

UTV Crash Results in Fatality

On Sunday, June 11, 2023, at 7:24 p.m., the Barron County 911 center took a call of a UTV crash on the trail just south of Cumberland.

Deputies from the Barron County Sheriff's Department along with the Cumberland Police Department, Cumberland Fire Department, Mayo Ambulance, Marshfield Medical Ambulance, 2 Life Link Helicopters, Barron County First Responders and the WI DNR responded to the scene.

Initial investigation shows a UTV was traveling south

on the trail and left the trail and struck a tree. Two occupants of the UTV were both extricated from the UTV. The driver, a 53 year old male from Comstock, was flown to Regions Hospital in MN in critical condition. The passenger, a 48 year old female from Comstock, was deceased at the scene.

Speed and Alcohol are believed to be contributing factors.

The WI DNR is reconstructing the accident scene and the case remains under investigation by the Barron County Sheriff's Department and the WI DNR.

City Council Holds June Meeting; Future of Beach Among Many Topics

The Cumberland City Council held their June Meeting last Tuesday night and following the approval of the agenda with one exception, the May minutes, and monthly expenses, the Mayor and Council began their look at a variety of issues during an 80-minute session.

Tabled from the initial agenda was a Resolution to finance the cost of improving the drinking water distribution system to serve the new hospital, for which the City intends to issue and sell revenue bonds to provide long-term financing. Not currently ready for discussion, it will be tackled on at a later date.

The Council then began its business by passing Ordinance number 787 to provide regulations for mailbox on City Road Right Away. This comes following several recent tough winters that have led to accidental physical contact issues for city street crews leading to damaged mailboxes.

The Ordinance states that all new or replacement single mailboxes installed after November 1, 2023 shall be mounted on a swinging arm with a length of 30 inches and mounted on a 4x4 wooden post. These swing a-way boxes will hopefully lead to less issues for workers and damaged boxes. The Ordinance indicates the City will only repair or replace mailboxes that meet these regulations, while those that do not meet requirements will not be replaced.

The Ordinance further allows City workers to remove any mailbox or post that are not in use after a period of one year.

Next on the agenda was Resolution No. 2023-06, that set annual budget preparation guidelines and time frames. Passed unanimously, this requires all departments to prepare and submit their annual budgets in an established manner.

The Council then accepted a request for City annexation of a sliver of land along

a driveway, approved the appointment of Matt Torkelson to the Airport Commission, and issued a number of Transient Merchant, Liquor, Class B, and Operator licenses.

The night concluded with Committee and Mayor Reports, which included a lengthy discussion on the beach.

With growing community interest in offering assistance to take on projects to, "Bring back the beach" to its past, Alderman Michael Cifaldi from the Parks and Recreation Committee, suggested a number of plans for the area including hopes to reestablish a diving platform, rafts, and ropes. He stated the swimming area provided, "Great memories for myself and hundreds of other community youngsters during our youth."

Cifaldi further indicated that despite the current lack of lifeguards, his contacts with the City Insurance Company and Attorney, indicated the City would be covered in any possible liability issues that could possibly result from the reestablishment of the beach area.

Concerns came from Aldermen Goldsmith and O'Dell, who indicated their fears that assurances from insurance companies and attorneys would not hold up in court. Further discussion on the implications of a lack of lifeguards and whether changes to the current status of the beach was a Parks and Recreation or the full Council decision led Mayor Shoemaker to mediate and call for further discussion at a June 20 meeting.

Further Committee updates came on the upcoming bids for the new Utility Shop, ongoing job description work, the purchase of two new lawn mowers for Public Works, and reports from the Senior Center, Library, Golf Course, and Airport. The meeting adjourned with all eyes turning towards a June 20 Special Meeting.

Awful Accident!

Two Life Link helicopters along with multiple agencies were called to the scene of a horrible UTV Accident Sunday night just south of Cumberland on County Hwy P. One person lost their life in the crash. According to a press release from the Barron County Sheriff's Department speed and alcohol were factors in the crash.

A View From the Lake

by Tom Schroeder President, Beaver Dam Lake Management District

With the Memorial Day weekend behind us, the lake have commenced.

The Lake District is in full speed ahead mode with the planning for the Annual Meeting to be held on Sat. August 5th at 9:30AM at the Cumberland Middle school. The draft 2023/2024 budget is approved and the agenda is being finalized.

The dredging permit for the north side of Library Lake is still being discussed with the WDNR but hopefully after tomorrow's, June 15th meeting with the WDNR, we will have a clearer understanding of what needs to be done to meet all the WDNR requirements for the permit to be approved. I will include a full chronological explanation of the permitting process for this permit in my Annual Presidents Letter.

Because of the high lake level following the rapid snow melt, HIGH LAKE LEVEL - PLEASE NO WAKE signs were posted at all the boat landings. On May 23rd the signs were removed when the lake returned to approximately 6 inches above normal. Unfortunately the sign at the Norwegian Bay boat launch was missing. I want to thank all the watercraft operators for following the "No Wake" request and using common sense when they operated their watercraft during the high water event. On Friday, June 9th the side boards at the dam were closed and the lake level was at the "normal" level.

On May 18th the channel to the east of hyw. 63, as well as City Bay, Rabbit Bay and Cemetery Bay received a whole lake treat-

ment with 2-4D. Then on June 9th, a number of smaller EWM locations throughout the lake, including the area just west of the highway 63 bridge was treated using ProcellaCOR. As explained in previous articles it is important to differentiate ProcellaCOR from 2-4D and other herbicides that are used to eradicate EWM. ProcellaCOR is applied in Parts Per Billion (PPB) rather than Parts Per Million (PPM) when compared to other herbicides. This year's approved Plan is on the BDLMD website at beaverdamlake.org.

The buoys are again in place by the beach area, the "sand dam" between Rabbit and Williams Bay and at the narrows. They are there for the safety of everyone using the lake. I encourage wake boat and ski boat operators to avoid going between the "No Wake" buoys by the beach

and the north shore. Making turns per state boating regulations in the limited space between the "No Wake" buoys and the 100 ft. "No Wake" from shore requirement is difficult. WI. State boating regulations state that it is illegal to "Operate a vessel repeatedly in a circuitous manner within 200 feet of another vessel or person in the water and Operate a vessel within 100 feet of the shoreline, any dock, raft, pier, or restricted area on any lake at greater than "slow, no wake speed." Please avoid this area when wake boarding, surfing, or skiing. I will provide an update on the "Wake" issue in my Annual Presidents Letter.

