

Traffic stop was conducted on a vehicle driving without lights on at dusk. Driver turned on the lights, and was then advised that his trailer's tail lights weren't working. Driver said he lived eight miles away and would ride with his brake lights on so it would light up his trailer and he would fix it when he got home.

Officer was traveling eastbound on Highway 48, when a vehicle approached the stop sign, traveling north at 1st Avenue and Elm Street. The vehicle went through the stop sign and stopped in the middle of the intersection when the driver saw the Officer. Officer conducted a traffic stop, conducted a field sobriety test. Driver refused the last two tests and a preliminary breath test. Driver was taken back to the police department. He was cited with improper stop at a stop sign and operating under the influence. He was released to a responsible party.

Two citations were issued for subjects who were speeding. Both were doing 50 mph in a 35 mph zone.

Two citations were issued for speeding.

Officer was advised of a gas drive off in the amount of \$25.42.

Sunday, June 4

Citation was issued for driver operating a vehicle with no insurance.

## A Look Back...

in Cumberland and began a residence that has continued to the present time. He said when he came to town there were only five brick buildings on Main Street: Hines' store, Holcom's building, Keyes building, Douglas Oil and Swedbergs' building.

A dog routed three night prowlers on the Julius Klein farm last Monday. They escaped over a high fence but not before the dog got a generous piece of their trousers.

### 85 Years Ago June 2, 1932

A good sized crowd attended the celebration of the 25th anniversary of the Comstock Co-op Creamery at the Eide Grove Thursday. Wm. Danniger is president of the company.

John Rose has purchased and taken possession of the business of the North End Service Station near the city park which was formerly run by Martin Wick.

### 95 Years Ago June 8, 1922

A disastrous storm of hail and wind passed over the southern part of Barron County last Friday night, blowing down buildings and almost totally destroying growing crops in a strip a half mile wide.

The Rev. Peter Meyers, son of Mr. and Mrs. Meyers of Almena, was ordained to the priesthood of the Catholic Church at Superior on Thursday.

"I love to cook but my vision is getting worse and I'm having a hard time fixing a meal. I've heard Meals on Wheels are good... how can I sign up?"

**Meals on Wheels**

# OBITUARIES

**Gary L. Daniel**

Gary "Butch" L. Daniel, age 77 of Barronett, formerly of Herbster and Clear Lake, died on Sunday, June 4, 2017 at Pleasantview Nursing Home in Phillips.

Butch was born September 12, 1939 in Clear Lake, the son of Charles and Lucille (Kennetz) Daniel. He grew up in this area and graduated from Clear Lake High School in 1957. Butch enlisted in the US Navy where he served as an airplane mechanic with an air squadron attached to the USS Ranger from June 1957 to Sept 1960.

Butch married Connie Helstern on December 7, 1963 at the First Lutheran Church in Clear Lake. The

first years of their marriage they moved often before settling in Graytown near Reeve. Together they raised seven children and also helped raise several foster children. After 13 years in Graytown, Butch and Connie moved their family to Herbster where he began his career as a DNR park ranger at Big Bay State Park, Madeline Island.

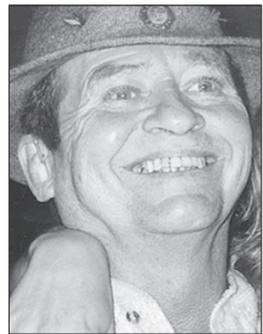

Butch and Connie retired in Barronett, and spent their winters in Bay City, TX until Connie passed away in 2013. Butch enjoyed fishing, family and his beloved dog, Gussy Russell. He will be greatly missed by his family and friends.

Survived by daughters: Kelli (Keith) Colalillo of Rockport, TX, Sam (Philip) Beighley of Bloomer, Mandy (Tracy) Prill of Phillips, and Shelby (Scot) Luoma Yorkville, IL; sons: Cory (Penny) Daniel of Bay City, TX, Dennis Daniel of Washington, IL, and Michael Daniel of Washburn; grandchildren: Corinne, Kimberly, Bruce, Cassidy, Aaron, Amanda, Alaina, Alicia, Alex, Ethan, Benjamin, and

LeAnn; great grandchildren: Hayden, Daelan, Willow, Sealy, Owen, and Madeline; foster children: Dawn, Sheila and Missy; sisters: Lois Campion and Kate McCann, brother Kevin Daniel, and sister-in-law Jeanette Daniel.

