Honoring Our Veterans; Anderson-Thompson Post 98

by Mark R Fuller

As Veteran's Day services took place this week, the timing is right to recognize the American Legion, one of our Veteran's Service Organizations. The American Legion is an organization of U.S. war veterans formed on March 15, 1919, in Paris, France, by a thousand officers and men of the American Expeditionary Forces. It would be chartered on September 16, 1919, by the United States Congress.

With 15 Cumberland servicemen recently returning to town following the conclusion of WWI, an announcement ran in the October 30, 1919 Advocate, that a meeting to form a local Legion Post would take place on October 31, at 8:00 pm, in the K.P. Hall above Wang's Drug Store. It would be open to any serviceman, with an honorable discharge, who served between April 6, 1918 and the end of the War.

The following week, the Advocate announced 14 men had signed as charter members and asked for names to be sent in to name the new Post.

A second meeting was held that November, in which by-laws were drawn up and H.L. Goodrich was named the first Post Commander. It was also announced that the new name for the organization would be the Homer L. Anderson Post, after the first Cumberland serviceman to lose his life in World War I.

Graduating from Cumberland High School in 1914, Anderson would join the service, but not survive the German U-boat sinking of the American Transport, the Tuscania, which was part of a convoy torpedoed in the Irish Sea in February of 1918. Headed towards France, it was the first ship carrying American troops to be sunk during WWI.

Ten other Cumberland enlistees, as well as numerous other Barron County soldiers, were on the ship and survived. Two-hundred and thirty would not.

Anderson would survive initially, but die from exposure in a Scottish hospital following the catastrophe. He would be buried on the Island of Kilnoughton in Scotland.

His body would eventually be returned to the Island City in October of 1920 and following a funeral at the Methodist Church, he would be laid to rest in the Lakeside cemetery.

Anderson's funeral was a time to remember his service and an opportunity to try and grow the Post. A meal was

served by the Legion three days after his funeral in the K.P. Hall. The Advocate described it as a feast saying it was "A real spread, not a dainty lunch, as the boys say." They described the Legion's purpose as, "To get all ex-servicemen initiated into the order, of which every person who wore the uniform should belong."

In January of 1922, the American Legion Auxiliary was formed. Vivian Dunham was chosen as the first President. Founded in 1919, the Auxiliary members would help the Legion through volunteer hours, programs, and an increased presence.

In 1925, the current Legion building was purchased from the school. Originally a building for elementary overflow, the Legion Barracks became the new home of Post 98 for a sum of \$700.00. The initial remodeling was completed in 1927 with a big Indoor Carnival and Dance held to celebrate. Improvements have continued throughout the Legions time there.

The Legion Post grew and in 1943, would celebrate its twenty-fifth anniversary. By now it was involved in numerous community activities from the Boy Scouts, to Legion baseball, to the July 4th celebration. With another World War underway, Post 98 would maintain an honor roll of those serving across the Ocean. The thirty-five Cumberland names listed included Richard Neurer, Tony Cifaldi, Samuel Hines, Anton Olson, and Robert Kellerman among others.

By the end of WW2, the American Legion roster over its 25 years included over 350 past members and 15 Post Commanders. A complete history book of the Post was written and was sold at a cost of \$2.00.

In March of 1946, Post 98 added another name to its title. By a two-thirds vote, Anderson-Thompson Post 98 was created.

Alex Thompson, a Marine, had gone missing, during a special flight mission over the Guadacanal in November of 1942. Thought to initially have survived, he was not officially declared dead until April of 1945. A memorial service was given to him at the Legion that May.

His dad had been a Marine during WWI and his brother, Matt, also saw time in the Pacific during WWII. It would be fitting, that as the first Cumberland resident to give his life during WWII, he would join Homer Anderson as the heroes recognized by Cumberland's Post 98.

Tree stands vandalized in Barron and Polk Counties

Possible connection to animal rights activists

Sheriff Chris Fitzgerald reports that the Barron County Sheriff's Department is investigating a case where a tree stand was torn down and vandalized in the Prairie Farm area of Barron County. While this case alone may not seem to warrant a press release, it appears that this may be tied to several other cases in Dunn Co where hunting stands, trail cameras were damaged, tore down and/or vandalized.

These are all active cases. There may be a possible connection to a group called

Animal Liberation Front (ALF). The Animal Liberation Front is an international, leaderless resistance that engages in the direct action in the pursuit of animal rights.

As we see a substantial increase in hunting over the next few weeks, we are asking hunters, trail riders and the general public to stay vigilant and report any vandalism or suspicious activity to local law enforcement by calling 911.

We are asking that you do not approach anyone on your property and allow us to do that for you.

Veteran's Day 2019

Members of the American Legion Honor Guard and the VFW Honor Guard advance the colors at the Veteran's Day program held in the Elmer Beran Gymnasium at Cumberland High School on Monday, November 11th.

"Water, water everywhere" at November City Council meeting

The November City council meeting, held on Tuesday, November 5th, got right to business.

After approving the business items on the agenda, the council opened the floor to public comments. Lisa Brown spoke. She had some questions, one about the City Administrator Position which has been advertised in the paper. Mayor Skinner explained that the council doesn't actually respond to questions during the public comment period but that he would be happy to speak with her after the meeting to get her to the people who could answer those questions.

The long suffering Storm Water Utility Rate issue once again had its yearly outing.

Readers might remember that about six years ago, we had a failure in the storm water drainage system. A major pipe collapse caused flooding on Arcade Ave.

every time it rained. This led to a study of the whole system, which in turn came to the conclusion that the system needed a major overhaul. The idea of creating a "Storm Water Utility District" was born in order to finance these repairs.

Utility Districts were created by the State to help small municipalities find ways to fund upgrades to their infrastructures. The Council passed the resolution creating the District just a few month's before the discovery of the failing systems at the waste water treatment plant.

Realizing that the sewer rates were going to have to be raised in order to help fund the overhaul of the plant, the council wisely decided not to burden the community any further, at that time, and so, when the motion to set the rates for the Storm Water Utility, the mo-

tion was tabled, to be revisited in a year.

Every year since then, the motion is untabled, and retabled, until such a time as the Council feels the community is ready to handle the additional fees. As was the case this time as well.

The final resolution transferring control of the Waste Water Plant from the City to the Cumberland Municipal Utility was approved.

Also approved by the council was funding for project overruns and upcoming projects. From the options presented, the council voted to approve Option 1, which was to borrow \$688,500 from the Board of Commissioners of Public Lands (a State Trust Fund Loan) for a period of eight years at 3.25% interest. This loan would require no payments until 2021. The other option, though a slightly lower interest rate, would have required

payments to start a year earlier and was through a local bank.

It was announced during committee reports that the signage for the new ATV routes in town has been posted so the Ordinance opening many streets in Cumberland to ATV traffic is published in this week's Public Notice section on page 10. The Barron County ATV routes are closed for the season, but when they reopen in the spring, the new Cumberland routes will be open as well.

Also in reports, Police Chief Rick Rieper announced that the new Officer, Dylan Feiertag, is completing his training and is a great new addition to the Cumberland Police Department.

The meeting adjourned at 7:24 p.m. The next regular council meeting is scheduled for Tuesday, December 3rd at 7:00 p.m. at City Hall.

Vandals in the woods

This tree stand, located in the Prairie Farm area, was vandalized. It may be linked to a series of vandalizations in Dunn Co.

People

Mark R. Fuller, US Army Veteran and Legion Member, gave the Keynote Address at the Veteran's Day Program on Monday, November 11th at the High School.

Cumberland Healthcare offers Podiatry Services at Turtle Lake Center

Cumberland Healthcare is pleased to announce Podiatry services in Turtle Lake at Cumberland Healthcare Turtle Lake Center, 632 US Hwy 8, in Turtle Lake. Dr. Gregory Mack is now seeing patients two days per month at the Turtle Lake Center.

Dr. Gregory Mack has been in practice in Western Wisconsin since 1991 and he received his medical degree from the College of Podiatric Medicine and Surgery, Des Moines, Iowa and completed his residency at Straith Hospital for Special Surgery, Michigan. He is Board Certified, a Fellow with the American College of Foot and Ankle Surgery and a Diplomat of the American Board of Podiatric Surgery.

His goal is to provide quality, competent care with the patient's personal feelings in mind.

