Suspect in Custody Following High Speed Chase from Rice Lake to Cumberland

A lengthy car chase which started in Rice Lake on Friday, January 6, at 8:59 pm, ended with the suspect being tased and tackled at the 4 corners in Cumberland near the Corner Bar. According

Jason W. Ladd

to the Barron County Call log, a traffic stop was being conducted near Walmart when the suspect began to speed away. The subject ran a stop sign near Walmart. The suspect proceeded north bound on 19th Street and 20th Avenue. Speeds of 100 mph were observed. The suspect vehicle then went westbound on Highway 48 reaching speeds of 118 mph. The suspect allegedly passed oncoming traffic on the shoulder.

The suspect, Jason W. Ladd has been charged with 2nd Degree reckless endanger, knowingly flee an officer and resisting or obstructing an officer, Substantial bodily harm-soft tissue injury. Cumberland Police Chief Heather Wolfe released the following statement:

On Friday, January 6, 2023 a pursuit of a vehicle was initiated in Rice Lake. The operator failed to stop for law enforcement and continued westbound on Highway 48 toward Cumberland at speeds in excess of 100mph. Cumberland Officers set up tire deflation devices on Elm Street before the bridge and after the bridge. The operator struck both tire deflation devices and his vehicle was disabled. The operator fled from the vehicle and began running toward Corner Bar where several patrons were. Officers attempted to subdue the suspect using a taser which was unsuccessful. An Officer with Rice Lake Police Department had to tackle the suspect to the ground before he reached the busy downtown area and he was successfully taken into custody. Great job to Cumberland Officers for successfully disabling the vehicle and great job to Rice Lake Police Department, Barron County Sheriff's Office, and State Patrol for stopping this subject before he hurt himself or someone else!

Bus Fire!

A coach bus carrying a college wrestling team from Milwaukee started on fire and was a complete loss.

Coach Bus Catches Fire on Highway 53; No Injuries

On Saturday, January 7, 2023, at 7:45 p.m., the Barron County 911 Center received a call of a coach bus on fire on Hwy 53 just south of the Barron exit.

Deputies from the Barron County Sheriff's Department along with the Cameron Fire Department, MMC Ambulance, Barron and Cameron Police Departments and the WI State Patrol responded to the scene.

Initial investigation shows the coach bus out of the Milwaukee area started on fire in the rear of the bus, possibly with the brake system in the rear tires. Fifteen athletes, a coach and his son and the bus driver, all from the Milwaukee School of Engineering on the way home from a wrestling meet, escaped off the bus with no injuries. The bus and all its contents were a total loss.

The team and driver were transported to the Barron County Sheriff's Department where they feasted on some jail snack packs and sandwiches and waited for a new bus to pick them up and transport them back to Milwaukee.

Hwy 53 was closed by for approximately two hours with the help of the Barron County Hwy Department. The bus was removed with the help of S and R Towing.

Per Chris Fitzgerald, Barron County Sheriff

Pole Shed Fire in Turtle Lake Results in Fatality

On Monday, January 9, 2023, at 5:57 p.m., the Barron County 911 Center received a call of a structure fire at 1285 2nd Street, Turtle Lake. The report came in that a male subject may still be in the residence. Deputies from the Barron County Sheriff's Department along with the Turtle Lake Fire Department, Cumberland Ambulance, Turtle Lake Police Department and the WI State Patrol all responded to the scene.

The Turtle Lake Fire Department upon arrival started an immediate attack on the fire and search for the male subject. They were met with heavy smoke and heat which hindered the search. About one hour into the attack a male subject was found deceased in the residence as well as a family pet.

The male is 56 years old and owner the residence. A female, wife of victim, had escaped the fire and was the caller of the fire. She was treated and released at the scene for smoke inhalation.

The fire remains under investigation by the Barron County Sheriff's Department, Turtle Lake Fire Department and Rusk County Sheriff's Department Certified Fire Investigator. No foul play is suspected.

Our thoughts and prayers are with the family and the name is not being released pending family notification.

Per Chris Fitzgerald, Barron County Sheriff

Apartment Fire!

The Cumberland Fire Department was called to 1434 2nd Ave, on Main Street in Cumberland at 3:16 am, Thursday, January 5th. An electrical fire upstairs in the front apartment started in the ceiling. The Fire Department was able to stop the fire from spreading to other units, although some smoke damage did occur. All 13 residents of the apartments escaped without injury. On Friday morning, at 7:36 am, the Fire Department was called to 1874 4th Street in Comstock for a car fire. The car was a complete loss but no other damage was done.

Island Inn Motel Owners take in 13 People after a Fire

On January 5, 2023, at approximately 3:00 am, a fire occurred at 1434 2nd Avenue which displaced 13 people, including several children. The families didn't have anywhere to stay after the fire, so the new owners of Island Inn Motel were contacted by law enforcement, and without hesitation, agreed to let the families stay at Island Inn Motel until additional accommodations could be made for them. We wanted to show support to Island Inn for their kindness and

Northwoods Notebook: The generous community is coming through again *By Larry Werner*

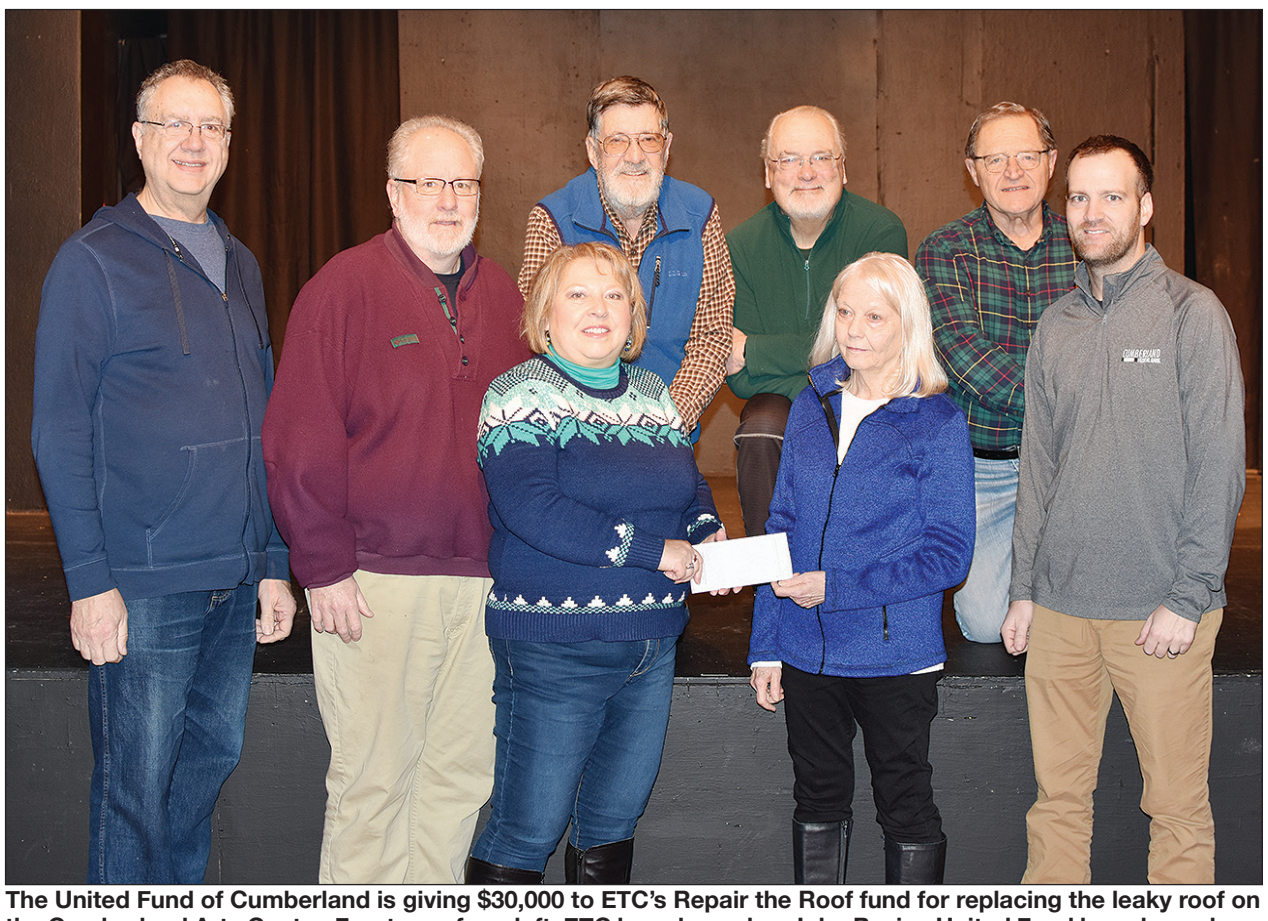

For several years, the ETC board of directors has discussed the leaky roof on the Cumberland Arts Center and when we should tackle a fundraiser to replace it. Several months ago, the board voted to go for it, and a former resident — daughter of Mike and Paula Clay — pledged a $10,000 matching-fund grant.