Preceded to heaven by his beloved wife Connie Daniel, his parents Charles and Lucille Daniel, his brothers Charles and David Daniel, and his sister Joyce Daniel.

There will be a Celebration of Life for Butch at 1:00 PM on Sunday, August 6th, at the Clear Lake Park Pavilion on Maple Knoll Drive, Clear Lake.

**Scott R. Woods**

Scott R. Woods, age 69, a resident of Siren died

Wednesday, May 31, 2017.

Scott was born on June 27, 1947 in Siren to Wilbur, Sr. and Clarice (Biggs) Woods.

Scott served in the United States Navy during the Vietnam Era. Once out of the service, Scott worked in construction and as a machinist. He was always building something and airplanes and rockets were a few of his favorites. His love of the outdoors allowed him to enjoy hunting, snowmobiling, and fishing in Canada. Scott would never say no to a good meal, he loved food.

He was preceded in death by his parents: brothers, Wilbur "Butch", Jr., and Albert; his sister Clarice "Snookie."

Scott will be sadly missed by his children: Sam Woods, Mindy (Jeff) Zappa, Sarah Woods, and Megan Woods; his grandchildren: Brianna, Sam, Mae, Rylie, Kaleb, Callie, Poppy and baby Z; his sisters Terry (Wayne) Glenna, Fern Woods, and Willa Cole; his loving companion, Kitsu; along with numerous nieces, nephews,

other relatives and friends.

A Celebration of Life will be held on Sunday, June 25, 2017 from 1-4 PM at Indian Creek Tavern-American Legion.

A committal will be held on Tuesday, June 27, 2017 at 11:00 AM at the Northern Wisconsin Veteran Memorial Cemetery in Spooner with military honors.

Arrangements were entrusted to Swedberg-Taylor Funeral Home, Webster. Online condolences can be made at [www.swedbergtaylor.com](http://www.swedbergtaylor.com)

*"Mom is doing a great job of taking care of Dad. I wish she would let us help. What can we do to make things easier for her?"*

**Meals on Wheels**  
can lighten her load.  
537-6244

## Augustana hosts Free Day Camp in July

Augustana Lutheran Church is offering a Free Day Camp July 9-13 for those entering grades 1-6.

The event begins with a family supper on Sunday, July 9th and ends with a block party supper on Thursday, July 13th.

Day camp, on Monday through Thursday, will begin at 9:00 a.m. and go until 3:00 p.m. Before and after care will be available to accommodate parent work schedules.

Get ready for a fun filled week-long program led by the awesome staff from Luther Point Bible Camp for games, Bible stories, music, crafts and, of course, food.

To register go on line at [www.augustanachurch.com](http://www.augustanachurch.com), email at: [office@augustanachurch.com](mailto:office@augustanachurch.com), or call 715/822-2890. Please register by June 30th to the church office.

# Church Directory

**"The Ebb and Flow of Life"**  
By: Pastor Martin Horn  
**Timberland Ringebu Lutheran Church**  
*"There is an appointed time for everything. And there is a time for every event under heaven-A time to give birth, and a time to die; A time to plant, and a time to harvest."* Ecclesiastes 3:1-2

These verses speak of the rhythm and the ebb and flow of ordinary life. Through a series of opposites they affirm that life is not static, but life flows and changes like a river flowing from its humble beginnings high in the mountains to its final destination as it is swallowed up at the shore of a great ocean.

We are subject to this ebb and flow. There will be births, and there will be deaths. There will be planting, and there will be harvesting. There will be times of mourning, and times of laughter. There will be times to build up and times to destroy. There will be times to be silent and times to speak up. There will be times of warfare, and times of peace.

We experience this ebb and flow throughout the year. It's June, summer already. The weather has changed in the last year from warm and rainy to cold and snowy, and back again. We are going through the cycles of planting and harvest. The crops are growing and will soon mature, the first cutting of hay should already be in. Our children have completed a year of school, and are free for the summer, but they'll be back soon.