Dr. Mack's practice includes all facets of Podiatric medicine and complete foot and ankle surgery. Dr. Gregory Mack specializes in bunions, diabetic foot care, heel pain, and hammertoes and can provide specialized foot care for the entire family.

To schedule an appointment at the Turtle Lake Center, please call the Foot and Ankle Clinic LLP directly at 1-800-359-4421.

Cumberland Healthcare is thrilled to offer extensive podiatry services in Turtle Lake, Wisconsin right here, close to home.

These Senior Athletes were awarded B.E.A.V.E.R. trait plaques on Friday, November 8th. The B.E.A.V.E.R. qualities are Belief, Enthusiasm, Accountability, Vision, Effort, Respect, and Sacrifice. This is the BEAVER Path that all students, and especially athletes try to follow in their everyday life. Each of these athletes displayed one or more of these qualities during their time at Cumberland High School. Each team voted on what quality each athlete represented the most. Congratulations!

Card of Thanks

Our family would like to take this time to thank Cumberland Community Cares, First Lutheran Church, community volunteers, Cumberland football players, friends and family for all you did for our benefit. We shed tears, shared laughter and visited with many friends and family on Sunday, October 27th.

The committee of volunteers worked so hard on our benefit and we cannot thank you enough for organizing such a wonderful day.

Our hearts are full and we are very grateful to everyone who has shown love and support to our family in so many ways. We appreciate each of you more than words can say. Thank

you from our family to yours. We will continue to F.R.O.G. - FULLY RELY ON GOD!

With much love,
Jonelle, Spike, Jess, Cody and Derrick Gideo

Call Susan Bridger, CCE Director, 715-822-5121 ext. 403 or emailing sbbrid@csdmail.com.

Help say "goodbye" to a Veteran

Tami A. Inman-Stoker, Assistant Barron County Veteran Service Officer, has asked for the public's help to honor a Veteran.

Inman-Stoker's office received notification that a Veteran, Paul A. Schockley, Jr., had passed away on November 4th in Rice Lake. Schockley died with no next of kin and only a few friends.

When she got the notification, Tami jumped into action. She has arranged for the funds (from various sources) to help pay for the funeral and "make sure that this Veteran will have a great funeral and an awesome farewell." Skinner Funeral Home in Cumberland has agreed to provide the services for the funeral.

There will be a military honor guard and funeral for this Veteran on Friday, November 15th at 1:00 p.m. at the Northern Wisconsin Veteran Cemetery in Spooner.

We are requesting that you pass the word and help say goodbye to this Veteran by attending, if you can.

Democrats Reject Help for Rural Wisconsin by Rep. Romain Quinn

In the budget we passed this summer, Republicans included \$15 million to build a Northwest Regional Mental Health Crisis Center in Eau Claire. It was an opportunity for Governor Evers to show he could step outside of his Madison-Milwaukee bubble and support the priorities of our part of the state too. Not only did he veto the funding, he sent it to Madison.

On Nov. 7th, the Assembly attempted to override that veto, and say loud and clear that this critical facility is above politics, that mental health matters, and that half the state should not be ignored.

Democrats squandered that opportunity.

Right now, the only two crisis centers in the state are in Madison and Oshkosh. My colleagues and I heard what police officers across northwestern Wisconsin were saying: pulling officers out of our communities to take people in crisis to Madison or Oshkosh is just not sustain-

able. Police chiefs from Shell Lake, Rice Lake, River Falls, and even Superior wrote in support of more beds in the Chippewa Falls area.

There are 63 Republicans in the Assembly. All we needed was for two of our Democrat colleagues to stand up and do the right thing. They refused.

Our district is part of the 25th Senate District, which encompasses the most northwestern part of the state. That district includes two other Representatives: Nick Milroy and Beth Meyers. Both are Democrats. Rep. Jodi Emerson of Eau Claire, a Democrat, is nearby too. Not one of them had the courage to stand up and say, "My own constituents matter more than politics."

This was not a tricky vote. There were no poison pills, no unrelated issues, and no complicated sets of priorities to balance. Just one priority: giving our area access to facilities that can help patients who are in a

state of crisis.

Our officers are stretched far too thin as it is. We need to have an option to keep them, and our families close. A facility in Eau Claire would be a major improvement for these officers. It would mean faster care for those people going through a crisis and safer and healthier communities for us all.

Sadly, this was a pattern for Democrats today. In all, Republicans brought up override votes on three items. All of them were focused on supporting mental health priorities, including raising reimbursement rates, which is the reason our Cumberland Healthcare System had to quit providing service years ago. These are priorities Democrats claim repeatedly that they support, and blame Republicans for not funding.

But the simple fact is that when given a clear, black and white, up or down choice, Democrats said "No."

Northwoods Notebook: BBQ & B, like many good ideas, was born over coffee at P&A's

By Larry Werner

Those who pay attention to this space on a regular basis know how I feel about coffee shops. Among my favorite expressions of affection for these places are these:

"If I can't walk to get a latte, I'd rather not be there."

And: "The coffee shop is the salvation of our civilization."

Sure, they're overstatements, but as Vickie Komarek prepares to close Peter & Annie's next summer, when her lease is up, I find myself recalling the problems that have been solved and the great ideas that have been hatched at our downtown coffee shop.

One of those ideas was Barbecue & Bluegrass, the fifth edition of which is Saturday, Nov. 16, at the Cumberland Arts Center. Here's how this annual event came to be:

After retiring from 40-some years in the newspaper business, I bought a home in Cumberland and began writing a column for the Advocate in the summer of 2014. Since I love live theater, I attended a performance of a musical called Spitfire Grill and wrote that it was a wonderful production, but I was surprised the theater was only half full.

An email arrived shortly thereafter from a woman named Lori Bock, who identified herself as the president of ETC (Enrichment Through Culture), the arts council that produces plays and other events at the old church across from the elementary school. She said in her email that she'd like to have coffee and discuss ideas I might have for filling a

theater in my adopted town.

She suggested we meet at Peter & Annie's, which I had been frequenting since moving to town a few months earlier. We sat at a large table, which was a good thing, since other members of the board began showing up. And by the time I left I had agreed to handle publicity for ETC and to produce an event called Barbecue & Bluegrass.

I had done such an event a few times at the arts center in Lakeville, Minn. That arts center also is a former Catholic church. Not long after that meeting, I looked at the ETC website and saw that I was listed as a member of the board of directors. I don't even remember agreeing to that.

"That's the way things happen in a small town," a friend told me the other day when I was explaining how I came to be producing events in Cumberland. "Before you know it, you're involved."

And so I was.

Back to producing a bluegrass concert with barbecue. I needed two things to pull it off: a bluegrass band and someone to prepare a dinner of pulled pork and fixings. One of the board members said there's a group called The Stringsmiths that's played locally in the past. Someone had Chris Landstrom's phone number. So I called the banjo player/band leader/truck driver. I caught him just as he was driving off one of those highway scales. He agreed to play.

Now I needed food. My first request was of Kari Nesseth-Klein, owner of the Five O'Clock Club, where I had been hanging out since coming to town.

Kari said she couldn't cater a Saturday night event at the arts center because that's her busiest business day. I doubted that Vickie could do barbecue: Her meals tend to be more of the soup-and-salad variety than red meat, baked beans and coleslaw.

She thought about it for a day or so and then let me know she could get pulled pork and beans from her supplier, and we had a deal. We did fill the house for that first BBQ&B. Vickie served up a delicious meal in the lower level of the arts center, and The Stringsmiths played a rousing concert of mountain music and gospel tunes upstairs in the theater.

A tradition was born, and that tradition continues Saturday. Tickets, of course, are available at Peter & Annie's or can be reserved by calling 715-822-2787 and leaving a message. They're \$25 for the dinner and concert and \$10 for the concert only.

Because of the season, the band members will play in blaze orange and will have some special tunes about hunting, including the theme from the popular musical Escanaba in da Moonlight: "Rueben the Buckless Yooper."

It should be a great evening of good food, good music and a beer or two.

I hope you'll join us for what is likely to be Vickie's last barbecue dinner at the arts center. It's hard to imagine where we'll go to solve life's problems or to come up with great ideas after August, when Peter & Annie's closes.

If I can't walk to get a latte...

Larry Werner's email is lhwner47@gmail.com.

Cumberland Healthcare Volunteer Partners 27th Annual Love Light Campaign

The holiday season is nearing and the Cumberland Healthcare Volunteer Partners encourage members of the community to remember their loved ones this holiday season through the purchase of lights for the Cumberland Healthcare Love Light Tree and the Tree of Hope.