Shortly before that, Barron Electric gave $1,500, and individuals then started coming forward with gifts to match Dr. Brenda Jenson's 10 grand: a thousand from this person, fifteen hundred from another, two thousand from another, another thousand from that couple.

Then Lori Bock, president of the arts council, got word of a couple biggies. United Fund voted to

Eagle Scout!

Turtle Lake Boy Scout Troop 59 held an Eagle Scout Court of Honor on Sunday, October 16, 2022 at Scoutland north of Cumberland. Earning the rank of Eagle Scout was Matthew Muench, son of William and Andrea Muench. Matthew's Eagle Service Project was to plan and oversee construction of a 16 obstacle, K9 agility course. It included various jumps, catwalks, ramps, tunnels and stairs for the animals to train on. It also featured six, 4' X 4' enclosed boxes to conceal a fugitive for the K9 to locate. Matthew is a Senior at Turtle Lake High School and is currently employed at Louie's Finer Meats. Matthew is the 9th local Muench to earn the rank of Eagle. He joins his father William, Uncles Louis E., James and John and cousins Louis K., Travis, Eric and Shawn.

Ice Castle Geyser

As most people realize we have had quite a lot of snow this winter. Our church, Timberland Ringebu Free Lutheran Church, experienced a phenomenon over our well that was a result of the heavy snow. Our lot is plowed, as most parking lots are, and the snow gets piled up near the outer edges. It appears that the snow was piled up quite high over our wellhead where our pressure gage and shutoff valve are located. Evidently over time the weight of the snow settled and broke off a small pipe that went to the shutoff valve. As the pressure dropped from the leak, the well pump kicked in and sprayed water for what turned out to be several days. It was obviously spraying under this large pile of snow (undetected) for a period of time. It was not until the blue color (what you see in glaciers in Alaska) was noticed in the snow/ice formation that seemed to be growing from the water spewing out of the broken pipe. This large ice formation had grown to about eight tall and about 25 feet across. This ice formation resembled the geysers that you can see in Yellowstone Park. Action was taken to resolve the problem. This did occur just after Christmas and if you recall it was quite cold during this time. There was a large hollow inside this "geyser-like" formation so work could be done on the severed pipe but getting in and out of the "geyser" was treacherous. One worker coming out of the interior, slid down the glazed slope like a sled racer at the Olympics. Through the efforts of several dedicated workers, the repair work was done. One observer said that it reminded him of "Old Faithful". I agree that the analogy is right on as the church itself is old (well over 100 years) and has been faithful to our parishioners. And now we a have large ice formation (hopefully it will be gone by June) to remind us of that.

Ice Geyser!

This ice formation resembles the Geysers from Yellowstone National Park. This picture was taken by Wayne Romsos at Timberland Ringebu Free Lutheran Church in Timberland.

Family Tradition!

Being a Boy Scout is a family tradition for the Muench Family. There are a total of nine Muench's to earn the rank of an Eagle Scout. Pictured from left to right are: John Muench, Eric Muench, Louie Muench, Louis Muench, Matthew Muench, Bill Muench and (new to scouting) Johnathan Muench. Not Pictured are Jim Muench, Travis Muench and Shawn Muench.

ALL NIGHT PARKING PROHIBITED

Cumberland Mites traveled to Siren on Sunday, January 8 to take part in a jamboree hosted by the Burnett Blizzard, and won all 3 of their games. The kids continue to make tremendous progress thanks to the dedicated coaches, parents, and support of the hockey association. Both the U8 and U6 players, as well as some of the Learn to Play Hockey players also showed off their skills with a scrimmage on Saturday during the Peewee tournament held this weekend in Cumberland.

Start The New Year By Enrolling In A Learn To Hunt Or Learn To Fish Program

Winter has settled in, bringing exciting winter hunting and fishing opportunities in Wisconsin.

If you're interested but not sure how to get started, consider participating in DNR Learn to Hunt and Learn to Fish programs. These programs are intended for novice audiences and are family friendly. Parents are encouraged to participate with the kids so future outings become a family affair.

The department also tailors some programs exclusively for under-represented participants, including adult-only events.

All the programs provide a unique outdoor experience, fresh air and exercise, and the opportunity to feed your family and friends.

Hunting program registration is available online. Programs available include:

- Learn to Butcher & Process Deer
- Learn to Hunt Rabbits with Beagles
- Learn to Hunt Squirrel
- How to Cook Wild Game
- Additionally, don't forget about Wisconsin's Free Fishing weekend on Jan. 21-22.

Time To Renew Your ATV/UTV Registration

Renew your registration at GoWild.WI.Gov. It's fast, easy and you will have your new decals in-hand quickly. If you need help renewing online, visit our tutorial. Registration is due by March 31, 2023.

After making your electronic payment, be sure to continue until you arrive at the Order Receipt. To print a copy of your temporary operating receipt, click on the yellow "Receipt and License Documents" button.

Have you sold or junked this ATV or UTV? You can update the vehicle's information online.

You can find more information about ATV/UTV requirements and ATV/UTV regulations online.

You may also renew at a partnering sales agent or wait for a renewal notice to be sent to you via regular postal mail.

PUBLIC NOTICES

NOTICE OF PENDING APPLICATION FOR PROPOSED DREDGING

Tom Schroeder, on behalf of the Beaver Dam Lake District, PO Box 232, Cumberland, WI 54829 has applied to the Department of Natural Resources for a permit to dredge in an existing man made channel in Beaver Dam Lake. The project is located in the SE 1/4, SE 1/4, Section 01 Township 35N, Range 14W located in the City of Cumberland, Barron County.

The purpose of this project is to remove accumulated sediment that has settled in the east channel of what is locally known as Wickre Harbor. Restoring the channel to the original design that was constructed in 1964. The project consists of dredging approximately 400 lineal feet of channel to have an approximate depth of 6-feet. Over the past 58 years sediment has filled in the channel making watercraft navigation impossible. The proposal is to dredge/remove 3,812 cubic yards of sediment from the channel. The channel would have side slopes of 3 going down to an elevation of 1225.0. which would be consistent with the original design from 1964.

The Department will review the proposal provided by the applicant and any information from public comments and the public informational hearing. The Department will determine whether the proposal complies with ss. 1.11, 30.12 and 30.208, Stats., and ch. NR 150, Wis. Adm. Code, and ensure that the required mitigation meets the standards in s. 281.36(3r), Stats. if the project impacts wetlands.

The Department has made a tentative determination that it will issue the permit or contract for the proposed activity.

If you would like to know more about this project or would like to see the application and plans, please visit the Department's permit tracking website at https://permits.dnr.wi.gov/water/SitePages/Permit%20Search.aspx and search for Schroeder.

Reasonable accommodation, including the provision of informational material in an alternative format, will be provided for qualified individuals with disabilities upon request.

Any person may submit comments and/or request a public informational hearing by emailing Dan.Harrington@wisconsin.gov, over the phone at (715) 733-0019, or writing to Dan Harrington, 810 West Maple Street, , Spooner, WI 54801 by U.S. mail. If you are submitting general comments on the proposal, they must be emailed, verbalized, or postmarked within 30 days after the date this notice is published on the Department's website. If you are requesting a public informational hearing, the request must be emailed, verbalized, or postmarked within 20 days after the date this notice is published on the Department's website. A request for hearing must include the docket number or applicant name and specify the issues that the party desires to be addressed at the informational hearing.

If no hearing is requested, the Department may issue its decision without a hearing. If a public informational hearing is held, comments must be postmarked no later than 10 days following the date on which the hearing is completed.

NOTICE OF PENDING APPLICATION FOR PROPOSED ROCK RIPRAP

Joshua Johnson, 1424 22nd Ave, Rice Lake, WI, 54868, has applied to the Department of Natural Resources for a permit to place rock riprap on the shoreline of Beaver Dam Lake. The project is located in SW 1/4, SW 1/4, Section 31, Township 36N, Range 13W in the City of Cumberland, Barron County.

The proposed project is to clear and stabilize 135 linear feet of shoreline along Beaver Dam Lake with 15 cubic yards of 3-6" Dresser Traprock, installed 5- feet below the Ordinary High Water Mark on the back of the property, and up to 0.928-feet above the OHWM for storm wave protection. Filter fabric will be used under the rock to help stabilize the soil. The upper shoreline above the OHWM will be permanently vegetated by seeding with no-mow fescue and covered with erosion control netting upon project completion. A materials storage area will be set up in the front yard for disposal of materials removed from the shoreline, to be hauled away as well as delivery of the rip- rap to keep debris and dust to a minimum from entering Beaver Dam Lake. Temporary erosion fencing is already in place and will remain along the bank until the project is completed.

The Department will review the proposal provided by the applicant and any information from public comments and the public informational hearing. The Department will determine whether the proposal complies with ss. 1.11, 30.12 and 30.208, Stats., and ch. NR 150, Wis. Adm. Code, and ensure that the required mitigation meets the standards in s. 281.36(3r), Stats. if the project impacts wetlands.