This text affirms that the life is under the providence of God. "There is an appointed time..." "Things don't just happen. Events occur and things happen because God has set the time for them. The ebb and flow of life is not random, nor are we simply pawns in a cold mechanistic universe. God has set the times and season of our life. He is sovereign and He is in control.

The implication, since God is gracious and kind, is that His children can rest in His provision. We can affirm with James that, "Every good and gracious gift comes down from the Father of Lights, from whom there is no variation or shifting shadow."

When times are hard, when things happen that are difficult, when we don't understand, and when things seem out of control, we can rest in this; that we know that the Lord is still God. Our lives are still in His hands and are ultimately under His care.

The ebb and flow of life is ultimately beyond us, we are floating on the stream of time, through life that is in God's control. We are called to trust Him, knowing that He is good and gracious. That is why Solomon closes the book with these words: "The conclusion, when all has been heard, is: fear God and keep His commandments, because this applies to every person." (Ecclesiastes 12:13).

# Something You Should Know About *Father's Day*

by Hope Lee Vicich

We have been ordered to "Honor thy Mother and Father." It says it right there in the Ten Commandments. Of course, human nature being what it is, rather than worry about "honoring" them all 365 days a year, we have set aside two special days so we can do it once and get it over with! Mother's Day has passed, and we are coming up on Father's Day this Sunday, June 18th.

We know why we need to honor our fathers - that should be obvious. We literally wouldn't be here without them! I'm guessing, however, that you might not know the history of how we came to officially celebrate "Fathers" with a day of their own.

Father's Day is not a modern invention, before the Old Testament was even written, people were honoring their fathers in special ways. The oldest known observance was by a Babylonian youth named Elmesu, who carved a Father's Day card out of clay, around 4,000 years ago. His special card was to wish his father good health and long life.

History also tells us that the word "Dad" dates back to as early as the sixteenth century.

That being said, it took a while for dad's special day to catch on. The first modern Father's Day wasn't celebrated until June 19, 1910 in Spokane, Washington. Sonora Louise Smart Dodd is credited with starting the tradition of Father's Day in honor of her dad, William Smart, a widowed Civil War veteran.

The story goes that while she was listening to a Mother's Day sermon in 1909 that the idea of Father's Day suddenly struck Sonora. She felt her father was well-deserving of a special day as a widowed farmer left alone to raise his six kids single-handedly. A short year later, residents of Spokane embraced the idea so warmly that by June 19, 1910 the first Father's Day celebration was proclaimed in Spokane. June was chosen because it was the month of Dodd's father's birth. Due to her efforts, Sonora Dodd is now known as "the mother of Father's Day."

In 1916, US President Woodrow Wilson approved the idea of observing an annual Father's Day. Then in 1924, President Calvin Coolidge made Father's Day a national event.

The first presidential proclamation honoring fathers was issued in 1966 by President Lyndon Johnson designating the third Sunday in June as Father's Day.

Father's Day in America has been officially celebrated annually since 1972. That was when President Richard Nixon signed the public law that made it permanent.

While we celebrate on the 3rd Sunday in June, other countries recognize Dads on different days. In Costa Rica, attempts were made to celebrate Father's Day on March 19, which is the feast day of St. Joseph. However, the official Father's Day date in Costa Rica is still the third Sunday in June.

In Australia, the first Sunday of September is observed as Father's Day, while Finnish people celebrate the festival on the second Sunday of November. In Thailand, 5th December

is observed as Father's Day every year.

This is a big day for the 70.1 million fathers in America. Nearly 95 million Father's Day cards were given last year in the United States, making Father's Day the fourth-largest card-sending occasion. Sons and daughters send 50 percent of the Father's Day cards to their dads. Nearly 20 percent of Father's Day cards are purchased by wives for their husbands. That leaves 30 percent of the cards which go to grandfathers, sons, brothers, uncles and "someone special."

While not everyone in America is a fan of Father's Day, on average 75 percent of Americans celebrate or acknowledge Father's Day. Barbecues and picnics top the list for Father's Day activities.

The necktie is the most popular and number one of all Father's Day gifts according to the U.S. Census Bureau. Next in popularity come hammers, wrenches and screwdrivers. Other popular presents for dad have a sporty theme: Golf clubs and fishing rods. A study came up with the fact that female shoppers spend approximately 50 percent more than men, while buying gifts for their dad.