The Love Light Tree will be decorated with colorful lights and pay tribute to someone special to the donor, to remember, recognize or give thanks to a loved one or honor loved ones with current or past military service. The Love Light Tree will brighten the hospital's main reception area.

Lights purchased for the Tree of Hope will be decorated with white lights and will honor those affected by cancer. The Tree of Hope will illuminate the Healing Garden located in Cumberland Healthcare's Healing Center. Lights for either tree may be purchased for \$5 per light or \$25 for a string of lights.

Donation forms may be obtained at Cumberland Healthcare reception desk, The Corner Boutique Gift Shop, Cumberland Healthcare Medical Clinic and Turtle Lake Center, Cumberland Federal Bank and Dairy State Bank-Cumberland and Turtle Lake.

Proceeds from the Love Light Campaign will benefit the Cumberland Healthcare Volunteer Partner's Scholarship Fund. Two \$1,000 scholarships are awarded each year to graduating seniors from Cumberland and Turtle Lake who are continuing their education in a healthcare field.

All community members are invited to attend the Tree Lighting Ceremony on Thursday, December 5, at 5:30 p.m. in the Cumberland Healthcare main reception area. There will be musical entertainment, time of reflection and the reading of the names to be honored followed by light refreshments.

Library Happenings

by Rob Ankarlo, Director,
Thomas St. Angelo Public Library

The library staff is joining the country in recognizing November as National Month of Gratitude.

We give thanks to our rural library which acts as a community center while providing many needed services to patrons of all ages.

We give thanks to the City of Cumberland and the Andrew Carnegie Foundation for creating an agreement which allowed Cumberland

to receive a \$10K grant to build a stately free library in 1905, this agreement was extended by the St. Angelo Family Trust with a gift of \$500K after the community raised another \$500K to fund the library's building expansion in 2009.

We continue to give thanks to the City, Barron County, and our adjacent counties for their annual financial support which funds

the library's yearly operational budget. In addition, we offer continued gratitude to the many donors and civic organizations who give generously to fund 100% of the library's youth and adult programming budget.

November is also Native American Heritage Month. Please take a moment to view the cabinet near the library's entrance where

Opinion

By Craig Bucher

Wow! What a weekend for those who are Minnesota Gopher and Minnesota Viking fans. Last Thursday, I was thinking about the then upcoming games against unbeaten Penn State and the Dallas Cowboys and the possibilities of a Gopher win and a Viking win or the more likely, a Gopher loss and a Viking loss. Or then maybe, a split - with a Gopher win and a Viking loss or maybe the other way - a Gopher loss and a Viking win. "Nope," I think. These are the Gophers and the Vikings and it is sure to be a disappointment one way or the other. It is now Monday morning and I am awake. Both teams won. Wow! The last time the Gophers were 9-0 was in 1904 and five states were yet to be admitted to the Union. The last time the Gophers were ranked in the top 10 was 50 years ago. I can't remember the last time the Vikings won a big game on the road. They always figure out a way to goof it up. But here we are, the Vikings are a legitimate contender and Green Bay, the other contender, has to travel to Minnesota for a game that should decide the division title. The Gophers, should get a shot at Ohio State for the Big 10 title and no-matter what happens a good, first tier bowl game. Yep! it is Monday morning, God is in his heaven and all is right with the world. At least it is for Gopher and Viking fans. "Yikes" I forgot - the Badgers are waiting in the wings to take back the Axe and Rodgers is standing there just ready to break the "Purple" bubble! Well, just maybe long suffering Viking and Gopher fans can catch "the Daily Double." I can dream, can't I?

SEE YOU NEXT WEEK!

Quinn doesn't tell the whole story

To the Editor:
Rep Romaine Quinn is right: We really do need more psychiatric beds in our area.

Unfortunately, Rep Quinn has spent the past few months cynically trying to whip this issue into partisan advantage instead of working in good faith to realistically get more beds on-line.

You may have heard that Republicans inserted a provision in the budget to spend \$15 Million on 22 new beds in the Eau Claire area for emergency psychiatric detentions, and that Governor Evers vetoed it. That's true, but here's the part they always leave out...

That \$15 Million was stolen from expanding the Mendota Juvenile Treatment Center, which is part of a larger plan to close and replace the horrendous and unsafe Lincoln Hills and Copper Lake juvenile facilities. So when Quinn claims there was "no poison pill" in the budget provision, that's a baldfaced lie.

And despite Quinn trying to frame this as a choice between the same kind of facility either going to Madison or Eau Claire, the

Mendota Juvenile Center expansion will be purpose-built for rehabilitating violent juvenile offenders, including girls for the first time. Those beds will not be taking any emergency detentions from local police.

It sure looks like Republicans wanted Governor Evers to veto this funding. Remember, this was the state budget. They could have funded the beds in Eau Claire a hundred different ways, but they chose to undermine another, equally important project. Evers vetoed it to keep the Mendota project on-track, and Republicans got to make speeches about how Democrats had forsaken northern Wisconsin once and for all.

If Quinn and his Republican colleagues are serious about adding more psychiatric beds in our area, they should put as much effort into actually passing AB433 and AB443 as they did into grandstanding on Evers' veto. Both of these properly-funded bills would add psychiatric beds in northern Wisconsin without undermining other important projects, and both are supported by Democrats and Republicans.

Inside Wisconsin

by Tom Still

Women entrepreneurs, investors, making tangible strides

MADISON, Wis. – Two standing ovations at the just-completed Wisconsin Early Stage Symposium help to explain the rising role of women in the related worlds of entrepreneurship and investing.

The first ovation was Wednesday afternoon for Anne Smith, the co-founder of the Law and Entrepreneurship Clinic at the UW-Madison, as she received the "Excellence in Entrepreneurial Education" award for her work with several thousand campus entrepreneurs over the last decade.

The second round of applause was later in that day when entrepreneur and investor Jan Eddy was inducted into the George Mosher Memorial "Investor Hall of Fame," the first woman to be honored by her peers for her work in the vineyards of angel and venture capital. Both annual awards are produced by the Wisconsin Technology Council.

Smith, a lawyer and mentor who has worked inside companies such as Promega, and Eddy, who founded two software companies and has invested in about 30 young firms over time, were once exceptions to the male-dominated rule. Not many women were work-

ing in the tech and entrepreneurial space – and even fewer were risking capital as investors – when Smith and Eddy launched their careers.

Today, national statistics reveal a changing trend. There were more than twice as many women entrepreneurs in the United States last year as there were 20 years ago. The rise in women investors has much been slower, but the numbers are growing in angel networks, early stage funds and venture capital funds to the point of being noticeable.

At the annual Early Stage Symposium, other numbers helped to tell the story:

- Twelve of 42 presenters in the conference "pitch tracks" were women. These were opportunities for young companies to present their business ideas to investors and others.
- Two of the three winners in the annual Elevator Pitch Olympics were women, Nicole Sdao of Beloit-based LetsThrive360 and Morgan Phelps of Milwaukee's Colorful Connections.
- Twenty-one speaking roles were filled by women compared with 26 panel, workshop or speaking slots filled by men.

That's not 50-50, of

course, but it represents much more balance than is often found in events showcasing the best and brightest in tech and investing.

Women may be leveling the playing field because they're proving themselves to be more adept at business than some of their male counterparts.

Prairie du Sac's Eddy was a software pioneer in the Madison area, investing first in her own firms (Office Solutions and Wingra Software) before putting money in other tech firms as an individual angel or as a member of angel funds such as Phenomenelle and Belle Capital. She told a dinner crowd of investors she estimated about one-third of her deals went belly up, one-third are still alive but not yet returning profits, and one-third succeeded. That's a high batting average for early stage investing.

National statistics from groups such as the National Association of Women Business Owners indicate there are about 12 million women-owned firms in the United States. Those companies generate \$1.8 trillion in sales and employ nearly 9 million people.

Those are not just lifestyle businesses or one-

woman shops. One in five companies with revenue of \$1 million or more are owned by women, which is a little more than 4 percent of all women-owned U.S. firms. According to Fundera, women started 1,821 new businesses per day in the United States last year.

Women apparently stretch a buck farther than their male counterparts. The same Fundera report noted that women generally ask for less company funding than men but have higher success rates. In fact, private tech companies led by women show a 35 percent higher return on investment even though just seven percent of venture capital funds are invested in women-led companies.