Have a safe and enjoyable summer on the lake and I hope to see you at the August 5, 2023 Annual Meeting.

Back the Blue!

Police Officers played a game of balloon toss with kids at the Back the Blue fundraiser held Friday night June 9th on the south end of Main Street. Hundreds of people came to show their support of law enforcement. It was a great event that was fun for all ages. The event raised money for the Chetek Police Department, Cameron Police Department and Cumberland Police Department.

Bare Minimum!

Bare Minimum will be performing at 6 p.m. Tuesday, June 20, on the Library Lake stage. From left to right, guitarists Phil Capuzzi and Dustin DeGoller and vocalist Raya Capuzzi. The concert is sponsored by Cumberland Boat Storage, Dock & Lift.

Bare Minimum on Library Lake June 20

You might have heard them Friday night on the south end of main street at the Back the Blue fundraiser, or at a half dozen other venues in recent weeks. Bare Minimum, one of the area's busiest bands, will be playing at 6 p.m. Tuesday on the Library Lake stage. The free concert is part of the Island City Music series brought to you by Enrichment Through Culture (ETC) and local businesses. Cumberland Boat Storage, Dock & Lift is sponsoring Bare Minimum. Food will be served by the Barronett Civic Club. The band is led by guitarist Dustin DeGoller, who describes Bare Minimum as "an acoustic trio specializing in oldies, classic rock, country, blues and contemporary tunes with an old school twist." In addition to DeGoller, the band consists of Raya Capuzzi on vocals and Phil Capuzzi on guitar. For the first time this summer, the school district's kayaks are available on Library Lake during the concert. Sue Bridger, community education director, asks that you reserve kayaks by calling her at 715-822-5121, ext. 403, or by emailing her at sbrid@csdmail.com. The Cumberland Farmers Market also is on Tuesdays, from 4:30 p.m. to 7:30 p.m., on the street next to the library. If it rains, the concert and market will be at the Cumberland Arts Center, 1595 Second Ave. You should bring your own lawn chair to the concert. Questions? Email lhwer-ner47@gmail.com.

ETC (Enrichment Through Culture) is proud to bring you the

Commemorative Memorial at Cumberland American Legion

It is my honor and pleasure to announce to our local community a new commemorative park. Your local American Legion post, Anderson Thomson Post 98, decided approximately two years ago to start a commemorative memorial to all of our veterans and their families. To this end we started our efforts on a small scale by planting a garden area with a new flag pole and base. This community responded with not only labor but dollars and materials. We have a flag pole base that will stand for eternity and it is a beautiful piece of artwork as well. We thank those that made that happen. Around this flagpole we have planted a garden like atmosphere anticipating it will promote a place for peaceful reflection and heartfelt memories of our loved ones. We have planned for benches where one can sit and reflect and we are currently setting engraved paver stones. These stones are made of granite and will remain in the garden forever. We are asking for your participation in this project. Do you have someone or some deed that you would like to memorialize? Even a patriotic organization can memorialize itself should you so desire. The wording on the stone is for you to determine. We have negotiated a cost for each stone from a local source. Each stone will cost \$250.00 and will have three lines of up to 22 characters/letters/numbers/symbols per line. The stones will be maintained by Post 98. If you should decide you would like to honor one of your relatives or friends with a solid granite paver stone please complete an order form. Forms are available at the American Legion Post 98 building on Wednesday and Friday nights or you may call Dave Husby at 715-671-0112 and he will mail one to you.

Commemorative Memorial!

The new flag pole base that will have a place for memories for our loved ones.

Ray Cooney's wild farce, "It Runs in the Family," will entertain Red Barn audiences June 21-July 1. Get ready for mistaken identities, crazies, and lots of comings and goings! Terry Weisner, assisted by Gail Gifford, directs a true community theatre of actors from multiple surrounding towns. Carl Liden of Barron portrays Dr. David Mortimore who frantically fends off a paternity suit, an ex-wife, punkish offspring and other kooks in order to deliver a lecture at an international conference. Also coming from Barron to appear on the RBT stage is Beth Halverson portraying Matron. Representing Rice Lake are Jake Donze as Dr. Hubert Bonney, Brandon Brown as Ser-

geant, Boyd Stearns as Bill, Carson Donze as Leslie, Jill Stearns as Sister, Ami Hakari as Sir Willow Drake, and Casey Peckham as Mother. Tommy Youston of Cumberland is Dr. Mark Connolly, Ella Jansen of Turtle Lake plays Jane Tate and Rachel Westberg of Chetek is Rosemary Mortimore.

Driftwood is the featured medium in the work of Joe Stuntz, the artist in the Gallery for this second show. Area residents may have seen his whimsical fish and mobiles at the Dancing Bird Studio in Cumberland. The Red Barn Theatre is located at 2247 22nd St,

Rice Lake, WI which is northeast of Rice Lake at the junction of Highway 48 and County Trunk M. Single admission tickets are \$20. All shows begin at 7:30 pm (with no show on Sunday). Reservations may be made by calling 715-234-8301 or going online at redbarntheatre-ricelake.com

Out My Window

by Paul Bucher, Editor

Wow, what a great event Back The Blue was last Friday night. Awesome job by all the volunteers and the people who donated to make the event the success it was. The weather was perfect, the food was good, the auction seemed to go well and people were in a great mood. Thank you to Bourbons Bar and the Hammer Bar for sponsoring the event. It was great to see the police having fun with the kids and hopefully enjoying the support. Thank you to all law enforcement for all you do.

-0-

While on the subject of thanks, I can't say it enough to the firefighters and EMT's and those who respond to horrible accidents such as Sunday night's UTV accident just south of town which was awful. Prayers go out to the family and friends who lost a loved one in the accident. I have been to many bad accidents through the years and it is tough to see, and I am on the outside. These men and women see things that must be hard to put out of their minds. Thank you for being there at the worst times.