If you are looking to send flowers, roses are the official flower for Father's Day. A red rose is worn in the lapel if your father is living, a white rose if he is deceased.

The role of fathers has seen some changes since that first Father's Day. These days, fathers are generally three years younger where births occur outside marriage. The average age of the father where the birth occurred outside marriage decreased from 28 to 26 between 1971 and 1991 but had since increased to almost 28 again in 1999.

Back then, Fathers were, more often than not, the "breadwinners." Working outside the home or on a family farm or business, men earned the money and women stayed home to keep house and raise the kids. Today, "Mr. Mom" is becoming a more common sight at parks across America with 154,000 estimated "stay-at-home" dads. These married fathers with children under 15 years old have remained out of the labor force for more than one year primarily so they can care for the family while their wives work outside the home. These fathers cared for 287,000 children under 15. The dads seem to stay home more with younger children. Preschoolers claim 20 percent of fathers with employed wives who were the primary caregiver for their preschooler. In contrast, only six percent of fathers provided the most hours of care for their grade-school-aged child.

Nowadays, most families split the responsibility of child care. Many Dad's (32%) with full time jobs regularly worked evening or night shifts and were the primary source of care for their preschoolers during their children's mother's working hours.

So, whether they stay at home or work outside the house, my hat's off to all the hardworking Dads out there! Kick your feet up, try on that new tie, and enjoy your day. You've earned it. Happy Father's Day!

**Graduations, Weddings, or Holidays**  
Life's celebrations often involve alcohol and can end in tragedy when mixed with driving.  
More than 25,000 people each year are killed by drunk drivers.  
You can enjoy special celebrations by designating a driver, wearing your seat belt and NEVER letting a friend drive while intoxicated.  
Don't let alcohol put the brakes on life's special moments.  
**NEVER DRINK AND DRIVE!**

### NOTICE OF BOARD OF REVIEW City of Cumberland

Notice is hereby given that the Board of Review for the City of Cumberland shall meet on Friday, June 30, 2017 from 9:00 a.m. to 11:00 a.m. in the Council Chambers, 950 1st Ave., Cumberland, WI. If necessary, additional dates will be considered to reconvene said meeting, as determined by the Board.

Please be advised of the following requirements:

No person shall be allowed to appear before the Board of Review, to testify to the Board by telephone, or to contest the amount of any assessment of real or personal property if the person has refused a reasonable written request by certified mail of the Assessor to view such property.

After the first meeting of the Board of Review and before the Board's final adjournment, no person who is scheduled to appear before the Board of Review may contact, or provide information to, a member of the Board about the person's objection except at a session of the Board.

No person may appear before the Board of Review, testify to the Board by telephone, or contest the amount of any assessment unless, at least 48 hours before the first meeting of the Board or at least 48 hours before the objection is heard if the objection is allowed because the person has been granted a waiver of the 48-hour notice of an intent to file a written objection by appearing before the Board during the first two (2) hours of the meeting and showing good cause for failure to meet the 48-hour notice requirement and files a written objection, that person provides to the Clerk of the Board of Review notice as to whether the person will ask for removal of any Board members and, if so, which member will be removed and the person's reasonable estimate of the length of time that the hearing will take.

When appearing before the Board, the person shall specify, in writing, the person's estimate of the value of the land and of the improvements that are the subject of the person's objection and specify the information that the person used to arrive at that estimate.

No person may appear before the Board of Review, testify to the Board by telephone or object to a valuation; if that valuation was made by the Assessor or the Objector using the income method; unless the person supplies to the Assessor all of the information about income and expenses, as specified in the manual under Section 73.03(2a), that the Assessor requests. The City shall provide by ordinance for the confidentiality of information about income and expenses that is provided to the Assessor under this paragraph and shall provide exemptions for persons using the information in the discharge of duties imposed by law or of the duties of their office or by order of a court. The information that is provided under this paragraph, unless a court determines that it is inaccurate, is not subject to the right of inspection and copying under Wisconsin State Statutes 19.35(1).

The Board shall hear upon oath, by telephone, all ill or disabled persons who present to the Board a letter from a physician, surgeon, or osteopath that confirms their illness or disability. No other persons may testify by telephone.