Women such as Smith and Eddy were something of a rarity in Wisconsin's tech and investing worlds decades ago, but they're more evident today. The up-and-coming crop of women business leaders is not just following in their footsteps but leaving tracks of their own.

Still is president of the Wisconsin Technology Council, which held the annual Early Stage Symposium Nov. 6-7 in Madison.

A Look Back

10 Years Ago November 18, 2009

Nicole Donatell of Cumberland has been named District 1 Baseball Woman of the Year by the State Baseball Coaches Association. She is one of seven area winners and will be eligible to be chosen as the state winner at an executive board meeting in two weeks.

Cory D. Nugent has graduated from the Army ROTC Leader Development and Assessment Course, also known as, "Operation Warrior Forge" at Fort Lewis.

30 Years Ago November 15, 1989

The Wisconsin Baseball Coaches Association has named Cumberland High School Coach Mark Fuller as it's Man Of The Year for 1989. The award recognizes someone for their great contributions to baseball in the state of Wisconsin.

The New You Beauty Salon has a new owner as Alice Anderson has purchased the business from Mary Hover. Mary owned the business since 1981.

40 Years Ago November 14, 1979

Dale Decker, hospital administrator, and Nilo Nelli, president of the governing board, presented an award to Dr. Robert Lund at the hospital employee recognition banquet. Dr. Lund was cited for 23 years of service as Chief of Staff at the Cumberland Hospital.

Dr. I. N. and Louise Toftness presented Mayor Albert Skinner with another gift to the City of Cumberland. The \$50,000 municipal bond, in the form of living trust, provides collateral for financing improvements at the Cumberland Airport.

50 Years Ago November 13, 1969

Darold Nevin of Cumberland has been elected vice-president of the Northern Region of the Associated Milk Producers, Inc. He was also elected to the Master Board of the Midwest of the United States.

Two prominent Barron men died from injuries following the crash of a private plane near that city's airport. Killed were Dr. Melvin Neuman, 48, of Barron, and Burton Solie, 41, of Barron.

60 Years Ago November 19, 1959

Jack Neuer, a Cumberland student at Wisconsin State College at River Falls, is one of the five players from three Wisconsin State College football teams that were named last week as candidates for the All-American honors from the National Association of Intercollegiate Athletics.

Elmer Gerlach, a contract trucker from Clam Falls, was fined \$750 and costs in federal court in Minneapolis following his conviction on a charge of theft from an interstate shipment. He admitted the theft of 100 cases of brus-

sel sprouts from a vegetable consignment he had hauled from California to Duluth.

70 Years Ago November 17, 1949

John Raith, a graduate of the class of 1947 of Cumberland High School, was recently chosen by the Northland Greyhound lines to become a driver of one of the company's mammoth passenger busses. He competed for the job as one of a field of 30 applicants.

80 Years Ago November 16, 1939

An exceptionally fortunate escape from serious injury or death was had by a group of six boys, when the car in which they were riding left the road and was completely wrecked. Paul Ohlson was driving the car with five boys as passengers. A short ways north of the Huser home, the car went off the road on the left hand side, hurtled for 120 feet before smashing into a tree. Although all the boys were trapped in the car, none were injured beyond bruises and bumps. The boys riding in the car at the time were Dick Neuer, Phil Sorensen, Nick Capra, Tom King, and Emil Ranallo.

90 Years Ago November 14, 1929

Some \$400 worth of merchandise and about \$25 in cash was taken from the Johnson-Eckle Store. The thieves had backed up to the rear door, broken a window, and loaded

their vehicle up with the merchandise.

Robert Weekes, who lives near Prairie Farm, was placed under arrest on a charge of having stolen sheep in a near neighborhood.

Complaints

Dustin J. Hubbard, 23, of Thorp, has been charged with possession of marijuana, and drug paraphernalia. His court date is scheduled for December 4, 2019.

Justina J. Fredrickson, 21, of Thorp, has been charged with possession of drug paraphernalia. Her court date is scheduled for December 4, 2019.

Douglas W. Moses, 58, of Rice Lake, has been charged with disorderly conduct. His court date was scheduled for November 4, 2019.

Alyssa R. Shilts, 19, of Field, WI., has been charged with under age drinking, and obstructing an officer. Her court date was scheduled for November 7, 2019.

Nikki L. Schnacky, 33, of Cameron, has been charged with fraud at a gas station. Her court date was sched-

uled for November 7, 2019. Steven B. Wright, 29, of Rice Lake, has been charged with disorderly conduct. His court date was scheduled for November 7, 2019.

Criminal Complaints

Jerry A. Hill Sr., 72, of Rice Lake, has been charged with battery, and disorderly conduct. His court hearing is scheduled for December 30, 2019.

Thomas J. Heldstab, 67, of Rice Lake, has been charged with possession of THC, and possession of drug paraphernalia. His court hearing is scheduled for December 30, 2019.

Lance C. L'Heureux, 37, of Barron, has been charged with possession of methamphetamine, possession of drug paraphernalia, disorderly conduct, and domestic abuse. His preliminary hearing is scheduled for November 26, 2019.

Robyn L. Trepania, 22, of Hayward, has been charged with retail theft, possession of methamphetamine, and operating a motor vehicle while revoked. Her preliminary hearing is scheduled for November 26, 2019.

Richard G. Hauck, 33, of Cumberland, has been charged with possession of methamphetamine. His preliminary hearing is scheduled for November 26, 2019.

Rachel J. Bugg, 25, of Luck, has been charged with possession of methamphetamine, and retail theft. Her preliminary hearing is scheduled for November 26, 2019.

Jerry A. Hill Sr., 72, of Rice Lake, has been charged with battery, and disorderly conduct. His court hearing is scheduled for December 30, 2019.

Jeremiah T. Switzer, 39, of Somerset, has been charged with disorderly conduct, domestic abuse, and possession of drug paraphernalia. His adjourned initial appearance is scheduled for January 8, 2020.

Mary B. Forsman, 53, of Forest Lake, MN., has been charged with possession of methamphetamine, possession of THC, and possession of drug paraphernalia. Her initial court appearance was scheduled for November 7, 2019.

Shawn J. Norman, 29, of Haugen, has been charged with battery, or threat to a judge, prosecutor, or law enforcement officer, and resisting or obstructing an officer. His preliminary hearing is scheduled for November 19, 2019.

Nikki L. Schnacky, 33, of Cameron, has been charged with attempting to flee or elude an officer, operating a motor vehicle while revoked, and violating the provision of the bail/bond in Barron County, which prohibits the commission of any new crimes while on bond.

Officer Strenke reports that on November 3, 2019, he initiated a traffic stop with a vehicle on 8th Avenue just south of Elm Street in Cumberland, and the vehicle pulled to the right side of the road and remained stationary for a very short period of time.

Officer Strenke also reports that he was advising dispatch of the stop, when the vehicle took off at a high rate speed. Officer Strenke reports that he turned his emergency sirens on and advised dispatch of the pursuit. During the pursuit, the suspect failed to stop at the stop sign on 8th Avenue and Berdan Street, and turned on Berdan Street and headed towards Highway 63. Officer Strenke he made contact with Officer Hickcock of the Turtle Lake Police Department, who would assist in the pursuit and the suspect vehicle eventually turned southbound on Highway 63 and failed to stop at the stop sign as well. Officer Strenke reports the vehicle turned westbound onto County Road G, and he continued the pursuit at speeds of approximately 85 miles per hour.

Officer Strenke reports that

once the pursuit crossed into Polk County, Polk County Deputies were notified and were en route to his location. The pursuit continued on County Road G, as it curved southbound, and the vehicle turned left onto county road T. At this point, Officer Hickcock met the pursuit head on and joined as secondary squad.

The vehicle eventually turned west, and then south on 20th Street. When the vehicle reached the T intersection of 20th and Silver Lake Drive, the vehicle drove into a residential driveway.

Strenke and Hickcock continued to pursue the vehicle into the driveway, and the area opened up with a cabin and a garage. Officer Strenke reports the vehicle continued around the garage, where he lost sight of it for a brief moment.

Officer Strenke positioned his squad car northwest of the garage, drew his duty weapon, and carefully rounded the corner, where he observed the suspect vehicle crashed head-on into several down trees. Officer Strenke reports there were no occupants inside.