-0-

Summer events just keep rolling on. Art in the Park was held last Saturday at Tourist Park. Another Cumberland Car Cruise takes place this Thursday night and Louie's Finer Meats hosts the annual "Bacon Run" this Saturday at 9 am. Congratulations to Erickson Excavating for being the business of the year. The Chamber of Commerce held their appreciation day at the Cumberland Golf Course last Wednesday afternoon. From all accounts, a good time was had by all.

-0-

The Twins and Brewers just keep playing so so baseball. Both divisions are weak and just begging to have a team take control. The Brewers just got swept by the worst team in baseball, and the Twins blew a 6-1 lead on Sunday. The two teams meet this week. Those games are always fun to watch. Hopefully both clubs can figure it out and start winning some games. It's a long season. Have a great week!

In case we haven't told you lately

THANK YOU!!

Inside Wisconsin

by Tom Still

"Misplaced ire: GOP frustrations with UW and the engineering building"

MADISON, Wis. -- Viewed from the perspective of Republican state legislators, it's easy to see why some of them repeatedly question the University of Wisconsin System or, especially, the UW-Madison campus.

Those lawmakers may think some campuses have gone overboard on "diversity, equity and inclusion," or DEI, which is spurring contention nationwide. They wonder if campuses are committed to freedom of speech across the political spectrum. They question admissions policies they think hurt kids of modest means from rural districts. They wonder about structural deficits at 10 of UW's 13 four-year campuses at a time when enrollments appear to be trailing down. They question why the Madison campus doesn't rank higher in business-sponsored research.

Those frustrations shouldn't be acted out by refusing to fund a much-needed building for the UW-Madison College of Engineering.

But that appears to be what happened last week when the Legislature's budget-writing committee, which is made up of Senate and Assembly members with a

GOP majority, declined to approve a \$347-million engineering building needed to replace an aging structure and to meet increasing industry demand for engineering graduates.

To many Capitol observers, the action was a surprise because planning money had been approved in a past budget; \$75 million had been approved for a related utilities overhaul for the engineering campus; and a coalition of business groups that included many Republican-leaning associations had pushed for work to get underway. The \$347-million total includes \$150 million in private donations, much of which has or will come from engineering graduates who are now running companies in Wisconsin and elsewhere.

And, by the way, the UW-Madison College of Engineering is turning down well-qualified students from Wisconsin and elsewhere because there's no room to put them. For every seven applicants, only one is admitted. Meanwhile, competitors such as Purdue, Ohio State, Michigan and Illinois build whatever facilities are needed in the 21st century economy to accommodate talent from close to home and beyond.

Is the engineering building doomed? There is reason to believe the answer is "no" because the Legislature's Joint Finance Committee still has time to add it back to the two-year budget. If not, individual legislators of either party could push for a vote on the Assembly or Senate floor. That could embarrass GOP leadership if it prevailed.

Let's examine some of the Republican misgivings (as perceived by me) about funding the new engineering building, which would replace a Stalinesque structure rooted in the 1930s.

Policies on DEI are evolving everywhere, with courts and state bodies defining the rules. Wisconsin is no exception. The same goes for making sure invited speakers aren't shouted down on a public campus. Admission policies at every college in America will likely change soon if the U.S. Supreme Court strikes down race-based preferences, which appears likely. That means a system of "economic status" preferences may be on the horizon. In short, some things are beyond UW-Madison's control.

Structural deficits are real, but lawmakers should ask themselves a few questions. Are they prepared to close low-enrollment campuses,

either two-year or four-year? Have state funding decisions over time contributed to those deficits? Are they willing to give financially "healthy" campuses their own bonding authority?

The UW-Madison is eighth among all U.S. public and private universities in research "sponsored" by federal and other sources, but it ranks much lower -- 52nd -- in research paid for by private business. Seven Big Ten campuses do better overall, according to the National Science Foundation. Broken out, the UW-Madison College of Engineering was 27th in the latest NSF survey and could move much higher in the rankings if it had modern facilities. Why punish one of the top performers within UW-Madison?

Wisconsin has other fine engineering campuses, public and private, but demand for UW-Madison graduates is stronger than ever at a time when industry needs well-trained engineers in all disciplines. Let's hope negotiations breathe new life into a project that will help Wisconsin's economy for decades to come. Still is president of the Wisconsin Technology Council. He can be reached at tstill@wisconsintechcouncil.com.

A Look Back

10 Years Ago June 19, 2013

Dylan Anderson, an eighth grader at Cumberland, was planning to hold a fundraiser for his own school, Island City Academy, but when he heard about the April 30 fire at St. Croix Central Elementary School, his plans changed. Anderson organized a Read-A-Thon to support SCC Elementary, with the help of his aunt, Jenn Snowbank. Anderson ended up raising for \$1,500.

Two WITC-Rice Lake auto collision repair students were awarded 3M Hire our Heroes awards of \$2500 towards tools and equipment. From Cumberland was Tim Lloyd.

20 Years Ago June 18, 2003

South Shore Trucking, LLC., of Cumberland, recently received a Silver Award from Great West Casualty Company as part of the 2002 National Fleet Safety Awards Program. This is the second Silver Award for South Shore Trucking, as they also won a Silver Award in the 2001 Fleet Safety Award Program.

The Cumberland Middle School held the 2nd Annual CMS Olympics Day on Thursday, June 5. This included a full day of team competitions for all students, including athletic games, relays, trivia and

more. The results were: 5th Grade, 1st Place Home-room, Mrs. Zipperer; 6th Grade, 1st Place Home-room, Mr. McCreary; 7th Grade 1st Place Pillars Group, Ms. Harsh; and 8th Grade, 1st Place Pillars Group, Ms. Kinsel.

30 Years Ago June 16, 1993

John Howell, Cumberland, will be honored at a cake and coffee party on June 18th at the Cumberland Library. Howell is retiring after 25 years of service on the Cumberland Library Board, where he served as a member and president of the group.

40 Years Ago June 15, 1983

Steve Thoe and Jerry Johnson, treasurer and president of Cumberland's United Fund Drive, presented Betty Knutson of Cumberland Memorial Hospital with a \$2,000 check. The money will be used to buy a special piece of equipment used in detecting breast cancer. Thoe said the money was part of the \$10,000 collected in last year's fund drive.