Anyone wishing to file an objection must contact the City Clerk to complete and submit the required objection form supplied by the City, prior to appearing before the Board of Review. Objections will be scheduled to be heard by the Board in the order in which they are received by the City Clerk.

**GOOD LUCK!**

## DMV: Driver manual available in eBook format

Rules of the road now accessible on phones, tablets and computers

The Wisconsin Department of Transportation (WisDOT) Division of Motor Vehicle (DMV) Motorists' Handbook is available online as an eBook in PDF, EPUB and MOBI formats, which can be read on a desktop computer or handheld device. EPUB eBooks automatically adjust to fit your screen and allow you to change display options

like the font size, number of columns and more. These online manuals have the most up-to-date information and reflect the latest changes in state and federal regulation.

"We are excited to offer the Motorists' Handbook in a more efficient format," said WisDOT Secretary Dave Ross.

While some paper copies of manuals and forms are still available upon request, offering a green alternative

to the paper versions is expected to save money each year. The Motorists' Handbook are available online as an eBook in PDF, EPUB and MOBI formats. The Commercial Driver's Manual, which outlines the requirements and practices for safe operation of a commercial motor vehicle with Class A, B or C driver license, is also available in digital formats. A complete list of driver handbooks, publications and forms and their links are

available online.

"We're reaching a new generation," said Debbie Kraemer, Driver Training and Records Unit supervisor. "We see younger drivers accessing the world through their phones. It's now even easier to find answers to driving questions, like who has the right of way or how to park on a hill. A motorist's phone or tablet is a convenient tool to find these answers but never while operating a vehicle."

# Big Mama!

This large snapping turtle is laying its eggs alongside the road. A reminder that turtles are active this time of year trying to reach their nesting grounds. Please be aware of turtles crossing the roads and don't run them over! Help them continue on their way safely.

## Storm Damage

Sunday's storms took down this tree at the home of Louis Muench in Cumberland. High winds and rain caused damage throughout the area.

## Sunday morning storm causes damage in Rice Lake

On the morning of Sunday, June 11, 2017, a severe storm traveled through the City of Rice Lake. The storm produced damaging straight line winds and heavy rain. Rice Lake Police and other emergency responders responded to numerous complaints of trees and electrical lines down, property damage, road blockage, and flooding which produced multiple safety issues throughout the city.

At 10:17 a.m. Rice Lake Police, Fire and Lakeview Medical Center Ambulance responded to the Cedar Mall where three individuals sustained injuries from a canopy that was blown over at an event taking place there. The extent of the injuries is unknown.

Rice Lake Police would like to thank all the other emergency personnel and several citizens for their quick response and assistance.

## June City Council...

it is only a "peak time" occasional delay, it doesn't rank as a priority to an already overtaxed DOT which is having to work with reduced budgets and staffing.

As for installing a traffic light at 8th St. for safety reasons, the DOT cannot approve or even investigate that issue until more data is available. Even if the City is willing to pay for the light and installation, removing the budget issue from the equation, due to their staffing issues, the DOT doesn't have the manpower available to do the investigation required to approve the light. Also, the DOT has a list of criteria that must be met for an intersection to "warrant" a light. Right now, the intersection does not check off enough boxes on the list.

The bottom line is that there is no easy fix. As long as we want people to come through Cumberland on their way up north, we will have our Friday evening/Sunday afternoon traffic issues.

The Mayor noted that the City has started placing speed bumps on streets in residential neighborhoods in order to limit commercial vehicle traffic from cutting through on them to avoid the back up.

Also that evening, the council held two public hear-

ings on zoning issues. The first hearing was to approve the re-zoning of the Ficcello Salon & Spa property from a General Commercial District to a Residential Single Family District and Home Occupation. The second allowed to the discontinuance of an abandoned unpaved alley on Comstock Ave. Both zoning changes were approved.

The council also approved the amendments to two Municipal Codes. The first imposed parking time restrictions on the south side of Webb St. from 6th Avenue to the Ambulance Garage Entrance on Webb Street. The second created a subsection to MC 12.02 allowing for Tattoo establishments.

Also approved by the council were:

- a bid from Fahrner to chip seal/fog seal the parking lanes on Second Ave and Elm St.;
- a bid from DeSantis Excavating for the manhole replacement at Second and Donatelle; and the
- purchase of an electrical chain hoist for the Waste Water Treatment Plant (already funded as part of the ongoing project).