The Department has made a tentative determination that it will issue the permit for the proposed activity.

If you would like to know more about this project or would like to see the application and plans, please visit the Department's permit tracking website at https://permits.dnr.wi.gov/water/SitePages/Permit%20Search.aspx and search for WP-IP-NO-2022-3-X12-01T16-16-51.

Reasonable accommodation, including the provision of informational material in an alternative format, will be provided for qualified individuals with disabilities upon request.

Any person may submit comments and/or request a public informational hearing by emailing Dan.Harrington@wisconsin.gov, over the phone at (715) 733-0019, or writing to Dan Harrington, 810 West Maple Street, Spooner, WI 54801 by U.S. mail. If you are submitting general comments on the proposal, they must be emailed, verbalized, or postmarked within 30 days after the date this notice is published on the Department's website. If you are requesting a public informational hearing, the request must be emailed, verbalized, or postmarked within 20 days after the date this notice is published on the Department's website. A request for hearing must include the docket number or applicant name and specify the issues that the party desires to be addressed at the informational hearing.

If no hearing is requested, the Department may issue its decision without a hearing. If a public informational hearing is held, comments must be postmarked no later than 10 days following the date on which the hearing is completed.

The final decision may be appealed as indicated in the decision document. Docket Number IP-NO-2022-3-04662

Richard (Junior) Rasmussen

Richard (Junior) Rasmussen, age 57, of Clayton, passed away peacefully on Tuesday, January 3, 2023 at his home from a long battle with terminal cancer.

Junior was born on August 13, 1965, in Spooner to Richard and Emma (Rosseter) Rasmussen. He graduated from Barron High School in 1983. After high school, he worked for American Tool until the plant shut down. During this time, he had three children and raised them in the Barron area.

Many of his hobbies were fishing, hunting, being on the farm and spending time with his daughters and nine grandchildren. He enjoyed watching them play softball, baseball, basketball, volleyball, and gymnastics.

He was currently employed at Lake Country Dairy in Turtle Lake in the sanitation department, where he was a devoted employee who will be missed by many.

Junior lived by the saying "Never say never".

He is survived by his three daughters, Nicole (Forrest) Lauff of Cameron, Stephanie Rasmussen of Cumberland, and Heather (Brent) Rasmussen of Clayton; nine grandchildren, Emma, AnnaLynn, Codie, Kori, Andrew, Abigail, Natalie, Kari, and Fynn; sisters, Roxanne (Edwin) Burke, Becky Rasmussen, Debbie Rasmussen (Mike) and Berta Rasmussen; and brother, Ronnie Rasmussen; as well as many nieces; nephews; cousins; aunts and uncles.

He was preceded in death by his parents; brother-in-law, Buster Meeks; and nephew, Ronnie Hecht.

A funeral service was held on Tuesday, January 10, 2023 at Rausch and Steel Funeral Home in Barron. Burial was at Wayside Cemetery in Barron.

Arrangements are being handled by Rausch and Steel Funeral Home in Barron. Online condolences can be made at www.rauschandsteelfuneralhome.com.

Gloria J. Olson

Gloria Jean Olson, age 86, passed away peacefully in her sleep in her son's home on Friday, December 23rd, 2022 in Truckee, California while visiting for the holidays. Gloria was born on December 26th, 1935, in Cumberland, Wisconsin, to Esther and Clarence Poulter and was their eldest child. Gloria excelled at everything she did and earned her Registered Nurse designation in 1956 and began her career on the surgical floor of Northwestern University. That same year, she married her childhood neighbor and High School sweetheart, LeRoy Olson, and they were married for over 66 years until his passing in August 2022. They went on to have two sons David (Maria) of Truckee, CA; and Thomas (Linda) of Leawood, KS. Gloria paused her career in those years to be a full-time Mom and to give her children everything possible to have a happy and idyllic childhood.

After moving to East Lansing, Michigan in 1961 Gloria worked part-time in Healthcare Administration at Michigan State University College of Medicine, Sparrow Hospital and Ingham Medical Center. She excelled in these roles going full time in 1976 and was promoted to be Nursing Supervisor for Outpatient Clinics at Ingham Medical Center. She went back to college and earned a Bachelor of Science degree in Nursing Supervision and Management from Central Michigan University in 1978. She retired after 25 years at Ingham Medical Center in 1992.

Gloria will be remembered for her dedication to family and wholehearted embrace of her eclectic passions. These included - cooking extraordinary meals for numerous gourmet clubs and friends, becoming a Master Gardener, actively participating in Prayers and Squares quilting group, social clubs, and church circle. Gloria was a compassionate and caring woman who spent most of her life thinking about others. She was always baking, exploring a new recipe, calling friends and neighbors who needed extra help or a friendly ear. Gloria was a dedicated and faithful member of University Lutheran Church in East Lansing, MI for over 61 years.

She was devoted to her parents, husband, and younger brother, Jim. Gloria is survived by her two sons, brother and three grandchildren – Claire (Joe), Ryan and Emily who she was always cheerleading for in all their pursuits.

A memorial service is planned and donations in her name can be made to University Lutheran Church 1020 S. Harrison Rd, East Lansing, MI 48823.

"Love of God revealed."

by Pastor Todd Ahneman
Barronett Lutheran Church

This is the season of Epiphany. The word Epiphany means a shining forth. It is a revelation of God to the world. In the beginning of this season, we read where God claimed Jesus as his beloved Son at his baptism. Matthew wrote:

And when Jesus had been baptized, just as he came up from the water, suddenly the heavens were opened to him and he saw the Spirit of God descending like a dove and alighting on him. And a voice from heaven said, "This is my Son, the Beloved, with whom I am well pleased." (Matthew 3:16-17)

The image of a beloved Son may have reminded the listeners to the story of Abraham, and his precious, beloved son Isaac. Abraham shows the depth of his love, his faith, and his character, in being able to put his son's life in God's hands, as needed. God blessed Abraham for his faithfulness.

By myself I have sworn, says the LORD: Because you have done this, and have not withheld your son, your only son, I will indeed bless you, and I will make your offspring as numerous as the stars of heaven and as the sand that is on the seashore. (Genesis 22:2, 16-17)

The blessing given to Abraham was for the world, and would be fulfilled through Jesus.

"For God so loved the world that he gave his only Son, so that everyone who believes in him may not perish but may have eternal life. "Indeed, God did not send the Son into the world to condemn the world, but in order that the world might be saved through him. (John 3:16-17)

The Spirit of God, poured out at Jesus' baptism is an incredible gift, shared with world in baptisms. It is ever-growing, a fountain of new life and hope.

This week, I ask that you keep in your prayers that the Spirit will grow within young and old, to create a joy and confidence, to point others to Christ, encourage them and welcome them with love into God's great family.

Barronett News

By Judy Pieper

We are on a wonderful vacation this week. Last summer our son, Richard Pieper, told me that he wanted to take a trip to Branson, Missouri. I told him that I would try to find a tour going there for him. Well . . . Have you tried to book a tour bus lately? I called all over the place – Rice Lake, Eau Claire, even LaCrosse, and there just are none. I even went over to the office of Homespun Tours in Rice Lake and was told by a neighboring business that they haven't been at the office for many months. Anyway, Richard had his heart set on a vacation and I did not want to disappoint him, so Duane and I decided to drive him and his friend, Melissa, to Branson. Holy Moley, Andy. I was expecting a town the size of Rice Lake – boy, was I mistaken. This place is huge and there are so many different things to see. A lot of the shows are closed for the season, but there are still lots to choose from. Richard and Melissa are having the time of their lives. Melissa had not been further south than Shakopee, Minnesota before and she is enjoying seeing different parts of the country.

My nephew and niece-in-law, Jay and Marcia Olson, live in Clinton, Missouri, which is about 120 miles north of Branson, so we stopped by their house to visit for a while on our way down. Jay and Marcia have decided to eat healthier this year and, fortunately for us, they had candy left over from Christmas, so they sent it along with us when we left. Darn! Between eating the sweets that Jay and Marcia sent and eating in restaurants for a week, we are going to have to resolve to eat healthier when we get home.

And, speaking of nephews and nieces-in-law, we plan to stop by Boonville and visit with Ken and Kathy Adams on our way home. They bought a restaurant a while ago – I think they have had it for over a year now – and we will stop there for dinner and a visit before heading back to the cold and snow of home.

I won't go into details, but Duane gave us a bit of a scare last Tuesday. During one of the worst snowstorms of the winter he decided to have some chest pains. It turned out to be not a terrible thing, everything is just fine now, but I'm starting to think that his timing was uncanny. You know, of course, that the last time we had a huge amount of snow Duane and I were in Arizona at Olivia's graduation and that Ryan and Suzy Lehmann and Art Adams did a lot of shoveling and plowing for us. Then, during the snowstorm last week while Duane was being checked out in the hospital, they and Garett Thon cleared snow for us. Now, from what I understand, there is supposed to be another snow storm while we are, once again, away from home. Hmmm. Our relatives are going to think we are taking unfair advantage.