Officer Strenke, and Officer Hickcock, cleared the vehicle and began searching the area. Officer Strenke reports that not long after, Officer Hickcock observed a female next to a dumpster in close proximity to the vehicle.

When Strenke asked why she fled from the police, Schnacky stated it was because she was scared. Officer Strenke reports he was informed by Dispatch, that Schnacky's driver's license was revoked due to an alcohol-related incident. Dispatch also advised Schnacky had several open cases out of Barron County.

Officer Strenke reports that Schnacky provided inconsistent answers to additional questioning, including not answering when asked if there were other occupants in the vehicle, then indicating that she did not know, and later stated she was a passenger, but not providing a name or other information regarding who else was in the vehicle.

Polk County Deputies deployed their canine to do a search of the area, due to Schnacky's lack of cooperation, and did not pick up any sort of additional trail indicating a second occupant.

An inventory search of the vehicle located a stolen license plate located in the pouch behind the front seat, as well as a small scale, rolling papers, and a small container with a green leafy substance inside the glove box. Officer Strenke reports he later tested the green leafy substance, which yielded a positive result for the pres-

ence of marijuana.

If convicted, Schnacky may be fined not more than \$10,000, or imprisoned no more than three years and six months or both.

Emmanuel Torres, 18, of Cumberland, has been charged with second degree reckless injury, bodily harm, and violating the bond condition prohibiting the defendant from having unsupervised contact with juvenile females outside of his family in Barron County.

On October 31, 2019, police officers with the Barron Police Department, Cameron Police Department, and Barron County Sheriff's Department were dispatched to a report of a stabbing in Anderson Park, located in Barron.

Investigator Emmons reports that, while en route, Barron County Dispatch advised they were on the phone with a male subject who was later identified as Torres, who admitted to stabbing someone. Torres informed dispatch what he was wearing and his location.

Upon arrival, Investigator Emmons observed Torres standing to the east side of the playground equipment. Torres had something in his right hand. Investigator Emmons drew his duty weapon and ordered Torres to drop what he had in his hand and go to the ground. Investigator Emmons and Deputy Schill then handcuffed Torres. Torres told Investigator Emmons that he stabbed two people. Torres said he thought he dropped the knife somewhere between where he was taken into custody, and the two cars that were parked on the westside of the parking lot by the pavilion but didn't know where the knife was. Investigator Emmons reports that he and his K9, along with Deputy Schill, and Deputy Storberg, searched the entire area but were unable to locate the knife. The Barron Fire Department also assisted in the search for the knife, but the knife was not located.

Detective Hagen reports he arrived along with Deputy Schill, and Investigator Emmons. Detective Hagen reports that Torres was immediately identified as the person on the 911 call and was taken into custody by Investigator Emmons and Deputy Schill. Detective Hagen made contact with two stabbing victims, a father and a son.

Detective Hagen observed that the son had a significant amount of blood on his shirt and was bleeding from a large puncture-type laceration consistent with a stab wound in the upper left side of his abdomen. Detective Hagen observed a similar puncture-type wound similarly located in the upper left

side of the father's abdomen. While waiting for ambulances to arrive, Detective Hagen retrieved a first aid kit from his squad and obtained large rolls of gauze for the victims.

The son advised he was stabbed twice, and was told by his doctor that if one of the stab wounds had been a half inch deeper, it could have killed him.

A witness to the fight, said he saw what happened and called 911 immediately. He had been at the skate park, and rode his bike from the skate park, to Anderson Park to meet some friends and hang out. The friends he was hanging out with was the son who got stabbed. The Son's dad was also present there. While they were at the Park, they saw Torres and another kid walking to the park.

The witness stated that when Torres was walking toward Anderson Park, one of the victim's and his friend got into a verbal confrontation with Torres about him being with a 15 year old girl. He also stated that the verbal confrontation started with the victim verbally confronting Torres. Torres was standing by his car door, with the door open as if he was going to get into the car, when the victim started pushing Torres. The verbal confrontation turned into a physical confrontation and this is when Torres stabbed the victim.

The witness heard the victim say something to the effect that he thought Torres had stabbed him. When the dad saw that his son was bleeding, he went after Torres and that is when Torres stabbed him too. That is when the witness called 911.

Detective Hagen reports one of the first responders advised that while he was en route to the scene, he encountered two girls who were walking a few blocks from the park. The first responder indicated that they appeared frazzled and he stopped to talk to them.

Deputy Storberg later located the two girls and transported them to the Sheriff's Department for questioning. One of the girls confirmed that she was with her boyfriend, who she identified as Torres, when they met at Anderson Park. She also stated she observed Torres stab both the victims.

Detective Dexter reports that she spoke with another

girl who was also present at Anderson park when the stabbing happened. She stated that before going to the park, she was supposed to meet her friend at her friend's house, but her friend left and went to see Torres at McDonald's. The girl then went to the park, where one of the victim's was there with his friends.

She stated that she could see her friend and Torres across from her. That is when the victim started screaming at Torres, and some of the others who had been at the skate park, walked down to Anderson Park to see Torres and his girlfriend. The victim, and one of his friends pulled up in a vehicle and the friend started kicking Torres's car door and telling him to take off his glasses.

The girl also stated that the victim was over by the back of Torres's car when the victim punched Torres in the side of the face. She also stated that the victim's dad got in there because he saw that Torres was going after his son. That is when she believes Torres stabbed the victim's dad in the stomach. Torres then went after the son and stabbed him.

If convicted, Torres may be fined not more than \$25,000 or imprisoned not more than 12 years and six months or both.

Sports

Girls Basketball Team Opens Practice for 2019-2020 Season

The Cumberland Girls Basketball Team has opened practice for the 2019-2020 season. The team will be under the direction of new Head Coach, Brian Dutton, who will be assisted by Eric Butzler.

The team will be small in numbers, but hopes to improve on last years 1 and 20 record.

Leading the returning players is Maisen Gores, who was a Honorable Mention All-Conference pick as a freshman. Gores led the HON in rebounding last winter, grabbing 8.1 boards per game. She should also be a major scoring presence for the Cumberland five this

winter.

A few of the other girls with Varsity experience returning to this years team include Mecina Garibaldi, Maya Brenna, JulieAnne Johnson, Anna Ranallo, and Faith Mathison.

The Conference looks to be quite balanced this winter with Ladysmith joining the squads from Hayward and Bloomer as preseason favorites. Cumberland will scrimmage in Elmer Beran Gymnasium this Friday beginning at 5:00 pm. The first regular season game is next Tuesday, when the team hosts Glenwood City in a 7:15 pm start.

Girls returning to help lead this years basketball team are back row from left Mecina Garibaldi, Maisen Gores and Anna Ranallo. Front row from left are JulieAnne Johnson, Maya Brenna and Faith Mathison. Good luck girls!

Northwest Icemen Begin Practice; Open Against DC Everest

The WIAA Co-op Hockey Team, which includes players from Chetek, Shell Lake, Barron, and Cumberland began practice on Monday for the upcoming winter season. The team opens up their season on November 22 in Barron, when they host DC Everest.

Curtis Cutsforth returns as Head Coach on a team that was 12-9-1 last winter. Among those returning to the team from Cumberland include Lucas Anderson, Tyler Bohn, Carter Bickle, Dylan Wackerfuss, and David Johnson.

Anderson contributed three goals and seven as-

sists to the Icemen last year, while Tyler Bohn scored nine points, including five goals. Bickle, meanwhile, had eight assists as these three players will be expected to be heavy contributors on this years team. Cumberland other representatives will also be looked on to play valuable varsity minutes.

The WIAA has gone to two levels for hockey, but the enrollment of the Co-op Icemen has put them into Division 1, where they will be competing against the likes of Eau Claire Memorial, Superior, Hudson and Stevens Point.

Maya Brenna goes in for a lay up during the opening practice for the 2019-2020 season.

Opening Drills!

Cumberland girls going through opening day drills in preparation for the season. Cumberland hopes to get off to a good start next Tuesday night with a home game vs Glenwood City. Tip off is at 7:15.

An Outdoorsman's Journal

by Mark Walters

Eight Days off the Grid

Hello friends,
I recently spent 8-days traveling by canoe and on foot while living in a tent on a bowhunt that took place on backwaters of the Chippewa River in Pepin and Buffalo Counties! Last week I wrote about the first three, this week the final five!