The next regular meeting of the City Council is set for Wednesday, July 5th at 7:00 p.m.

## Cumberland Fire Department

### "Safety Tip of the Month"

#### Fireworks Safety

With the 4th of July just around the corner, here are some safety tips with the use of fireworks:

- Obey all local laws regarding the use of fireworks. Permits from municipality required!
- Know your fireworks; read the cautionary labels and performance descriptions before igniting.
- A responsible adult SHOULD supervise all fireworks activities. Never give fireworks to children.
- Alcohol and fireworks do not mix. Save your alcohol for after the show.
- Wear safety glasses when shooting fireworks.
- Light one firework at a time and then quickly move away.
- Use fireworks OUTDOORS in a clear area; away from buildings and vehicles.
- Never relight a "DUD" firework. Wait 20 minutes and then soak it in a bucket of water.
- Always have a bucket of water and charged water hose nearby.
- Never carry fireworks in your POCKET or shoot them into METAL or GLASS

containers.

- Do not experiment with homemade fireworks.
- Dispose of the spent fireworks by wetting them down and place in a metal trash can away from any building or combustible materials until the next day.
- FAA regulations PROHIBIT the possession and transportation of fireworks in your checked baggage or carry-on luggage.
- Report illegal explosives, like M-80s and quarter sticks, to the fire or police department.
- And let's not forget the safety of our pets!
- Don't bring your pets to a fireworks display, even a small one.
- If fireworks are being used near your home, put your pet in a safe, interior room to avoid exposure to the sound.
- Make sure your pet has an identification tag, in case it runs off during a fireworks display.
- Never shoot fireworks of any kind (consumer fireworks, sparklers, fountains, etc.) near pets.

We hope you all have a Safe and Happy 4th of July!

## RANWW Foundation Donates \$58,000 to Tornado Victims

REALTORS® from across the country and in Wisconsin are pledging \$58,000 in housing assistance for those devastated by last month's deadly tornadoes.

"Imagine if your home was damaged to the point of not being able to remain living there, yet you still have to continue paying the mortgage payment in addition to paying for temporary housing. The RANWW Foundation has \$1,000 dollar grants available to assist those who qualify; grant funds will pay existing mortgage payments or rent payments while they fix their damaged homes or find a new place to live," said Executive Vice President Brenda Barnhardt.

The majority of the emergency funds were received in a grant from the national REALTORS® Relief Foundation and given to the REALTORS® Association of Northwestern Wisconsin Foundation. The RANWW Foundation will then distribute the funds to those who qualify for emergency housing assistance. Community members who were affected by the tornado can access the grant application at [www.ranww.org](http://www.ranww.org) and then return the completed application to the RANWW Foundation for approval. We are working with community agencies in Rusk and Barron counties to ensure the grant funds are available and ac-

cessible to those who need it. Barnhardt added, "We are happy to say that other REALTOR® Associations in the state are seeing the devastation and want to assist and support in the relief efforts. The La Crosse Area REALTORS® Association donated an additional \$1,000 and the Wisconsin REALTORS® Foundation stepped in with another \$7,000. In total we are able to contribute \$58,000. Our intent is try and assist as many victims as possible with housing relief funds."

Within 72 hours of the initial tornado the RANWW Foundation donated an additional \$7,000 to help with emergency housing needs for tornado victims in Rusk County.

The REALTORS® Association of Northwestern Wisconsin is the professional trade association that all professional REALTORS® residing within the association jurisdiction belong to. The association provides educational opportunities for its members, is active in local, state and national advocacy efforts, engages in community outreach through charitable giving, operates its own private foundation to help homeowners in need and remains a positive force for the members they serve.

For more information on the REALTORS® Association of Northwestern Wisconsin, log on to [www.ranww.org](http://www.ranww.org)

A warm sunny day greeted visitors to the 26th annual Celebration of the Arts Saturday, June 10th at Tourist Park

## Wisconsin Bear Hunters Donate To Chetek Tornado Damage Clean-Up Effort

Members of the Wisconsin Bear Hunters Association (WBHA) recently presented the Chetek area Salvation Army with a \$5000 check to help with tornado damage clean-up in the area.