And, another person I have been taking unfair advantage of is Geri Pittman. She hosted the coffee hour after church for me last month and I had to ask her to do it again this month. Geri is always so willing to help, and I really appreciate it. Thank you, Geri. Hopefully next month I will be able to take care of coffee hour myself. Oh, by the way, that happens every second Sunday of the month right after worship service at Barronett Lutheran if you would like to join us.

You remember, of course, that the Shallow Lake Ice Fishing Contest is next Saturday, January 21st. There will be lots of prizes, fun and nice hot food on the ice. Having vehicles on the ice will depend on ice conditions that weekend. Come on over and join us for all the excitement.

And, we will be having the annual meeting of the members of Barronett Lutheran a week later, Sunday, January 29th, immediately after that morning's worship service. And, because we all love to cook and eat, there will be a potluck dinner after the meeting. We hope that all members will be able to join us for the meeting and dinner.

Bob Russell brought us some freshly dug carrots last week. I didn't know that gardeners can leave root vegetables in the ground and dig them any time during the winter. Interesting. We are going to try that next year. Thanks, Bob.

That's about all I know from Barronett this week. Hope to see you at Shallow Lake next Saturday. Have a wonderful week and stay warm.

Barron County Meals on Wheels in Need of Volunteers

The Barron County Meals on Wheels program is in need of volunteers and paid drivers to deliver to our homebound elderly in the Cumberland area.

Home delivered meals help our elderly and more vulnerable residents to live longer healthier lives in their own home. It also provides a wellness check. But we can't do it without the help from the community!

If you have a passion for helping people and you are looking for a rewarding experience please call Joanne Sweet today at the Aging and Disability Center at 715-537-6206.

OBITUARIES

Kenneth Bird

Kenneth Bird, 82, passed away peacefully on December 23, 2022, at Heritage Lakeside. He had struggled with Alzheimer's for several years. He was born February 13, 1940, to Wilbur and Grace (Shepherd) Bird.

Kenny worked in construction, as a local truck driver, and eventually retired from Yellow River Concrete in Dresser, WI.

His hobbies through the years were Stock Car Racing, Drag Racing, and Ice Racing. He was very talented in drawing and painting portraits of wildlife, scenery, and people. Kenny loved to go golfing with his friends. He enjoyed traveling and had seen most of the United States. He never missed a swap meet that he could attend.

Kenny had a true passion for classic cars! Specifically Fords, he was a Ford enthusiast with encyclopedic knowledge of the vehicles from the 1908 Model T to the 1959 Models. His spare time was spent restoring them and entering his restorations and creations into car shows. If you ever wanted to irritate him, all you had to say was "Chevy", "Dodge", or "Toyota". The people that knew him well, will understand and smile.

Dad, your family and friends will all miss you!

He is survived by his steadfast and closest friend, Betty Bergstedt; daughter Connie Bird and son-in-law Paul Mahowald; grandsons: Jeromy (Missy) Benson, Kenny Benson, and Kyle (Briana) Peterson; great-grandchildren: Alexis Peterson and Gavin Benson; brothers: Daniel (Robin) Bird of Cornelius, OR, Bradley (Sharon) Bird of Grove City, MN, and Ronald (Jackie) Bird of Nisswa, MN; and many nieces, nephews and friends. Kenny was preceded in death by his parents, and his two sons: Gary and Timmy.

Funeral services will be held at 12:30 PM Friday, January 13, 2023 at Skinner Funeral Home in Cumberland with Pastor Ken Mandley officiating. Burial will be in Lakeside Cemetery. Pallbearers are Jeromy Benson, Kenneth Benson, Kyle Peterson, Paul Mahowald, Gavin Benson, and Alexis Peterson. Visitation will be from 11- 12:30 PM .

Skinner Funeral Home of Cumberland is serving the family.

Bernice M. White

Bernice Martha (Nielsen) White, 82, of Cumberland died Sunday, January 8, 2023 at Cumberland Healthcare. She was born April 18, 1940 in Cumberland, WI to Clarence and Florence (Vercauteren) Munchow.

She married Helmuth "Niel" Nielsen in Cumberland on February 13, 1960 who preceded her in death in 1987. Bernice was then married on August 30, 1996 to Richard "Dick" White.

Bernice worked for some time at Haley Accounting in Cumberland before going to work for Cumberland Memorial Hospital, where she would remain for 18 years until her retirement.

A natural caregiver, Bernice tended lovingly to the needs of her family and friends, as well as to her flowers and her garden. She loved to go dancing, and spend her winters in Arizona. Above all, she was most fond of her grandchildren.

She is survived by husband, Richard "Dick" White of Amery, WI; daughter, Betty (Steve) Vergin of Cumberland; son-in-law, Russell Cook of Chetek, WI; granddaughters, Jamie (Patrick) McCready of Turtle Lake, WI, David Cook (Brittany) of Cumberland, WI, and Tasha (Justin) Hopwood of Hammond, WI; great-grandchildren, Dominic, Patrick, Jaxon, Braiden, Kahlan, Hunter, Braylon and Ellie; stepdaughters, Deb Steele of White Bear Lake, MN, DeAnna (Mike) White of Maplewood, MN, Darla Joseph (Tom Peterson) of Brooklyn Park, MN; stepgrandchildren, Adam Steele and Austin White.

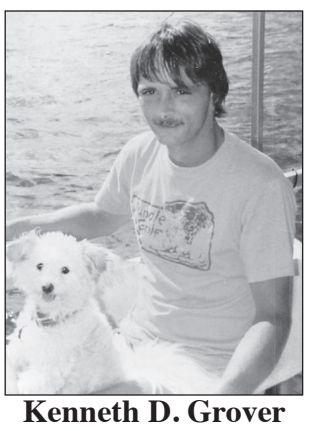

Preceded in death by parents, Clarence and Florence Munchow; first husband, Niel Nielsen; daughters, Barbara Sturgal and Beverly Cook, son-in-law Denny Sturgal and stepson, Daniel White.

Mass of Christian Burial 11 AM on Thursday, January 12, 2023 at St. Anthony Catholic Church, Cumberland, with Father Tom Thompson officiating.

Visitation 4 - 7 PM on Wednesday, January 11, 2023 at Skinner Funeral Home Cumberland, and one hour prior to the service at church on Thursday.

Interment St. Anthony Cemetery, Cumberland, WI. Pallbearers are Bruce Dow, Justin Hopwood, Pat McCready, Patrick McCready, Dominic DeNucci, David Cook.

Skinner Funeral Home of Cumberland is serving the family.

Kenneth D. Grover

Kenneth Darnell Grover, 64, of Cumberland died, December 7, 2022, at his home. He was born October 16, 1958, in Cumberland, WI to George and Frances (Herme) Grover. Ken was raised in McKinley and was baptized and confirmed at Trinity Lutheran Church. Ken graduated from Cumberland High School. He was married on August 25, 1979, to Rebecca Fink.

Ken never seemed to get lost; he knew every back road no matter where he was. He loved to hunt, fish, and spend time in the camper with his family and friends. Ken was always able to inspire laughter and smiles from his famous one liners and jokes. He will be deeply missed.

He is survived by his wife, Becky; daughter, Alicia Grover; son, Dustin (Amanda) Grover; grandson, Rowan Grover; sisters, Virginia (Jim) Kuehl, Beverly (Oscar) Schmidt, Luella (Dan) Madsen, and Judy (Steve) Kelch; brothers, Donald (Debra) Grover, and Larry (Nancy) Grover; and many other family and friends. Ken was preceded in death by his parents; sisters, Laura Rydberg, and Gloria Marske; infant brother, Harold.

A private family service was held at Skinner Funeral Home in Cumberland.

Cold Weather Goose Hunt!

Hello friends,

This December I was drove on the interstate near Deforest in mid-December, headed to my good friend Dick Emerson's funeral. I had just wrote about Dick the week before as Dick and Molly Emerson are the couple that helped me become a writer, when I kept noticing literally hundreds of Canadian geese flying all over.

Dick's funeral was in Deforest and I had a brainstorm and decided to call Seth Steinhauer who is 33, a solid member of our group of very fun people and ask him where the heck I could hunt in this area. Seth is an arborist with Bugg Tree Care, and has been an active waterfowl hunter since he was old enough to legally be a waterfowler. Seth has two Chesapeake's, Arrow who is 8 and her daughter Flower who is 3. Seth Steinhauer is more into using a kayak than a motor which is something that I have a lot of respect for.

Sunday, December 18th
High 25, low 6

This would be a very interesting and fun hunt for both of us. First, Seth would be dragging a kayak loaded with decoys and I would be pulling an Otter Sled a good half mile. Next we would drag our rigs on just-thick enough ice about 400-yards and then dogs and men would immerse themselves in water while wearing chest waders. Then we set decoys and finally we would hide in cattails next to each other and begin our hunt.

Today was opening day of the late Canada goose season and let me tell you, I made the right call when I chose Seth Steinhauer. The conditions were kind of brutal and to hunt where we were you had to travel on foot and it was somewhat dangerous and despite the fact that we were near Madison, meaning lots of people, we did not hear another shot for our entire hunt.