A team from the Cumberland Elementary School recently earned the title of Regional Champion in the 1983 Wisconsin Math League Competition. Three hundred schools in Wisconsin competed in the Math League. The team consisted of Tedd Sirianni, Ed Schoonveld, Jeanette Bents, Bill Olsen, Kelly Knutson, Patrick Monchilovich and Andre Osumi.

50 Years Ago June 14, 1973

The Cumberland Fire Department answered a rural call at 1:27 pm, on Tuesday at the Deepwood Resort on the Southeast shore of Staples Lake. The fire was in a motor compressor which resulted in a lot of smoke and just minor damage to the motor.

60 Years Ago June 20, 1963

Darrell (Bubbles) Youngberg, former Cumberland football and basketball star during his high school days, was named football coach at Bloomer. He will also assist in coaching basketball and will teach social problems and economics.

Robert Wasilensky, son of Mr. and Mrs. Mike Wasilensky of Cumberland, will receive his Eagle Rank at the Boy Scout Eagle Court of Honor, held Sunday night at the Legion.

80 Years Ago June 17, 1943

Good news for many youngsters, and others too for that matter, is the fact that the beach is now once more approved for use. Recent water tests have determined that the water is again back to its usual high degree of purity. It's okay to go swimming.

90 Years Ago June 15, 1933

The milk price-fixing powers conferred upon the department by the Caldwell law faced two attacks this

week. Once was direct, through the courts-a suit brought by a Milwaukee milk distributor for an injunction to prevent enforcement of the law. If injunction is granted, milk prices fixed by the department for the Milwaukee and Madison markets and price scheduled contemplated for Janesville and other Wisconsin cities cannot be enforced.

Sports

Soccer Team Drops Sectional Semi Final to Rice Lake

Barron-Cumberland ended their season with a loss to the talented Rice Lake Warriors. While no one was ready for the season to end and were hopeful for a different outcome, the girls have a lot to be proud of this season.

This was a very well matched, hard fought game by both teams.

Rice Lake found the goal in the 26th minute of the game, being the only score of the match.

Rayna Hauck had a great game in goal making multiple impressive saves throughout the 80 minutes. This was one of the best games of Rayna's career.

Both our offense and defense worked incredibly hard for the full 80 minutes and did a lot of really good things. Defensively we were able to stop many strong, fast Rice Lake runs to goal and offensively we were able to work the ball around and develop opportunities to put some shots on goal, but weren't able to capitalize on them. Unfortunately, despite our efforts, we just couldn't quite pull off the win.

As coaches we are extremely proud of the play-

ers' hard work, determination and growth throughout the season. It has truly been an honor and joy to coach this group of ladies. They know how to work hard and have fun while doing it. It is a season that is really hard to see come to an end.

We wish our seniors the best of luck in their future endeavors and thank them for all their leadership and involvement throughout their time in the soccer program.

To our returning players - can't wait for next season! We aren't done yet!

Thank you to our managers Annikka Moe and Brady Mickelson for all your time and work on the sidelines. We loved having you as a part of the team!

Thank you to the families and fans that supported the team throughout the season. We appreciate all of your encouragement! This has been a season to remember!

Season Summary:
Division 3 Regional Champions - Three Years in a Row - 2021, 2022, 2023
Finished the season 18-4-1
123 goals scored; 18 goals allowed
14 Shutouts

Beavers Fall 5-1 to St. Croix Falls in Cumberland Sectional

The Cumberland Baseball Team saw their season come to an end with a 5-1 loss to the St. Croix Falls Saints in a Sectional contest in Cumberland last Tuesday night. With the loss, the Beavers finish the 2023 season with a final record of 15 and 13.

Cumberland battled the Saints until the end, but could not recover from a two-run first inning, which gave St. Croix Falls a lead they never gave up. Gavin Prinsen took the pitching loss for the Beavers, going 4 and 2/3 innings, giving up five runs on five hits, while issuing four walks and striking out six.

The Beavers lone run came in the seventh inning, when Prinsen scored on a Bryan

Hauser ground out. Dylan Smith went the distance on the mound for the Saints, giving up one run on seven hits, while striking out four and walking only one Cumberland hitter.

Coach Joe Waite received two hits each from Uriah Johnson and Cooper Schramski in the game.

The Saints threw ace pitcher Brydan Olson in the night cap and defeated Marathon 4-0 to win a trip to the State Tournament. "Our kids really came together to take home a Regional Title and played a solid game against a State Tournament qualifier in Sectionals. The kids should feel very good about the way they finished the 2023 season," said Head Coach Joe Waite.

Hard Fought Sectional Game!

Barron/Cumberland's Sydney Stauner battles Rice Lake's Lexi Berger in Rice Lake's 1-0 Sectional win at Endeavor Stadium last Thursday night.

Barron/Cumberland's Jasmine Woodley and Rice Lake's Ella Clark chase a loose ball Thursday night in Cumberland. The Warriors came out on top 1-0.

26 Abby Elliot and the Warriors Julia Holthaus fight for every inch in Thursday's Sectional played in Cumberland.

An Outdoorsman's Journal

by Mark Walters

Up North Bluegill Fishing and Camping Trip!

Hello friends,
I met Paul Bucher who is the owner and Publisher of The Cumberland Advocate about 25 years ago when I stopped at his office on a marketing run. We literally have been buddies since day one and have shared a heck of a bunch of outdoor experiences and became family friends on both sides. This past weekend I headed up to Barron County to camp on a lake on some county land and to do some serious fishing for bluegill.

Saturday, June 3rd
High 88, low 61
We all know about the heat that has been kicking every man, animal, and corn crops tail end. Last night I got here with an hour of daylight left, it had just rained which is rare these days and Paul Bucher and I had 3 trips of about 200-yards each to get my camping gear to a hike in only site. The mosquitoes were brutal and that is an understatement, a good cameraman could have had some excellent footage of 2 guys losing lots of blood until we got a good smoke fire burning.
Today would be a day of hardcore fishing on a Polk County lake in intense heat and nothing came easy but 2 buddies that have both had some huge challenges over the last 350 days really did not care. Paul likes to work the shoreline, he puts his trolling motor on spot lock and we used bobbers, and ice fishing jigs tipped with either a worm, wax worm or a leech. What did not happen in numbers as for the most part we were working deadfalls in the water, we made up in size. Each deadfall would yield us 1-3 sumo bluegill and I am serious when I say 8.5 at the smallest that we would keep with most over 9 inches.