"This is an area of the state that our members are very familiar with. We were extremely saddened to hear of the damage and loss of life caused by last month's tornado in Barron County," said WBHA Foundation President Stephanie Hanson.

The funds, raised through WBHA's Foundation, were presented to the Salvation Army's Duana Bremer at a small ceremony held at Prairie Lake Estates. "Thank you for the support from the Wisconsin Bear Hunters Association," stated Bremer. "These funds will go directly

to help victims of the tornado who were residing in the trailer park. We thank you very very much."

"We have heard nothing but the best regarding the Salvation Army's response," said WBHA Board Member Eric Tuckner. "We are proud to present them with this modest donation to help with efforts in this region."

In attendance was Representative Romaine Quinn, adding, "Wisconsin Bear Hunters are not only dedicated outdoor enthusiasts, but are also a group of men and women who care deeply for their communities. We are extremely thankful for their generosity during this great time of need."

For more information, please contact Bob Welch at 608-819-0150.

## Discoveries For Whole Family Await At Solstice Hike On Ice Age Trail

Celebrate the Summer Solstice with a family-focused hike on the Ice Age Trail on Tuesday evening, June 20, at the Chippewa Moraine Ice Age Unit Obey Interpretive Center near New Auburn. Hikes begin at 7 PM and activities will end by 9 PM.

The event offers activities for young families and

adults on the Ice Age Trail and at the Interpretive Center. Two hikes are featured: a Discovery Hike, for younger children with their parents, and an Adventure Hike, for older participants. Games and snacks, as well as the displays in the Interpretive Center, round out the evening, sponsored by the Ice Age Trail Alliance with sup-

port from the Mayo Clinic Health System.

Younger discoverers will be outfitted with discovery tools to use in making their own discoveries in the woods on their 90-minute hike. The Adventure Hike covers more distance and offers opportunities to experience the prairie, woods, and ponds of the Ice Age Trail

and the Chippewa Moraine and make discoveries as the sun dips low, a favorite time for photographers.

The Obey Interpretive Center is at 13394 County Highway M, New Auburn WI (<http://d.pr/gFxSq>).

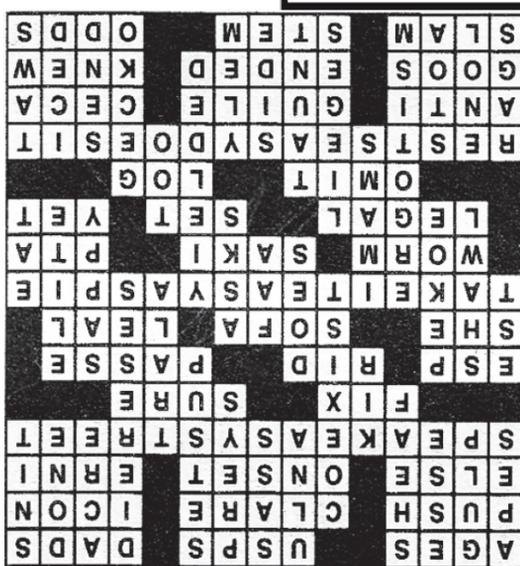

Registration is encouraged but not required at <http://d.pr/Y9LogI+>. Please register by June 19.

## Learn Bicycle Maintenance and Trail Repair

A hands-on class teaching the basics of bicycle maintenance and repairs is offered by UW-Barron County on June 21 from 6-8 p.m. at Hiawatha Park, 21st St/Monroe Ave, Rice Lake. During the two-hour course, participants will learn how to adjust and fix brakes, tires, chains and spokes using a full range of tools. The group will then explore the off-road biking trail and learn how to fix common breakdowns using versatile tools that are easy to carry while on the road or trail. Participants should bring their own bikes.

Instructor Mike McLin is an avid outdoorsman and owner of Grinders Bike and Sports Shop in Rice Lake.

Registration is \$29 and pre-registration is required. For more information or to register and pay online, visit UW-BC's Continuing Education page at [ce.uwc.edu/barron](http://ce.uwc.edu/barron), call Barb Ritzinger at 715-234-8176, ext. 5503, or email [barbara.ritzinger@uwc.edu](mailto:barbara.ritzinger@uwc.edu).