Here is where things get a little interesting, we knew we were going to knock some geese out of the sky as simply put, we were hunting the only open water in the area. We were going to let the first flock pass after we became comfortable but that was not in the cards and Seth and I each picked out a goose and sent it to heaven. The show put on by Arrow and Flower retrieving all of these birds today was amazing. Breaking ice, swimming, climbing out of the ice, grabbing the bird, jumping back in the open water and then swimming to Seth with their mouth full of a goose would have been a great show for tv. It was darn cold, the mirror on my truck had said 6 an hour ago. The kind of cold where if a hunter falls in the water with waders, even if it's only mid-thigh deep he or she has trouble.

So, Seth and I have been so busy that we have not even hardly had time to shoot the bull and just like that here comes another flock and I smacked one and so far we had not missed a bird. The pups fetch the goose, we sit, another flock flies by and Seth drops one and still no missing. After 10 minutes of hunting, we are down to our 3rd and last bird that each of us can shoot as the limit it is 3 per man. About 20 million mallards put on an aerial show for us, we waited 10 minutes, a flock flew by and neither Seth nor myself missed. After another beautiful retrieve, Seth and I took out lunches and shot the breeze while watching the goose and duck show.

When we got up to begin the journey back my chest waders were frozen like cement. On the drive home I sent my stepson Joey Dushek a picture of our 6 birds, and he sent a text back saying "good job now shoot 4 more", little did we know the limit had changed to 5 a hunter.

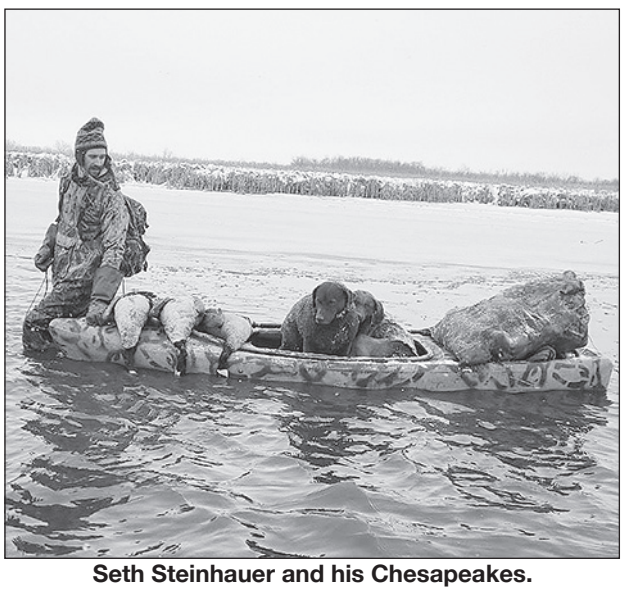

The following day I hunted alone, hiked out in the dark, the open water had frozen over and I only had one chance at shooting. I was hiding in some cattails on the ice, I leaned back to shoot, and as I was firing, I fell backwards through the ice. I dropped my goose, did not get another shot and all's well that ends well.

Maybe on this hunt, Dick Emerson was helping, thanks Dick!

Sunset

Arrow, Flower, Seth Steinhauer and Mark Walters at the end of a successful goose hunt near Waunakee.

Seth Steinhauer and his Chesapeakes.

HON Win!

Gavin Gores lays in two of his 16 points in the Beavers win over St. Croix Falls. Gores added 10 rebounds for a double double.

Jax Effertz had a huge night scoring 31 points to lead the Beavers past the Saints. Effertz added 7 rebounds and 1 assist in his big night.

Boy's Basketball Team Continues Their Fine Season

The Cumberland Boy's Basketball Team continued their great start to the 2022-2023 season with a 63-54 victory over the St. Croix Falls Saints last Friday night in Cumberland. With the victory, the Beavers raised their record to 5 and 1 on the year.

"I was really impressed with how we started the game. We executed the plan and played with really positive energy," said Coach Corey Berghammer of the victory. The Beavers led 33-20 at halftime before finishing off their fifth win in six tries.

Jax Effertz put on a big effort in front of the home crowd with 31 points, to lead the Cumberland offensive attack. His great shooting night included converting nine of 16 shots and 10 of 13 free throws. He added seven rebounds and an assist to his effort.

Gavin Gores had an equally strong night with a double-double, which included 16 points and 10 rebounds. He also tied David Olson with a team-high five assists.

The guard combination of Vaughn Johnson and Olson added nine points each as Coach Berghammer's strong starting five had good balance and showed an offensive threat from both inside and out.

The Beavers, who have had several contests rescheduled due to weather, will have a busy upcoming schedule. After hosting Spring Valley on Monday, they have a 7:00 pm home game against Hayward this Thursday before traveling to Chetek to take on Chetek-Weyerhaeuser on Saturday night. Then next Tuesday, Cumberland travels to Ladysmith to take on the Lumberjacks.

Northwestern and Cumberland remain the last two undefeated teams in the HON with their first of two match-ups scheduled for Friday, January 20 in Elmer Beran Gymnasium.

Wrestlers Pick up a Pair of Dual Victories; Good showing at Cadott

The Cumberland Beavers picked up a pair of dual victories at a triangular in Cumberland last Thursday night. The Beavers defeated HON foe Hayward 50-25 and then was given a victory over Luck/Frederic/Grantsburg/Siren by a tiebreaker. The teams tied 42-42, but the team win was given to the Beavers, who had fewer individual forfeits.

The Beavers easily rolled over Hayward, racking up six pins, a tech fall, and a majority decision along the way. Jack Chafer, Dawson Johnson, Cooper Schramski and Gabe Erickson each pinned their opponent in less than two minutes.

The match against Luck/Frederic/Grantsburg/Siren was entertaining with numerous pins on both sides. The team victory was credited to the Beavers, as they forfeited one less match than their opponents.

Like their match against Hayward, Cumberland had several quick pins, including one in 36 seconds by Harrison Ruppel and six-pointers under two minutes by Caleb Hile and Cooper Schramski. Every single match in the contest was settled by a fall or a forfeit.

Cadott

The Cumberland Wrestling Team headed to Cadott last Saturday, where they finished seventh out of 17 participating teams. Menomonie took the team title with 562 points, as the Beavers finished seventh and just behind HON competitor Hayward, with 330 points. In doing so, Cumberland placed seven wrestlers in the event.

The Beavers lone Champion was undefeated Dawson Johnson at 126-pounds, who moved his outstanding overall record to 30 and 0 with a bye, two pins, and a 15-3 victory over Ian Radintz of Glenwood City in the title match. It is the third-time Johnson has defeated Radintz this wrestling season.

Coach Justin Peterson also received an impressive second place finish from Jack Chafer in the 285-pound weight class. Chafer received a bye, had a pin and a major decision, before being pinned in the Championship match by Ty Monfries on Westfield. Chafer is now 23 and 7 this winter.

The Beavers added thirds from Cooper Schramski (25-7) and Noah Hile (21-6). Both of the Beaver wrestlers continued their fine seasons.

Schramski wrestled at 113-pounds, where he had three pins on the day. His only loss came to Brayten Casey of Menomonie, who pinned the Cumberland Sophomore in the third period.

Hile received a bye to start his day at 120-pounds, but would eventually be defeated by Alexander Radovich of New Lisbon by a 12-6 score. Hile added two pins to his wrestling day on his way to his third-place finish.

Fourths in Cadott came from Jack Owens (17-10) and Gabe Erickson (11-13). Owens went 2 and 2 in his weight class, while Erickson received a bye and had a pin over his Glenwood City opponent, before losing a pair of matches.

The final Cumberland wrestler to reach the podium was Harrison Ruppel (19-12), who finished sixth at 145-pounds, by going 2 and 2 on the day.

"It was a good day and congratulation to all of our wrestlers," said Coach Peterson.

The Beavers are back in action this Thursday, when they head to Spooner to take on the Rails. Their next home match is a triangular on Thursday, January 19, against Amery and Ashland.

Caleb Hile gets ready to wrestle vs Hayward Thursday night on the Beavers home mat. Hile picked up a big 6 points in the Beavers win. Photo by Dakota Morfoot.

Girl's Basketball Team Drops a Pair of Contests

The Cumberland Girl's Basketball Team dropped a pair of contests last week, losing to Grantsburg on Monday and Hayward on Thursday. The girls were back in action on Tuesday against a good Ladysmith team before heading to Maple to take on the Northwestern Tigers this Friday night.

Grantsburg rolled to a 40-8 halftime lead in their victory over the Beavers. The final score was 66-17. "We are working hard on attitude and effort and improvement each game," said Coach Kim Weber of her young squad.

Macy Beecroft scored 10 of Cumberland's points with Melody Taylor adding five.

Cumberland then headed North on Thursday, where they dropped a 63-25 contest to the Hurricanes. Hayward's Avery Poppe had a big night with 24 points, including 18 in the first half.