One year ago this weekend I attended a surprise 55th birthday party for Paul that his wife Sarah had at their rural Cumberland home and it truly was a dandy. Five nights later I would lose the Queen of my life Michelle Chiaro in a surprise attack from Sepsis that would literally destroy the best part of my day-to-day life. At about the same time, Paul started having problems with his heart and it required major surgery to fix this past February.
I believe it was last fall that Paul's dad, Craig Bucher, who was very well known in the area passed away and my point is that since the two of us did something together we have both been put through the ringer.
The heat was intense today and we stayed in Paul's 17.5 Alumacraft "Competitor" all day, but 2 old buddies kept 33 beautiful bluegill and ended the day with a bluegill just under 11-inches and one at 10.5 which we happily released. After cleaning our catch, we sat by my campfire until late in the evening and I cooked pork steaks over the campfire and we had a very good handle on the mosquitoes.
The following day I broke camp early in the morning, was consumed by many blood suckers on the treks out and then drove the "Chevy Hotel" over to Polk County by myself. As seems to be the norm during the open water season I had my canoe on the racks. I fished in a very casual way, watched good people enjoying summer at their cabins and I put a serious hurting on the big gills.
Just before dark the old truck made it home and home is a good place to be. Live like there is no tomorrow!
Sunset

Paul Bucher with a 10.5 inch bluegill that he released.

The mosquitoes were numerous on this adventure.

Coach-Chuck Patrin presented Camden Johnson with a banner honoring Camden for being the Cumberland High Shooting Individual for our 2023 trap season. Congratulations on a great season!

Athletic Hall of Fame Class for 2023

The Cumberland School District has announced its Athletic Hall of Fame Class for 2023. Six individuals will be inducted at a Banquet to be held at the Das Lach Haus on Saturday evening, October 14. Details on how to purchase tickets for the event will be issued at a later date.
Joining the Hall of Fame on that evening will be Carrie Warner Hall, Erin Miller, Jerry Elmborg, Richard Capuzzi, Brent Denoma, and John Talbot. “We had 17 nominations from the community to look over, each with great credentials and each very deserving. We take our job very seriously and continue to seek the best of the best to recognize each year,” said Committee member Mark R. Fuller.
Articles on each of these individuals will appear in the Advocate this summer leading up to the event. Here is a brief rundown on each of the 2023 inductees.
John Talbot graduated in 1965 with nine letters in football, basketball and track. First Team All-Conference in football and Second Team in basketball, John was an excellent track performer and still holds the School Record with a long jump of 20' 9 1/2 inches.
Rich Cappuzi graduated in 1969 and was a 1,000 yard rusher and First Team All-Conference performer in football, a starter on the basketball team, and an outstanding track performer, who once held the School Record in the Shot, as a member of the 880-yard relay team, and the 100-yard dash. His 10.25 time in the

100-yard dash will never be broken.
Jerry Elmborg graduated in 1971 and was an outstanding basketball player and track athlete. Hindered by a shoulder injury and subsequent shoulder harness, Elmborg still became a First Team All-Conference basketball player and MVP and multiple Sectional qualifier in track.
Brent Denoma graduated in 1988 with 10-letters and as a 1,000 point scorer and two-time First Team All-Conference performer in in basketball, a First Team All-Conference Football player, and a two-year starter in baseball, where the team was ranked among the best in the state.
Carrie Warner Hall won 11 varsity letters and was a First Team All-Conference performer in the sports of volleyball, basketball, and softball. She played on Cumberland's only two Conference Volleyball Championship teams and was a WIAA Scholar Athlete.
Finally, Erin Miller concluded an outstanding athletic career in Cumberland with 10 letters, five team MVP awards and five First Team All-Conference honors. She played most of her senior basketball season with a torn ACL causing her to miss her final softball campaign or she would have received even more area awards. She is the current head volleyball coach as the high school.
It is a great class, who will provide a night of many great memories for Cumberland athletic fans at the banquet in October.

State Trap Tournament!

Four of our Cumberland Trap Team participants were part of the State Tournament on Saturday, June 10 at the WTA Shooting Complex in Rome, WI. 85 High School teams featuring more than 2,000 student athletes participated along with thousands of spectators. Congratulations on a job well done to: Camden Johnson, Jonathan Nelson, Jack Manor, and Braxton Riebe. Pictured left to right are - Chuck Patrin-Coach, Braxton Riebe, Jonathan Nelson, Camden Johnson, Jack Manor, Willie Manor-Scorekeeper, and Jason Riebe-Range Attendant.

The Beavers and Saints shake hands after St. Croix Falls beat the home nine 5-1. The Saints then downed Marathon 4-0 to move on to the State Tournament.

David Olson (left) and Vaughn Johnson played in the 32nd annual Western Wisconsin All Star Classic last Tuesday night at Spring Valley High School. Good job guys!

OBITUARIES

Diane E. Kaseno

Diane Elizabeth Kaseno, of Cumberland, died June 4, 2023, at her home. She was born November 13, 1954, in St. Paul, MN to Maurice and Rosella (Fye) Braun.

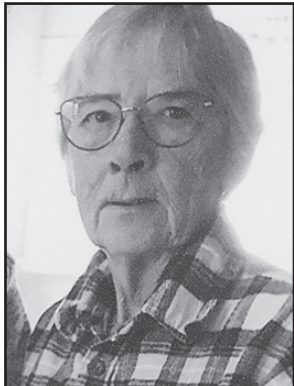

Diane loved to go horseback riding and to spend time with animals. She was a very outgoing woman; she cherished teaching her nieces, and nephews how to ride horses. She will be deeply missed.

She is survived by her life partner, Wayne Green; brother, Morrie Braun; sister, Carolyn Bachmeyer; numerous nieces, nephews; and many great nieces and nephews. Diane was preceded in death by parents, and siblings: Wayne Braun, Glyness Laguna.

Celebration of life will be held from 11 AM - 5 PM

Saturday, June 24, 2023, at 2689 US Hwy 63 Cumberland, WI. Any questions can be answered by calling 715-671-3742.