Monday, October 28th
High 38, low 22

The high and low temperature is changing dramatically and I have four days max and I will be iced in. In other words, I could not paddle my canoe back to my truck or walk on the ice as it is too thin. This same thing happened to me last year and it was a situation that would have been pretty cool to have on video as I broke ice with my paddle.

Every day starts out with me in a tent that is lit by a propane lantern. I leave my outerwear hunting clothes outside so they do not take on the smell of camp. I wear these clothes over hipboots and they are always soaked from the waist down and in the morning froze solid which means I have to thaw them out just to wear them.

After getting dressed, I paddle my canoe in the dark for about 3/4's of a mile and what is incredibly cool is the relationship that I am developing with the most concentrated population of beaver that I have ever witnessed.

These beaver see me at the start of my day when it is dark and at the end of the day when it is dark.

Generally I cannot see them, but now they have become so used to me that there are times that there are 2 to 4 of them swimming right next to me and they slap their tails on the water to warn other beaver and now they are so close that it gets me wet. This is very comical.

Today I put a trail camera near their lodge and in one night the camera took one 160 pictures of them working on it. Where I hunt, I must hike in about 600-yards and the beaver are majorly expanding a dam which is flooding the forest. The hike to my stand is pure HE double toothpicks because the wa-

ter is knee to waist deep due to my toothy friends.

So the beaver could get to the forest and stay underwater the entire time, they built a canal which is not much bigger than their body, which is just another display of the beavers work ethic and brains.

When I started this hunt, I was having a lot of action as far as seeing deer, passed up some shots at a good buck and a small buck. One problem was that I was only seeing deer the first and last hour of daylight and the four trail cameras that I have out were not showing any daytime deer movement.

I hunted four different areas and used muskrat droppings for a cover scent so I think it was just that for the time being the deer were nocturnal. This was a real bummer as I was looking forward to this trip for one year as I would be hunting the early rut in an area with lots of whitetail deer where very few humans are willing to spend time.

On the paddle back to camp every night I would open a can of beer and just enjoy the ride and of course the beaver trying to intimidate me. At the tent I would get rid of my hunting clothes, and cook a very good meal, such as steaks from a 10-point buck that I whacked last year, walleye that I caught in Canada, and chicken thighs.

On the final hunt I had a very good feeling as I was hunting near a hot scrape. I was in my stand over an hour before daylight and what I am sure was a buck came to the scrape just as I got comfortable.

As night was becoming day, a deer came to the scrape without warning. I had been in my tree almost 90 minutes, it was 20 degrees and the deer was a good buck at 12-yards. I went to pull my bow back and my shoulder or something in my shoulder literally locked up, in mid pull.

I got my defect to work but the damage was done, the buck hung out in my area at 15-yards for a good five minutes but was in too much cover for me to take a shot.

That experience got me thinking on a decision that I have to make, and on the canoe trip back to

Walters paddling out at the end of his swamp country getaway!

This trail was made by beavers to swim from open water into the forest!

camp I broke ice, which was my sign that I needed to break camp and head to civilization.

In reality the deer add up as do the fish, no cares about the buck that got away!

Sunset

DATCP: Hunters and Firewood: Buy It Where You Burn It

Hunters, if the supply list for your trip up north this deer season includes firewood, cross it off right now. Instead, wait until you get there to buy it local, or pick up some certified firewood on the way.

That's because it is sometimes illegal and always a bad idea to move firewood from county to county, unless it's certified by the Wisconsin Department of Agriculture, Trade and Consumer Protection. Firewood can carry pests and diseases in the form of gypsy moth egg masses, emerald ash borer larvae and the fun-

gus that causes oak wilt. It could even harbor pests and diseases we have not yet detected in Wisconsin.

"Gypsy moth and emerald ash borer are two of the most destructive pests in North America," says Brian Kuhn, director of the Plant Industry Bureau in the Wisconsin Department of Agriculture, Trade and Consumer Protection. "Gypsy moth poses a broad threat, attacking hundreds of different tree and shrub species. Emerald ash borers attack only ash trees in Wisconsin, but ash provides wildlife habitat and other

environmental benefits, lines the streets in many communities, and is one of our highest-value woods, accounting for many of our timber exports. It's also culturally important to Native Americans.

"Along with providing habitat for whitetail deer, our northern forests provide many jobs, both in the timber industry and tourism. And tree cover protects the soil, preventing erosion and runoff to lakes and streams. So, it protects water quality and fish habitat, too."

Hardwood firewood cannot be carried legally from

counties quarantined for gypsy moth to non-quarantined areas. Fifty counties in Wisconsin are quarantined for gypsy moth. A map showing the quarantined counties is available online at <https://datcp.wi.gov/Documents/GMQuarantineMap.pdf>.

Even though all of Wisconsin is under quarantine for emerald ash borer, we have not detected the insect in the majority of the state's forests. Moving firewood to these areas could accelerate the spread of emerald ash borer to uninfested areas.

The Department of Nat-

ural Resources prohibits bringing firewood onto state lands from more than 10 miles away, and the U.S. Forest Service prohibits bringing firewood into the Chequamegon-Nicolet National Forest from more than 25 miles away.

The only exception to these prohibitions is for firewood that has been certified by the Wisconsin Department of Agriculture, Trade and Consumer Protection as having been treated to destroy pests. Certified firewood is clearly labeled. A list of certified firewood dealers is available online

at <https://datcp.wi.gov/Documents/CertifiedFirewoodDealers.pdf>. Certified firewood is also often available at convenience stores and other places selling firewood.

Remember:

- Buy firewood with the DATCP-certified label, or
- Gather or buy your firewood at your destination.
- Use all the firewood you obtain and don't take any home with you, unless it is certified.

Academic All State!

Nick Walters Named Academic All-State

Nick Walters

Cumberland Senior Nick Walters has been named to the 2019 Academic All-State Football Team by the Wisconsin Football Coaches Association. Walters has a 3.86 cumulative grade point and will be attending UW-Eau Claire next fall. To be named Academic All-State, a player must be a varsity letter winner, a Senior, and maintain a grade point average of over 3.75. Walters had two interceptions this fall as a defensive back on the 8 and 2 Beavers team.

OBITUARIES

Irene M. Hansen

Irene M. Hansen, 97, of Cumberland passed peacefully, October 7, 2019, at Care and Rehab-Cumberland. She was born in McKinley on May 23, 1922 to Maurice and Matti (Paulson) Berklund. Irene was married in Lindstrom, MN on May 11, 1942, to Arnold E. "Chuck" Hansen who preceded her in death on February 11, 2013.

Irene worked at Pioneer Home in Luck and retired in 1985. She enjoyed spending time in her flower and vegetable gardens, watching and feeding the birds by the lake, and working on crossword puzzles. Irene was a talented seamstress. Arnold and Irene went on many grand adventures in Alaska and through-

out the west. They had a special love for the mountains. Irene was greatly blessed to spend her life with her family and friends at her beloved home on Grenquist Lake in McKinley Township.

Irene is survived by her daughter, Lori Hansen of New Richmond; son, Tom (Cathy) Hansen of Rice Lake; son-in-law, John Vernon of Victoria, BC; six grandchildren: Heather Hansen, Josh (Kim) Kluge, Andrea Hansen, Ryan (Mary) Hansen, Johnny (Megan) Vernon and Kristen (Sean) Gabriel; seven great-grandchildren: Lucas, Simon and Jane Hansen; Charlie, Anna, and Maddy Kluge; and Daniel Hansen. She was preceded in death by her husband, Arnold Hansen; daughter, Raedean Vernon; and her siblings.

A memorial service was held at the Trinity Lutheran Church in McKinley on November 9, 2019, with Rev. Diane House officiating. Burial will be in McKinley Cemetery.

Edna Lenore Hines

Edna Lenore Hines, 87, of Cumberland died Monday, November 4, 2019, at her home. She was born November 5, 1931, at home north of Ellsworth, WI, to Sigvert and Ida (Jenson) Erlanson, was raised there and graduated from Ellsworth High School. After completing her X-Ray Tech certification, Edna moved to Cumberland where she worked for the hospital. She was married in Pine City, MN on August 14, 1964, to Benjamin Hines. After several years with the hospital, she began a long career at Cumberland Telephone, which eventually became Centurylink. Edna was an active member of Augustana Lutheran Church, volun-

teering as a Sunday School teacher when her children were young.