Melody Taylor led the way for Coach Weber with 10 points, while Orion Thompson added seven. Cumberland continues to play without their top player, Teagan Monson, who was injured in the first game of the season.

Noah Hile Picked up a big pin Thursday night in Cumberland. Hile has a fine record of 21-6 on the year.

Louis A. Burns, 48, of Minnetonka, MN., has been charged with possession of marijuana and possession of drug paraphernalia. His court date was scheduled for January 4, 2023.

Noel Z. Tehuacatl, 25, of Rice Lake, has been charged with disorderly conduct and domestic abuse. His court date was scheduled for January 3, 2023.

Landon K. Brekke, 17, of Barron, has been charged with fail to exhibit valid proof of ATV/UTV registration to law enforcement officer and ATV or UTV-operate without a muffler. His court date is scheduled for February 15, 2023.

Dylan J. Homme, 24, of Oshkosh, has been charged with ATV or UTV-operate without a muffler and operate ATV without a valid safety certificate. His court date is scheduled for February 15, 2023.

Reynaldo Ramos, 23, of Rice Lake, has been charged with obstructing an officer. His court date was scheduled for January 4, 2023.

Latrell J. Paffel, 22, of Webster, has been charged with obstructing an officer. His court date was scheduled for January 4, 2023.

Christopher M. McClain, 37, of Stanley, has been charged with obstructing an officer. His court date is scheduled for January 18, 2023.

Criminal Complaints

Joseph J. Murphy, 26, of Barron, has been charged with disorderly conduct and use of a dangerous weapon. His adjourned initial appearance is scheduled for January 25, 2023.

Amy L. Jack, 42, of Hayward, has been charged with attempt possession of narcotic drugs. Her court hearing is scheduled for March 29, 2023.

Melissa R. Davis, 38, of Rice Lake, has been charged with disorderly conduct and possession of methamphetamine. Her adjourned initial appearance is scheduled for January 25, 2023.

Jess A. Blake, 40, of Shell Lake, has been charged with possession of methamphetamine. Her adjourned initial appearance is scheduled for January 25, 2023.

Luke D. Whited, 43, of Haugen, has been charged with knowingly violate a domestic abuse order-temporary restraining order. His adjourned initial appearance is scheduled for January 18, 2023.

Nekola S. Lowe, 33, of Turtle Lake, has been charged with possession of THC, party to a crime, possession of drug paraphernalia, and resisting or obstructing an officer. Her initial appearance is scheduled for January 25, 2023.

Lorie L. Mullins, 55, of Barron, has been charged with resisting or obstructing an officer and disorderly conduct. Her court hearing is scheduled for March 31, 2023.

Daniel D. Richie, 28, of Chetek, has been charged with drive or operate a vehicle without owner's consent, three counts of criminal damage to property and tampering with a global positioning system tracking device.

Police Chief, with the Chetek Police Department, reports on December 15, 2022, at approximately 7:13 am, he was on duty when he received a telephone call from a male subject, and the manager of a gas station in Chetek, advising that someone had attempted to drive away in a customer's vehicle that was parked in the parking lot. The male advised that one of the gas pumps was damaged in the process. The male informed the chief that he had surveillance video that captured the attempted theft of the customer's vehicle and damage to the gas pumps.

The chief reports he met with the male, who showed him the surveillance video. The chief reports the surveillance video shows a male subject, who the chief later identified as the defendant, Richie, entering the gas station parking lot from the southeast on December 15, 2022 at 3:05 am. Richie walked over to a vehicle, a 1993 Oldsmobile, opened the door and sat inside it. The chief reports it appears on the surveillance video that Richie was trying to start the vehicle.

The chief reports a short time later, Richie got out of the vehicle and got into another vehicle, which the chief later determined as a Toyota Tundra, that was parked next to the Oldsmobile. The male indicated to the chief that the Tundra was dropped off after hours the night before and the keys were left inside the vehicle. The chief reports Richie started the Tundra and backed it up. When Richie was backing the Tundra up, he struck a gas pump. Richie pulled away from the gas pump after hitting it. When Richie pulled away from the gas pump, it caused a hose that was connected to the Tundra to catch the truck bumper, which, in turn, broke the service panel on the front of the gas pump. Richie then pulled into the same parking spot where the Tundra was originally parked.

The chief reports he made contact with another male, who is the owner of tavern in Chetek, and requested he look at the surveillance video taken at the bar from the morning of December 15, 2022. The chief made contact with the bar owner because of the direction Richie was seen in the surveillance video taken from the gas station had cone from when he entered the gas station parking lot.

The chief reports that the bar owner set the surveillance video up for him to view. On the surveillance video, the chief observed a male subject in the bar at closing time. The chief reports he zoomed in and obtained a still photograph of the male subject on the surveillance video taken at the tavern, and was able to identify the male subject as Richie.

The chief reports he spoke with a female, who was a bartender at the tavern, and she stated that the male who was on the surveillance video was on house arrest. The female stated she had seen him at the tavern several times in the past wearing an ankle bracelet covered in saran wrap.

The chief reports on December 19, 2022, he spoke with another female, who is also a bartender at the tavern. The female stated Richie is her next door neighbor. She stated she was bartending in the early morning hours of December 15, 2022 and observed Richie walk in the bar at this time. She stated Richie rolled up his pants and showed her the ankle monitor he was wearing. She stated the ankle monitor was covered in tinfoil. She stated Richie told her he wrapped the ankle monitor in tinfoil so he could not be tracked.

The chief reports that, after viewing the surveillance video at the tavern, and speaking with both female bartenders, he made contact with another female. The chief inquired if they had Richie on a monitor. The female confirmed that they did. The female then advised that beginning on December 14, 2022, at approximately 11:15 pm, until sometime on December 15, 2022, after 5:30 am, she had no signal and no GPS for Richie due to an interference signal from his monitor.

The chief reports that a male, who is the registered owner of the Oldsmobile, completed a statement of loss and damages to his vehicle in the amount of $2,500.00.

The chief reports that another male who is the registered owner of the Tundra, also completed a statement loss and damages to his vehicle in the amount of $674.67.

The chief reports that the male, on behalf of the gas station, also completed a statement of loss and damages for the gas pump. The male provided the chief with an invoice for the cost to repair the gas pump in the amount of $2,233.45.

If convicted for drive or operate a vehicle without owner's consent, Richie may be fined not more than $10,000 or imprisoned not more than three years and six months or both. For three counts of criminal damage to property, he may be fined not more than $10,000 for each count or imprisoned not more than nine months or both for each count. For tampering with a global positioning system tracking device, he may be fined not more than $10,000 or imprisoned not more than three years and six months or both. His preliminary hearing was scheduled for January 9, 2023.

Safety depends on proper vehicle maintenance during winter season

January Law of the Month highlights winter vehicle safety tips

Winter in Wisconsin brings months of slippery conditions and subzero weather, so preparing yourself and your vehicle is key to a safe season.

Winter vehicle safety is Wisconsin State Patrol's January Law of the Month. It's an opportunity for every driver to make sure essential equipment is working properly before getting behind the wheel.

"A well-maintained vehicle is always important, but especially in harsh winter conditions. Check your vehicle to get to your destination safely," Superintendent Tim Carnahan said. "When you're driving in winter conditions, don't just prepare for the trip you anticipated, prepare for the unexpected."

Before you go

Winter conditions can wear on your vehicle, so check these things regularly:

Keep fuel tank at least half-full to prevent fuel lines from freezing and provide extra fuel if you get stranded; make sure electric vehicles are fully charged.·Check condition of battery, anti-freeze, lights, and cooling system.

·Replace worn windshield wipers and fill up washer fluid.

·Have an emergency kit in every vehicle; include essentials like a blanket, flashlight, cell phone charger, and shovel.

Focus on tires

Proper tire care should be part of every driver's vehicle maintenance routine and can help prevent breakdowns and crashes. Tires are one of the most important safety features on a vehicle.

"Your safety and the safety of others depends on the effectiveness of the four tires of a vehicle," Superintendent Carnahan said. "The tire tread keeps a vehicle from slipping and sliding in wet or icy weather, so it's essential to take care of your tires."

It's recommended to check tires and spares monthly for:

· Pressure: Fill each tire to the manufacturer's recommendation to improve gas mileage and help tires last longer.

· Tread: Depth should be at least 2/32 inch in every major tire groove.

oReplace when you can see President Lincoln's head if you insert a penny in the tread.

· Damage: Repair cuts, bumps, or cracks as needed.

Visibility in winter conditions

Before heading out in active weather, keep visibility in mind. State law requires drivers to turn on their vehicle's low-beam headlights any time weather or other conditions make it difficult to see objects 500 feet ahead. Turning on the lights also helps ensure other drivers see your vehicle to avoid crashes.

Clear snow and ice from windows, lights, the roof, and hood. It's required by law and keeps everyone on the road safer. Snow and ice sliding off the roof or blowing off the hood can be dangerous to other vehicles. Icy windshields can limit visibility and lead to crashes.