Skinner Funeral Home of Cumberland is serving the family.

Jacklene (Benson) Spanjers

Jacklene (Benson) Spanjers, 71, of Princeton, MN., left us on March 6, 2023 at home.

Jacklene was born November 24, 1951, in Cumberland to Marvin and Janice Benson.

She married Richard Spanjers and they shared the love of the outdoors for over 25 years.

Jacklene had many accomplishments and will be greatly missed.

Jacklene was preceded

in death by her husband Richard and brother Steven.

She is survived by siblings Bob (Cindy) Carol, Mike, Julie (Pete), Jimmy, Shannon.

A dual celebration of life for Jacklene and Richard will be held Saturday, June 17, 2023 at 1:00 pm at Tammy and James Anderson residence, 806 Northside Blvd. N.W., Coon Rapids MN.

Isabel "Belle" (Beecher) Long

Isabel "Belle" (Beecher) Long, 96, of Cumberland, died Thursday, December 21, 2022 at Willow Ridge Healthcare in Amery, Wisconsin. The youngest of four children, she was born in Ashland, WI on July 10, 1926 to Earl Barton and Mattie Pauline (Beyatt) Beecher.

Mass will be held at 11 am on June 16, 2023 in the Parish Hall of St. Anthony Abbot Catholic Church followed by a burial service. A reception will follow at the American Legion Hall in Cumberland.

Funeral arrangements are entrusted to Skinner Funeral Home in Cumberland, WI.

DHS Selects Providers for New Homeless Assistance Program

The Wisconsin Department of Health Services (DHS) has awarded grants for a new program designed to help families and pregnant people experiencing homelessness. Using funds from the Children's Health Insurance Program Housing Support Initiative, selected homeless assistance providers will offer a set of supportive housing services, including housing consultation, transition supports, sustaining supports, and relocation supports. Wisconsin is the first state to implement this type

of housing benefit with CHIP funds.

"At DHS, we believe every family deserves a safe and stable home, and our Children's Health Insurance Program Housing Support Initiative is a step toward making that a reality for families experiencing homelessness in Wisconsin," said DHS Secretary-designee Kirsten Johnson. "We are proud to introduce the grant awardees who will provide these essential services and support families on their journey to stability and health."

Church Directory

"Go and Learn"

by Pastor Todd Ahneman
Barronett Lutheran Church

Not long ago, we welcomed springtime, and now we turn to the summer days. Now, many churches return to the Sunday readings from the gospel of Matthew. Matthew was not as well-known as Peter or John, but his contributions to the church have been treasured for centuries.

Remember the story of the three wise-men who came to see Jesus? That is from Matthew. Wise men still seek him.

Jesus grew, and his ministry started with reaching out to everyone. 'Jesus began to proclaim, "Repent, for the kingdom of heaven has come near." (Matthew 4:17) This was not a heavy-handed scolding, but a call to people to take a different path in life, rooted in love and mercy. Jesus treasured all people, and extended his life for them. (John 3:16-17)

Matthew wrote: 'Jesus went throughout Galilee, teaching in their synagogues and proclaiming the good news of the kingdom and curing every disease and every sickness among the people.' (Matthew 4:23)

Jesus knew everyone needed to hear the good news, and bring healing to hurting people. One story was of Jesus eating dinner and a Pharisee questioned the disciples on why Jesus would eat with tax collectors and sinners. Jesus' answer was "Those who are well have no need of a physician, but those who are sick." Maybe the tax collectors and sinners were drawn to Jesus, the Great Teacher and healer, who looked for something the Pharisees lacked, a sense of caring.

It was then that Jesus coached the Pharisees to learn kindness and compassion for others: "Go and learn what this means, 'I desire mercy, not sacrifice.'" (Matthew 9:13, quoting Hosea 6:6)

It looks like they could use some new direction too, and develop a sense of kindness and compassion for others around them. I think some people may need more practice than others.

Matthew later wrote: the greatest commandment, according to Jesus, was: "You shall love the Lord your God with all your heart, and with all your soul, and with all your mind." And a second is like it: "You shall love your neighbor as yourself." (Matthew 22:37, 39)

May we also 'go and learn' to love God, and show love and mercy to people, just like Jesus.

Cumberland School District Employment Opportunity 3rd Grade Teacher

Job Title: Full-Time Third Grade Teacher
Job Description: Full-time Third Grade teaching position at Cumberland Elementary School, effective at the start of the 2023-2024 school year. A successful candidate should have the ability to differentiate learning to a variety of student needs. Candidates must have strong collaboration skills, excellent oral and written communication abilities, and a willingness to work closely with students and families. We are a 1:1 iPad district and technology integration is vital to our classroom environment.

Qualifications: A Wisconsin Department of Public Instruction Regular Education (1777) or Elementary/Middle Level Education (1088)
Extracurricular and coaching opportunities are also available.

How to Apply: If interested in this position, applications are submitted through the WECAN website: <https://wecan.education.wisc.edu>. Applicants may also mail or email a resume, letter of interest, three letters of recommendation, and copies of transcripts from all attended universities to:

Dr. Barry Rose, Superintendent
Cumberland School District
1000 8th Avenue
Cumberland, WI 54829

CUMBERLANDSCHOOLDISTRICT Employment Opportunity Speech and Language Pathologist

Job Title: Full-time Speech and Language Pathologist
Job Description: Full-time Speech and Language Pathologist position at the Cumberland School District, effective at the start of the 2023-2024 school year. This candidate is responsible for providing speech/language therapy, evaluating students in the areas of both speech and/or language disabilities, report writing, participating in district wide screenings, and IEP writing and meetings. The therapist should be able to demonstrate the ability to be a student advocate and a team collaborator to ensure students' success. The ability to interact in a positive, constructive manner, with students, families, and staff members is essential. The successful candidate will be an energetic, dynamic professional who is passionate about student learning. The ability to work in a collaborative team environment is a must.

Qualifications: The qualified candidate will possess or be eligible to hold a DPI License, 1820 - Speech and Language Pathology
Extracurricular and coaching opportunities are also available.