She is survived by her husband, Ben of Cumberland; two children: Tim of Siren and Kathleen (Rodney) Anderson of Tampa, FL; two granddaughters: Amanda and Rayne Anderson; step-granddaughter, Aubrey (Imran) Burki; great-granddaughter, Adira; three step-great-grandsons; nieces, nephews, other relatives, and friends. Edna was preceded in death by four brothers and two sisters.

A Memorial Service was held on Monday, November 11, 2019, at Augustana Lutheran Church in Cumberland with Pastor Shane Anderson officiating and burial at Lakeside Cemetery.

Barbie Sturgal
8/16/63-11/19/15

Today is like any other day. I have special thoughts of you, of the happy times we shared together and the love that we once knew.

For you were someone special and thought so highly of. You will always be remembered with affection and so much love

I've been sending prayers to heaven since the day you went away, and hope you know you're sadly missed more than words can say.

I Loved you Then...I Love you Now
I will Love you Forever.

Church Directory

"Psalm 100 reminds us where to direct our thanks"

by Rev. Diane House

Trinity Lutheran Church in McKinley

Psalm 100 declares:

"Make a joyful noise to the Lord, all the earth.

Worship the Lord with gladness;

come into God's presence with singing.

Know that the Lord is God.

It is God that made us, and we are God's;

we are God's people, and the sheep of God's pasture.

Enter God's gates with thanksgiving,

and God's courts with praise.

Give thanks to God, Bless God's name.

For the Lord is good; God's steadfast love

endures forever, and God's faithfulness

to all generations."

I have noticed that during November, many people make lists of all that they are thankful for: their homes, their families, food to eat, reliable cars and other machines that make life easier. These are all wonderful blessing for which to be thankful.

The words of Psalm 100 remind us where to direct our thanks for all our many blessings. God abundantly provides all that we need for life. God's blessings and providing are not merely personal, though. God is faithful to a ll generations, the Psalmist reminds us. God made all people and we are all beloved of God.

As we go about our lives in God's world remember who it is that has created all things and who it is that sustains all of creation. The blessings that are ours are not for us to horde. We are to share out of our abundance with those who are in need. That is the most thankful response to everything God has blessed us with!

The busy holiday season is about to begin. As we prepare our hearts and homes for the arrival of the Savior, may we be generous and joyful is showing our thanks. Know that the Lord is God and may we bless God's holy name in all we do.

PUBLIC NOTICES

Ordinance 728

An Ordinance to Change 7.085 – All-Terrain Vehicles and Off-Road Motor Vehicle Operation.

The Common Council of the City of Cumberland do ordain as follows:

SECTION ONE. Section 7.085 of the Municipal Code of the City of Cumberland is hereby changed to read as follows.

7.085 - ALL-TERRAIN VEHICLES AND OFF-ROAD MOTOR VEHICLE OPERATION. (Cr. #524; Am. #590)

(1) ADOPTION OF STATE ALL-TERRAIN VEHICLE LAWS. The provisions describing and defining regulations with respect to all-terrain vehicles in the following enumerated subsections of § 23.33, Wis. Stats., and any future amendments or revisions, are adopted by reference and made part of this article as if fully set forth in this section. Any acts required to be performed by the following statutory subsections or which are prohibited by such statutory subsections are required to be performed by this section or are prohibited by this section:

- § 23.33(1) Definitions (including subsections (a) through (n)).
- § 23.33(2) Registration.
- § 23.33(3) Rules of operation (including subsections (a) through (i)).
- § 23.33(3g) Use of headgear.
- § 23.33(4) Operation on or near highway (including subsections (a) through (e)).
- § 23.33(4c) Intoxicated operation.
- § 23.33(4l) Implied consent.
- § 23.33(4x) Officer's action after arrest.
- § 23.33(5)(a), (c) Age restrictions.
- § 23.33(6) Equipment requirements (including subsections (a) through (e)).
- § 23.33(7) Accidents (including subsections (a) and (b)).

(2) UNAUTHORIZED OPERATION OF MOTOR VEHICLES.

(a) Findings.

1. The unauthorized off-road operation of motor vehicles has resulted in serious damage to public and private lands, including damage or destruction of vegetation, animal life and improvement to the lands;

2. The unauthorized off-road operation of motor vehicles has resulted in the permanent scarring of land and an increase in both erosion and air pollution;

3. The unauthorized off-road operation of motor vehicles has resulted in collisions and near collisions threatening the life and safety of the operators of such vehicles as well as of other persons.

4. The unauthorized off-road operation of motor vehicles has resulted in a loss of the privacy, quietude and serenity to which the owners and users of land are rightfully entitled.

(b) Definitions. The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning;

Unauthorized means without the express prior consent of the owner, lessee, manager or other person authorized to give consent by the owner or lessee of land. Authorization shall not be implied from a failure to post private or public land.

Off-road means any location which is:

1. Not a paved or maintained public street or alley;
2. Not used or maintained by the owner or lessee of land as a driveway, parking lot or other way for motor vehicles; or
3. A private trail for use only by the owner or his permittee for recreational or other vehicular use.

Off-road shall not include any creek bed, riverbed or lake; provided, however, that this definition shall not apply to snowmobiles or other vehicles being operated on the ice covering such creek bed, riverbed or lake.

Operation means the physical manipulation or activation of any of the controls of a motor vehicle necessary to put it in motion.

Motor vehicle means any vehicle which is self-propelled and shall include, but not be limited to, automobiles, trucks, jeeps, vans, motorcycles, motorbikes, go-karts, motorized three-wheeled vehicles, all-terrain vehicles, mopeds, snowmobiles, dune buggies and tractors. Motor vehicle shall not mean any airplane, railroad train, boat, wheelchair or bicycle. A vehicle which would otherwise be defined as a motor vehicle under this section shall not be so defined while:

1. It is being operated solely for the purpose of construction or maintenance of an improvement to land or solely for access to construction or maintenance sites, provided that such operation is by persons having legitimate business on such lands or sites.

2. It is being operated by or at the direction of public employees or utility company employees as part of their employment duties.

3. It is being operated by the holder of an easement or right of access on or over the land on which the operation is occurring or the holder's employee or agents.

(c) Unauthorized Off-Road Operation.

1. The unauthorized off-road operation of a motor vehicle is prohibited.

2. Except for authorized maintenance vehicles and snowmobiles or all-terrain vehicles operating in areas authorized by the common council, it shall be unlawful to operate any mini-bike, go-kart, all-terrain vehicle or any other motor-driven craft or vehicle principally manufactured for off-highway use on the city streets, alleys, parks, sidewalks, bikeways, parking lots or on any public lands or private lands or parking lots held open to the public. The operator shall at all times have the written consent of the owner before operation of such craft or vehicle on private lands.

(3) RULES OF OPERATION OF ALL-TERRAIN VEHICLES AND OFF-ROAD MOTOR VEHICLES. (Am. #602) In addition to § 23.33, Wis. Stats. as adopted in subsection (1), the following rules of operation apply:

(a) All operators born after 01/01/1988 must have a Department of Natural Resources All-Terrain Vehicle Safety Training Certificate.

(b) A helmet is required for all operators under the age of 18.

(c) No passengers are permitted at any time for operators under the age of 18.

(d) The towing of any vehicle or object is prohibited.

(e) It shall be unlawful for any operator to "block" traffic on a highway, road or intersection for the purpose of allowing other all-terrain vehicles or off-road motor vehicles to cross that highway, road or intersection.

(f) The speed limit on any designated route is 10 miles per hour. Any excess speed, display of power, or action which causes any of the vehicles' wheels to break contact with the ground is prohibited.

(g) All operators are required to stop for any law enforcement officer or law enforcement vehicle when directed to do so. Failure to stop will result in a minimum fine/forfeiture of \$500 plus court costs.

(4) ALL-TERRAIN VEHICLE ROUTES. The route(s) in (b) are designated pursuant to City authority as authorized by Wis. Stats. § 23.33(8)(b). Further, Wis. Stats. § 23.33(11)(am)4 and Wis. Stats. § 23.33(4)(d)3.b and 11(am)3, allow the City to create ordinances to authorize the operation of all-terrain vehicles on roadways that are within the territorial boundary of the City shown in. These routes are enumerated in (c).

(a) Access and Hours of Operation. (Am. #621)

1. Reserved.

2. The time of operation for designated all-terrain vehicle route(s) in the City of Cumberland shall be from 7:00 a.m. till 10:00 p.m. of each day. It shall be unlawful to operate an all-terrain vehicle outside the designated hours of operation. (Am. #602; #623)

3. This section strictly prohibits access to designated all-

terrain vehicle route(s) by traversing any highway, roadway or alleyway from a resident's home to any point on the designated route(s).