Last season, winter weather contributed to more than 15,000 crashes that killed 38 people in Wisconsin. Review the State Patrol's December Law of the Month for tips on winter driving safety.

Opinion

Out My Window

by Paul Bucher, Editor

Well the proof that Cumberland is a wonderful community just keeps coming. After an apartment fire on main street last Thursday night, 13 residents were displaced. The owners of the Island Inn were right there to help out and took them all in at no cost for a few nights. A bad night which could have been much worse was made just a little better through their generosity. Also this week the United Fund of Cumberland made a huge $30,000 donation to the roof project at the ETC Theater to help with the "Repair the Roof Campaign." Cumberland Federal Bank jumped on board with a $10,000 donation. Pretty good stuff.

-0-

Another week another snowstorm. The snow just keeps piling up. We are only in January. Who knows what the rest of the winter holds, but there most certainly could be some issues with roof collapses and such. One thing I know for sure, and I've said it before, BE CAREFUL on the ice. Just his past week, I've heard of vehicles going through the ice on Poskin Lake and Big Chetac. I've heard reports of only four inches of ice in spots. Many lakes are a slushy mess. Use caution.

-0-

Gas prices are up .40 cents a gallon over just the past two weeks. It's crazy, it just makes no sense. Who knows, it might go down by the time the paper comes out tomorrow.

-0-

The Packers laid an egg on Sunday night football in losing to the Lions and missing the playoffs. Now comes months of will he or won't he. I know several of my Packer Backer die hard friends have had enough of Mr. Rodgers. He didn't throw for 300 yards in one game this season. Let the soap opera begin. The Vikings, meanwhile, will host the NY Giants next Sunday. Who knows how that will go. As a long suffering Vikings fan, my expectations are not to high. I've seen my favorite club lay an egg in big games all my life. Who knows, chip and a chair I guess.

-0-

Congratulations to Matthew Muench for earning the rank of Eagle Scout. It truly is a family affair in scouting for the Muench's. I'm pretty sure there is not many families anywhere in America that can claim nine members of the family to earn this prestigious honor.

Island Inn Motel...

generosity in this time of need. We know starting a new business in this economy is difficult and to open their doors to help these families is very commendable. We thank you very much!

If you would like to assist these families, we are trying to determine what they may need for resources going forward and will update when we know. If you would like to assist with financial support for the families and/or their stay at Island Inn Motel, please go to https://paypal.me/cumberlandpd?country.x=US&locale.x=en_US. and specify what you would like the financial assistance to be used for. Thank you!

Inside Wisconsin

by Tom Still

"Governor's Business Plan Contest can help highlight innovation during tough times"

MADISON, Wis. – What do these companies have in common? Pinterest, Groupon, Mailchimp, Uber, Slack, WhatsApp, Airbnb, Square, Instagram, Google and PayPal. (Hint: It's more than just tech.)

The first nine companies on the list were born during the Great Recession of the late 2000s and the latter two during the DotCom bust nearly a decade earlier. If you look back to earlier recessions, you can add Microsoft, Apple and even Burger King to the list.

The takeaway is that innovation and opportunity can spring from hard times, such as the economic turmoil produced by rising interest rates, inflation and continued supply chain troubles in 2022. Providing an outlet for some of that creativity to get noticed is the goal of the annual Wisconsin Governor's Business Plan Contest.

Launched in 2004, the contest has returned for 2023 and is open to young companies and individuals whose ideas may be the next big thing. Maybe not as big as Google or Microsoft, of course, but capable of leaving a mark on the economic map of Wisconsin and beyond.

The deadline to enter online at www.govsbizplancontest.com is Jan. 31 before midnight. At the outset, the contest involves a crisply worded summary outlining the problem a tech-based idea or plan will solve, how it will lead to a successful endeavor, and the kind of competition that may stand in the way. It's free to enter, is limited to about 250 words at the start of the judged process.

Over time, about 4,450 entries have been logged from 330 distinct Wisconsin communities. About $2.5 million in cash and service prizes have been awarded since 2004 and roughly 475 finalists have raised at least $300 million in grants, angel capital and venture capital.

Most important, those same finalists have a multi-year "survival rate" that is about twice the national average for startups – 77 percent, according to separate surveys conducted by the Wisconsin Technology Council.

The secret of business longevity lies mostly in the skill, adaptability and sometimes stubbornness of the entrepreneurs in charge, but some credit goes to resources that contest entrants may tap once they enter.

Independent judges from a mix of business and investment sectors can offer advice, volunteer mentors may do the same, and there's exposure to a growing array of services and programs for young companies in Wisconsin. It can take a village to raise a startup.

"First and foremost, it's an opportunity to get mentorship for your business plan," said Paige Peters, who led a team from Rapid Radicals, a Milwaukee water-tech firm that won the 2022 contest. "The exposure is fantastic, too, not just for the (grand prize) winner, but for others who advance during the contest. For us, it's been quite a ride."

The contest is broad enough in scope to capture most plans. The four contest categories are Advanced Manufacturing, Business Services, Information Technology and Life Sciences. Rapid Radicals, for example, competed in Advanced Manufacturing.

The competition is conducted in phases, which allows entrants to build their business plan in stages between January and early June. Scoring in each stage whittles down the total number of entrants who move on, but there's value in simply getting feedback on an idea. There are chances to meet other entrepreneurs, as well.

A Tech Council webinar featuring a veteran judge and a 2022 finalist will be held Jan. 18. Individuals, teams of people or companies may enter if they meet a few requirements:

Are Wisconsin residents 18 years old or older. If it's a school team, at least one member must be 18.

Have a business plan that employs or leverages technology. Examples of technology include an eCommerce platform for a traditional business, a mobile application, a life sciences innovation or an advanced manufacturing process or system.

Are based in Wisconsin or plan to locate a business in Wisconsin.

Have not received private equity funding for an idea in its current form by the Jan. 31 entry deadline. That includes only angel or venture funding. It does not include federal grants, bank loans, most accelerator program investment or funding from friends or family.

Adversity can bring out the best in many people and businesses, as past economic downturns have demonstrated. Who knows? The 2023 version of the Wisconsin Governor's Business Plan Contest may provide new examples of success born in tough times.

Still is president of the Wisconsin Technology Council. He can be reached at tstill@wisconsintechnologycouncil.com.

A Look Back

10 Years Ago
January 16, 2013

The Board of Trustees of the American Hospital Association recently appointed Ann Bergmann, of Cumberland, to serve as Board Chair for the Committee on Volunteers. The Committee is composed of 15 members from throughout the United States, is the recognized body of AHA that is concerned with the role and responsibilities of organized volunteers and auxiliaries. Bergmann began this role January 1, 2013. She is currently a member of the COV Committee, past president of Partners of Wisconsin Hospital Association and serves as Partners of WHA Public Policy Education Chairperson for the Northwest District of Wisconsin.

January City Council Meeting

The Cumberland City Council held their regular monthly meeting on Tuesday, January 3rd, at the Cumberland City Hall, located at 950 1st Avenue. After roll call and the Pledge of Allegiance, the board approved the agenda, approved payment of expenses, approved minutes from the December 6th monthly council meeting and approved minutes from the Special December 21st and December 28th council meetings. Next, the board listened to a lengthy presentation by Sean Lentz (Ehlers Public Finance Advisors) regarding the creation of the city wide financial plan. Next was a review and consideration to approve the professional audit services for the city and utility from Clifton Larson Allen LCP in the amount of $39,000 for the 2022 audits pending utility approval. The savings would be approximately $35,000 by combining the two audits.

Next was the public comment period of the meeting, but no one present wished to speak. Next was to review and consider to approve recommendations from the Public Works Committee to approve change order #1 for Hospital Utility Extension Project to DeSantis Excavating & Underground Utility in the amount of $86,762.00. Review and consider to approve recommendation from the PWC to approve application for payment #7 for Hospital Utility Extension Project to DeSantis Excavating & Underground Utility in the amount of $57,851.04. Review and consider to approve recommendation from the PWC to approve application for payment #7 for the 14th Avenue and Carlone Street-Phase 1 to James Peterson Sons INC., in the amount of $37,697.15. All were approved unanimously by the council.

Next was to review and consider to approve Ordinance 757, an ordinance repealing 1.18 of Cumberland Code of Ordinances. Ordinance 1.18 reads Removal of City Officers and employees for cause except as provided in 4.05 and 5.10 of this code, no appointed city officer or employee shall be removed from his office or position except for cause pursuant to the procedure provided in 17.16 Wisconsin Statutes. The Ordinance passed unanimously.

Next was to consider approval of License Applications.

A. Transient Merchants

B. Temporary Class B (Picnic) License

C. Alcohol Beverage Operator's License

D. Pawnbroker, Secondhand Jewelry, Secondhand Article, ETC.

All licenses were approved.

After various committee reports, the meeting was adjourned. The next regularly scheduled city council meeting is set for Tuesday, February 7th, at 7:00 pm.

Donation!