How to Apply: If interested in this position, applications are submitted through the WECAN website: <https://wecan.education.wisc.edu>. Applicants may also mail or email a resume, letter of interest, three letters of recommendation, and copies of transcripts from all attended universities to:

ORDINANCE NO. 789
AN ORDINANCE TO AMEND SUBSECTIONS 17.13(2) (a) OF THE MUNICIPAL CODE OF THE CITY OF CUMBERLAND RELATING TO ACCESSORY BUILDINGS REGARDING FRONT YARD/BACK YARD ON NAVIGABLE WATERS.
The Common Council of the City of Cumberland do ordain as follows:
SECTION ONE: - Subsection 17.13(2)(a) of the Municipal code of the City of Cumberland is hereby amended to read as follows: 17.13(2) ACCESSORY BUILDINGS, USES, STRUCTURES AND USE OF REQUIRED YARDS.
(a) Accessory buildings are not allowed in the front yard. Notwithstanding the forgoing accessory buildings are permitted to be in the front yard of lots located directly adjacent to Navigable Waters, as defined in Ordinance § 19.03(2), so long the accessory building maintains compliance with all setback requirements.
SECTION TWO - Effective Date. This ordinance shall take effect upon passage and publication as provided by law.
PASSED, ADOPTED AND APPROVED this 6th day of June, 2023.

Daniel C. Shoemaker, Mayor

ADOPTED: 06/06/23
PUBLISHED: 06/14/23
EFFECTIVE: 06/15/23
ATTEST: This ordinance was passed by the Common Council of the City of Cumberland, Barron County, Wisconsin, at a duly noticed and convened regular meeting held on June 6, 2023.

ORDINANCE NO. 787
Regulation for Mailbox on City Road Right of Way
STATE OF WISCONSIN
City of Cumberland
Barron County
SECTION I - TITLE/PURPOSE
The title of this ordinance is the City of Cumberland Regulation for Mailbox on City Road Right of Way.
SECTION II - AUTHORITY
The Common Council of the City of Cumberland has the authority under its city powers under s.62.11(5), Wis. Stats., to adopt this ordinance.
SECTION III - ADOPTION OF ORDINANCE
The Common Council of the City, by this ordinance, adopted notice with a quorum and by a roll call vote by a majority of the Common Council present and voting, provides the authority for the City to regulate the placement of mailboxes and removal of non-compliance mailboxes in the city.
SECTION IV - DEFINITIONS
In this Ordinance:
A. All new or replacement single mailboxes installed after November 1, 2023 shall meet the following minimum requirements:
1. Mounted on a swinging arm with a length of 30 inches.
2. Attached to a 4x4 wooden post.
3. In accordance with Postal Service regulations.
B. Any Mailbox and/or post not in use for a period of 1 year **may** be removed by the street crew.
C. The City will only repair or replace mailboxes damaged due to direct physical contact by the city street crew and were previously in accordance with Postal Service and City regulations.
D. The city **will not** reimburse individuals for the damage, but will repair or replace with a standard size mailbox.
SECTION V - EFFECTIVE DATE
This ordinance is effective on publication.
The city clerk shall properly post or publish this ordinance as required under s. 62.11(4)(a), Wis. Stats.
Adopted this 6th day of June, 2023.
ADOPTED: 06/06/23

Northwoods Notebook: Owner of ‘The Five’ sells but isn’t leaving

By Larry Werner

Almost nine years ago, we bought a home in Cumberland, and I fell in love with this place almost immediately. But for a few years, I spent most of my time here while Ann ran an education business back in the Cities.

My pal, Bob, also retired from the Minneapolis newspaper, hung out with me up here, kayaking in the warm months, cross-country skiing in the winter. And in the evenings, we would be in the Five O’Clock Club bar, exchanging good-natured banter with Kari Nesseth-Klein, owner and bartender.

Kari would always greet us with a smile and, more often than not, a wisecrack. Kari not only knew our names, but our drinks, and what we liked to eat. Like the clam chowder Bob always ordered – with extra crackers.

One night, he said he’d be willing to pay for the extra crackers, and Kari presented him with a large bowl of saltines with his chowder.

When he got the check, it was \$106 – six bucks for the soup and a hundred bucks for the crackers.

On winter nights, when there were few of us in the place, Jen Patrin would join in the silly talk with Bob and me. One day, Jen told Bob that the last time he was in he took both copies of the credit-card slip with him. He had dutifully added a tip for Jen but didn’t leave the “merchant copy.” So, of course, Jen didn’t get her gratuity.

Bob was properly embarrassed when told what he had done and left a tip for Jen, Kari’s right-hand server and, like Kari, a character who makes time spent at the supper club more enjoyable.

On the first of this month, Kari and her husband, Mark, turned the business over to Jen and her husband, Chad, longtime chef. Kari, who has owned the supper club for 19 years, decided to sell to a couple who have worked there for 14 years. Kari’s mother is ill and living with Kari, who is her mother’s caregiver.

“I just needed to spend more time with my mom,” Kari said, tearing up a bit as she talked about selling the place. She is glad she was able to turn her business over to the Patrins, who not only have worked there for

14 years but live in an apartment above the restaurant.

Kari will work as a hostess at The Five, greeting guests with that big smile, but will no longer work day and night, dealing with the stresses that are part of owning a business. She’ll hand those stresses off to Jen and Chad.

“Chad and I are excited to keep the tradition of the Five O’ Clock club alive,” Jen said. She said the two couples have been talking about the sale for “a little over a year now.” She said there will be no changes to the menu.

“The only changes we’ll make are probably more cosmetic,” she said.

The new owner said she loves the old supper club, to which she’s given 14 years of her life.

I love all the people who come here,” she said. “Cumberland’s such a great town, and everyone’s super nice.”

On the night we talked last week, Ellen Clare Sendelbach, another newcomer, was visiting with friends in the bar. She, like I, found this a place to make new friends and, as she said, to be served by people like Kari and Jen, who have become friends.

“This is home,” Ellen said of The Five. “We Wisconsinites love our supper clubs. That’s where your family and friends are. That’s where you get good food and friendship. I look at all the people I’ve gotten to know in town because we come to the Five O’ Clock Club. When you sit down it’s your friend coming to serve you.”

Sendelbach is president of the business-support organization called 50 People (& more) Who Care, and she’s put together a collaborative of downtown businesses that conduct events, such as the monthly Car Cruise.