4. All designated ATV routes will be closed Wednesday through Sunday of each August during the week of the Rutabaga Festival. (Cr. #608)

(b) (i) Designated Routes. Except as set forth in (ii) of this subsection, all City streets are hereby designated All-Terrain Vehicle Routes.

(ii) Exceptions. The following City streets are NOT designated All-Terrain Vehicle Routes:

- A.b Elm Street from the westerly City limits to 2nd Avenue;
- B.b 2nd Avenue from Elm Street to Superior Avenue;
- C.b Superior Avenue between 2nd Avenue and Arcade Avenue

- D.b Superior Avenue from Nedvidek Street to the northerly City limit;
- E.b All roadways lying within Eagle Point, including Island Avenue and any other roadways within such Park.

(c) Wis. Stats. § (4)(d)3.b and (11)(am)3 allows:

(i) Elm Street from the 25/45mph speed limit transition to 7th Street

(ii) Superior Avenue between Arcade Avenue and Nedvidek Street

Wis. Stats. § (11)(am)4 allows:

(iii) Elm Street from 2nd Avenue to the 25/45mph speed limit transition

(d) Placement of Signs Indicating Route(s). (Cr. #608) ATV route(s) in the City of Cumberland must be properly marked in accordance with § 23.33(8)(e), Wis. Stats. Signs must be erected no sooner than the first day of the ATV operating season and must be removed immediately at the close of the operating season. When closed during the week of the Rutabaga Festival, all signs will be covered in a manner that will conceal their identity and purpose.

(5) PENALTIES. In addition to the penalties set forth in §23.33, Wis. Stats. any person who violates the provisions of this section shall be subject to a penalty as provided in § 25.04 of this Code.

SECTION TWO. Effective Date. This ordinance shall take effect upon passage and publication as provided by law.

PASSED, ADOPTED AND APPROVED this 5th day of February, 2019.

Albert B. Skinner, Jr., Mayor

Date Adopted: February 5, 2019
Date Published: November 13, 2019
Effective Date: November 14, 2019

ATTEST:

These ordinances were passed by the Common Council of the City of Cumberland, Barron County, Wisconsin, at a duly noticed and convened regular meetings held on February 5, 2019.

Julie Kessler, Clerk-Treasurer
City of Cumberland

I think it's time to welcome everyone to winter, darn it. I keep waiting for our nice Indian summer, but it doesn't sound like we are going to get it this year. We had been so busy with other stuff that we didn't get around to raking leaves and getting the flower beds cleaned, and now it looks like we will have to do it in the spring.

Pastor Todd opened worship service this Sunday with a tribute to veterans and current military personnel. He spoke about WWI - or "The Great War" as it was called back in its day. His grandfather served in WWI in France in Wisconsin's Blackhawk Division. He also had a list of soldiers from this area who were casualties of the war from the book "Wisconsin Gold Star List." William and Wanda Theese, residents of Barronett, lost two sons in the war. John died of pneumonia in France in 1916, and William died of wounds received in battle in 1918. The other Barronett casualty was William Johnson, who died of wounds received in battle. Three young men from Barronett who never came home to their families. It's so sad that we humans still haven't found a way to solve our differences without violence and mayhem after so many young men gave their lives in the "war to end all wars."

The congregation of Barronett Lutheran would like to thank Pastor Karen for filling in for Geri Pittman on the organ on Sunday

morning. It's always wonderful to have Pastor Karen with us.

Shirley Overvig drove up from River Falls on Saturday to check out the bazaar at the American Legion in Cumberland and visit with friends. She and Merl think that the bread that Vivian makes is to die for, so the first thing she did was head for Vivian's table and buy almost all the bread that she had. After she left the bazaar, she stopped by to visit with Dick and Ruth Grover for a while. And then she called Geri Pittman and she and Geri stopped by to visit with me. We had such a nice visit - I wish Shirley still lived just down the road so that we could do it more often, but I know she and Merl love living in River Falls. One really neat thing about their new home is that it is close to the church that Merl's grandmother attended. It's a little country church, kind of like Barronett Lutheran, and Merl and Shirley are now members there. They just stumbled onto the church when they were looking for a new church after their move, and when they found out that Merl's grandmother had been baptized and confirmed there they decided that was the one for them.

I did get in touch with Peg Thompson this past week about Terry Goodrich's story, but she said that she didn't remember it, so I will tell you just as Terry told me. Seems that someone had pulled the bell rope

too hard and the bell had flipped over and wouldn't ring any more, so the rope was the perfect thing to swing around on, play Tarzan, you know, the regular little kid stuff. Anyway, one day a student, I'm not going to mention his name because I haven't had permission for that, but his initials are RC, found a great use for the rope. He had brought a very real looking plastic machine gun to school, which was allowed back at that time, and he had climbed up the rope, swinging over the steps, and was shooting the gun at various targets. Now, trust me on this, neither Terry nor I are suggesting that this should be tolerated in this day and age, but he just wanted to tell the story to let younger people know that, at one time, we did know the difference between reality and "let's pretend" played by little guys during recess.

Richard Pieper and his Green Bay Thunderbirds bowling teammates, Terry, Tim and Charlie, traveled to Wausau on Saturday to compete in the Special Olympics bowling tournament. The team did their very best but were not able to bring home a medal. The guys are okay with that, they were just very excited and happy to be able to compete at State this year. They plan to train hard and try again next year.

Sue Meier, Anita Lehmann, Pat Olson and I were among the many people at the Method-

ist Church's bazaar last Wednesday. There were lots and lots of baked goods and craft items there, but I was especially happy to see the crocheted scouring pads made by one of the Methodist women. I had bought some last year at Our Savior's, but they were wearing out. Now I should be set for a year again. And, of course, we had to sit, visit for a while, and have some of the delicious breakfast rolls the ladies had made. It was breakfast time, but Anita decided she had to try a piece of lemon pie that Debbie Lehmann had made. She said it was delicious - it certainly looked like it was.

Jerry Marsh and his girlfriend, Kalie, came over to our house on Sunday morning and made omelets for everyone. It was great! We came home from church, relaxed and let them wait on us. That afternoon Jerry and Kalie went to Suzy and Ryan Lehmann's house to watch the Packer game. Duane and I aren't allowed anywhere near them during Packer games because Duane is a Viking fan, so we had to watch it at home all alone. It was a great game, though, wasn't it? And the Viking game was even better - a real nail-biter right to the bitter end.

That's about all I know from Barronett this week. Remember, next Friday, November 15th, is the Hunters' Supper and Fun at Barronett Community Center. Be sure to mark it on your calendar.

Dementia 101 Presentation: November 20th in Barronett

Learn all about dementia, a term used to describe a decline in brain function at this free presentation by Trisha Witham, dementia care specialist.

Two Dementia 101 presentations will be held at the Barronett Community Center, 2971 8th St. on November 20th at 1:30-2:30 p.m. or 3:30-4:30 p.m.

Whether you are helping a loved one, work with the public, or other professional—or would just like to know more, this may be right for you. The session will cover the difference between Alzheimer's and dementia, the signs and symptoms of dementia, and an overview of the most common types of dementia, and

how it affects the various parts of the brain. No registration required. For questions, call the Aging

& Disability Resource Center, 715-537-6225 or by email, trisha.witham@co.barron.wi.us.

Library Happenings...

Native American photographs, articles of clothing, beaded art, birch bark baskets and other items are on display. Thank you to Dar Hart, Jeanette Rydberg and Karen Couch for organizing this attractive display which represents the rich culture of the St. Croix Band of Ojibwe and the Maple Plain Community.

Dar Hart will be volunteering her time to demonstrate her art of beading on Tuesdays from 3:00 - 5:30 PM during the month of No-

vember. She welcomes patrons to view first-hand this intricate process and learn more about her heritage.

Lastly, on this Veterans Day, the library staff joins the community in paying tribute to all our veterans who serve our country. Veterans Day is a good time to remember that our freedom isn't guaranteed, it's protected by the men and women in our Armed Services.

To those heroes who secure our way of life... thank you!

WINTER PARKING REGULATIONS
 There will be no parking on any city street between the hours of 2:30 a.m. and 6:00 a.m. on any day between November 1 through April 1. Violators may be ticketed or towed.