Shay Horton, president of Cumberland Federal Bank, presents a $10,000 check from the bank to Lori Bock, president of Enrichment Through Culture, for ETC's Repair the Roof fund. The roof on the Cumberland Arts Center is leaking and must be replaced. Pictured in the front row, from left, are ETC board members Mike Clay, Dan Hoffmann, Dave Evenson and Gerard Bents. Bock said: "We greatly appreciate this wonderful donation. It is a major share of the $50,000 to $60,000 needed for our roof."

Northwoods Notebook...

give $30,000, and Cumberland Federal Bank donated $10,000. You'll see photos of those two check presentations in this edition of the Advocate.

It's overwhelming to this relative newcomer that when the community needs something, the community steps forward to provide it. There are only about 2,000 of you in Cumberland, but your giving is out of proportion to the size of your town. Yes, The Island City is The Giving City, whether it's kicking in for a main-level restroom at the arts center, quarterly grants of more than $10,000 to local businesses, hundreds of thousands for a new football stadium or library addition or college scholarships for Cumberland High School grads.

My fellow ETC board members caution me to not get carried away declaring victory. We're getting bids for the roof, and there could be costs we haven't anticipated. So the $60,000 or so we've raised so far might not be enough. But we're sure off to more than a roaring start to raise enough to raise a roof on the former Catholic church.

The new roof won't be there for the high school play in March. So there'll no doubt be water running onto the back steps into a bucket that has become an arts center fixture. There will probably be more damage to the plaster walls on the south side of the building. But, with any luck, the new roof will be there for the fall play.

And thanks to the generosity of the people and businesses in an old town founded on an island, the new roof will be keeping the Ruppel Family Theater dry for plays and concerts long after many of us have gone to that great performing arts center in the sky.

Larry Werner's email is lhwerner47@gmail.com.

Kent Syverson to Tell of His Glacier Bay Alaska Adventures at Ice Age Trail Chapter Annual Meeting

Professor Kent Syverson will give a talk entitled, "My Adventures in Glacial Bay Alaska. He conducted his PhD research in Glacier Bay, Alaska, as part of the National Geographic Society's Burroughs Glacier Expedition. In 1989-90, he spent two summers living 50 miles from the nearest human outpost in Glacier Bay National Park and Preserve. Syverson, who was then a young graduate student, made numerous mistakes and learned many things through hardships in the wilderness. In his presentation, Professor Syverson will tell his favorite (and humorous) adventure story excerpted from his book "Adventures in Glacier Bay," talk about living "off the grid" in the Alaskan wilderness, briefly discuss some of his research in Glacier Bay, and reflect on life lessons learned in the backcountry. No geological background is necessary to enjoy his talk, and the program will be of special interest to students considering a career involving field studies in geology and environmental science. Signed copies of "Adventures in Glacier Bay" will be available at his talk ($23, cash or check).

Professor Syverson's presentation starts at 7:00 pm, on Friday, January 27, 2023 in the Blue Hills Lecture Hall at University of Wisconsin—Barron County, 1800 College Drive, Rice Lake, WI 54868. The Superior Lobe Chapter will conduct its annual business meeting at 6:00 pm with snacks available at 6:45 pm. The public is invited to join free of charge for the meeting, snacks or presentation.

About the Speaker--Kent M. Syverson is a Professor of Geology and Environmental Science at UW-Eau Claire. He grew up within the footprint of the Superior Lobe in northern Minnesota, received his BS in geology from UM-Duluth, and earned his MS and PhD in glacial geology from UW-Madison. He has conducted glacial geology research with UW-Eau Claire undergraduate students in Maine and Wisconsin, including projects along Wisconsin's Ice Age Trail in the Blue Hills, the Chippewa Moraine, and Straight Lake State Park. He also mapped the glacial geology of Chippewa County for the Wisconsin Geological and Natural History Survey (Syverson, 2007). Syverson is the 2012 recipient of the UW-Eau Claire Excellence in Teaching award and author of the book "Adventures in Glacier Bay" (2020, Amazon). For additional information contact Sue Greenway: superiorlobe-chapter@iceagetrail.org or 612-723-0354.

DHS Urges Wisconsinites to Test Their Homes for Radon

Radon exposure is the second leading cause of lung cancer overall and leading cause of cancer for non-smokers

During National Radon Action Month, the Wisconsin Department of Health Services (DHS) is encouraging residents and business owners to test their homes and buildings for radon. Exposure to radon is the second-leading cause of lung cancer nationally, and easy-to-use tests are widely available.

"Radon is an environmental health issue in our state. Approximately one in 10 homes have elevated radon levels across Wisconsin," said Paula Tran, State Health Officer. "Reducing radon exposure and radon-induced lung cancer in Wisconsin depends on encouraging and supporting all Wisconsinites, including property owners and tenants, to be proactive about testing for radon."

Radon, an odorless, radioactive gas naturally present in the ground, enters buildings through their foundations. Radon causes more lung cancer among non-smokers than secondhand tobacco smoke. An estimated 21,000 lung cancer deaths per year among non-smokers are caused by radon, according to the U.S. Environmental Protection Agency and Surgeon General, and approximately 962 of these deaths are in Wisconsin. Fortunately, this cause of lung cancer is largely preventable, and the first step is to test your house or apartment for radon.

Salud
SALT & SPA

With great success Salud Salt and Spa has served over 4k individuals in their two years of business. 12/28/22 marks their second anniversary of opening their Salt Cave doors. The only Salt cave in the area has attracted those needing respiratory support, overall wellness, and custom spa days with a unique experience. In Celebration, a large giveaway of certificates and products was created through social media to share our services and promote other mainstreet businesses. We thank everyone who has supported our business endeavors and has given our many services a try. Pictured is winner Heather Wolfe And Salud owner Jessi Sebens.

Margaret's Project Santa helps many Cumberland families

"It's about the children" our founder, Margaret Olson always said. Regardless of why a family is in need, children need to feel they belong and are important, with no judgement. That philosophy has carried through during 30 years of giving with Margaret's Project Santa. "I can't even express my gratitude properly", said one family. "And the food! I just put it all away and the ham gives us a meal for Christmas. Thank you thank you thank you!"

Margaret's Project Santa is over for this year but will be back and ready to go next year.

Thank you all for making holiday wishes come true!

Sons of Norway Dovre Lodge to Meet

Sons of Norway, Dovre Lodge will meet Tuesday, January 10, 2023, 6:00 pm, at Chetek Lutheran Church, Chetek, WI in the Fellowship Hall. A "potluck" supper will be served. Bring your favorite dish or dessert to share. The program will be "Glimpses of Modern Life in Norway" through the eyes of Pastor Guy Redfield who served a congregation in Oslo and Patrick and Kristi Anderson, who traveled as students through Norway. Come and join us for an evening of food, fellowship and and fun. Visitors are always welcome!

Barron Spotlighters Theater Group Announces "Who's Afraid of Virginia Woolf?" Tickets Now On Sale

Barron, WI (for immediate release) – The Barron Spotlighters theater group announces that tickets for their second production of the season, "Who's Afraid of Virginia Woolf?", are now on sale through their website: www.barronspotlighters.org. Tickets are $16 each for any of the six shows on January 27-29 or February 3-5.

"Who's Afraid of Virginia Woolf?" is a well-known drama that won a Tony award for Best Play in 1963, as well as Best Actor and Best Actress Tony's in the same year. It was adapted into a movie in 1966 starring Elizabeth Taylor as Martha. The play provides a wealth of tension, both between the couples on stage as well as between the actors and the audience. It is a great study in the psychology of relationships of all kinds.

Attendees are warned that this play contains adult themes and language. All performances will be held at the Barron Area Community Center. Friday and Saturday shows begin at 7:30pm, and Sunday matinees begin at 2:30pm. Box office opens 30 minutes before show time. Learn more about this show and purchase tickets at www.barronspotlighters.org.

Margaret's Project Santa!

Packing bags for families for the holidays are Mary Rogers and Nancy Zappa.

Susan Bridger CCE Director 715-822-5121 ext. 403 or sbrid@csdmail.com

Buying and Selling on Facebook

January 17, 2023 • 5:30-7:30 pm

Everything you need to know to successfully list and sell on the Marketplace.

Cut the Cable Bill

January 31, 2023 • 5:30-7:30 pm

Thinking about getting rid of another monthly bill? TV lovers have more budget-friendly options these days than they may realize. This class will teach you how to ditch cable and satellite TV - and save a bundle - without giving up your favorite shows or features. Learn how to use the devices you have to watch your favorite shows, rent/buy movies, view photos on your flatscreen TV and much more! This is a VERY fun class that fills up fast.

*All classes are offered by Sara Reimann who has been teaching Community Education technology classes for over 20 years along with running a successful computer store. Since the pandemic started it changed how her classes are taught to the community. Sara has been very successful with teaching classes online using ZOOM technology. *Cost of each class is $20.**

If interested in registering or any of these great classes please contact: Susan Bridger , Community Ed Director, 715-822-5121 ext. 403 or email: sbrid@csdmail.

2023 Hike/Snowshoe Event @ 10:00 am