She said Kari is handing her business off to the next generation.

“I can appreciate where Kari is in her life,” she said. “I’m retired now. Kari’s looking down that scope. I’m excited to have Jen and Chad as part of the next generation of entrepreneurs in town. I think it’s exciting.”

Larry Werner’s email is lhwner47@gmail.com.

Changing Hands!

Jen and Chad Patrin have purchased the Five O’Clock Club from Kari Nesseth Klein (center). Kari plans to stay on and “host” but turned the keys over to Chad and Jen. Good luck to the new owners.

Business Of The Year!

The Cumberland Chamber of Commerce honored Erickson Excavating as the business of the year at the annual Industry Appreciation Day held at the Cumberland Golf Club Wednesday, June 7th. Pictured from left to right are Kate and Jordan Erickson, Mary and Mark Erickson, Travis and Becky Erickson and Chamber of Commerce Coordinator Emily Schutte presenting the plaque. Congratulations Erickson Excavating!

The 2023 Barron County Aqua Dairy Show to be Held June 26th

The 2023 Barron County Aqua Dairy Show will be held on Monday, June 26, at the Barron County Fairgrounds in Rice Lake. The show will start promptly at 10 a.m. this year.

This is an open dairy show for area youth that will also include dairy showmanship classes of different ages at the conclusion. The Aqua Dairy Show is a great opportunity for youth who haven’t shown before to gain experience in the showing and for experienced youth to get some time in the ring before the fair!

Pre-Registration is requested by June 21. Registrations can be submitted online at <https://go.wisc.edu/79544d> This will aid in starting the show on time. For additional information or if you have questions, please contact Steve Fronk 715.205.1798.

Entry information should include: name, age of exhibitor as of January 1, club or organization name, breed(s) exhibiting, and class designation. This will aid in starting the show on time. For example, if an exhibitor has a four-year-old cow, it would not be necessary to be there at the start time as long as the animal was pre registered. Registered and grade animals are shown together for this event.

Exhibitors are also reminded to bring a fork/shovel and wheelbarrow to clean up their bedding pack once the show is completed.

The public is encouraged to attend and there is no admission. The Barron County Aqua Dairy Show is hosted by the Barron County Dairy Committee and Barron County 4-H and is sponsored by Synergy Cooperative, Compeer Financial Services, and the Barron County Dairy Youth Fund.

For more information, please contact Steve Fronk, Dairy Committee Chairman, at 715.205.1798

Youth Baseball Tournament!

Seventh grade short stop Oziah Thompson throws to first base for an out in a tournament held at Islander Park last Saturday.

Barronett News

By Judy Pieper

Our son, Richard Pieper, traveled to Whitewater on Wednesday with other members of Barron County Special Olympics teams to compete at State on Thursday and Friday. He brought home two silver medals, one for throwing a baseball and one for the 500-meter run. He, and the rest of the team, had a wonderful time in Whitewater – staying at the college dorm and visiting the other athletes. And we are very proud of him. He has gotten quite a collection of medals over the years that he has been competing.

It’s rodeo season again!! Jeremy Olson competed in the calf roping events on Friday night at Barnum, Minnesota and Saturday night at Medford, Wisconsin. He placed in both events. Lynn Thon and I traveled to Medford on Saturday to cheer him on. I’ll tell you what – She and I both love rodeos, but it was so cold and windy that all we could think about was getting back in the car and turning the heat up to 80 degrees. We were both wearing sweaters, but, luckily, there was a booth selling sweatshirts so we both got one of those too. The calf roping event was third on the program, and it was great watching Jeremy in action, but we didn’t stay for the rest of the events. I certainly hope the weather will be a little nicer the next time we go.

Kane and Pierce Thon had been at their Grandma Lynn’s house earlier that day. Kane thinks Jeremy is the most wonderful super-hero in the world and he wants to grow up to be just like him. Jeremy and Miriah gave Kane a lariat and a plastic calf’s head so he could practice roping, and he has been working on that a lot lately. The boys were hoping to go to the rodeo with us, but it was a long way to travel, and it would be late when they got home so their parents declined our invitation. Actually, we were happy they didn’t go with us when we were sitting outside freezing during the competitions. They would have been miserable. We plan to take them with us to the Spooner rodeo in July.

Geri Pittman, Kelly Orth, Tina Anderson, Duane and I enjoyed a delicious dinner at Sal’s on 63 on Friday evening. Fridays are always hectic for

the kitchen crew at Sal’s, but Suzy was able to come out and chat with us for a few minutes. We all enjoyed the great food – Duane had a piece of rhubarb pie for dessert, but the rest of us were too full to eat another bite. Kelly took a piece of pie to go and ate it later. Smart woman.

Jerry Marsh and Jodi invited us for breakfast at Hilltop Retreat on Sunday morning. Pat Olson was there and visited with us at our table. Jerry is getting ready for his fishing trip to Canada, which will be coming up soon. I will be making four different kinds of cookies for his trip – chocolate chip, oatmeal, sugar and peanut butter. He always brings back enough fish for a nice fish-fry during our family weekend in Hayward.

The Washburn County Ag Breakfast, which was held this past Saturday at the fairgrounds in Spooner was, once again, fantastic. This year the farmers’ market was at the fairgrounds too, which was fun to walk through and check out all the crafts, veggies and flowers. We were very happy to see that children were still able to get rides on Harry Dahlstrom’s little train. We enjoyed the meal – where else can you get pancakes with ice cream and strawberries, cheese curds and real maple syrup served up by lots and lots of friendly people? We were hoping that Bill Gill would be able to join us, but he wasn’t able to come this year. I told him that we plan to have a bonfire at the treehouse soon, and we will plan it when he has time to come.

Speaking of the treehouse, I love sitting up on the deck watching the humming birds at the feeders. When Duane and I work in the garden we take lots of breaks on the deck. There are a couple hammock chairs up there and we really enjoy rocking back and forth and thinking about what we have left to do. The garden is coming along beautifully – all of the seeds have sprouted, and we can tell the veggies from the weeds. It’s just too bad that the weeds are so much stronger than the plants. Thank goodness for rototillers.

I guess that’s about all I know from Barronett today. I hope you are enjoying the sunny weather. Have a wonderful week.
