

Motorcycle Crash Claims Life of Almena Man

On Saturday May 11, 2024, at 8:18 PM, the Polk County Emergency Communications Center received a call of a motorcycle crash on County Highway D, west of State Highway 63 in the town of Clayton. Deputies and First responders went to the scene and located the crash. An eastbound motorcycle went off the roadway after attempting to negotiate a curve on County Highway D. The Operator of the Motorcycle was not wearing a helmet and sustained fatal injuries. Life saving measures were attempted but not successful. The mo-

torcyclist was pronounced deceased on scene. The person who passed away was 53-year-old Richard M. Johnson, from Almena.

This crash remains under investigation by the Polk County Sheriff's Office and the Polk County Medical examiner.

Polk County Sheriff's Office would like to thank Clayton Police Department, Clayton Fire and First responders, Northwestern Municipal EMS, Life Link Air Ambulance, and The Polk County Medical Examiner for their assistance with this incident.

Man Falls in Lake at Lakeside Cantina in Chetek; Subject In Critical Condition

On Saturday, May 11, 2024, at 9:10 p.m., the Barron County 911 Center received several calls of two people in the water near the docks at Lakeside Cantina in Chetek. One of the subjects was immediately located and pulled from the water, the other subject remained missing.

Deputies from the Barron County Sheriff's Department along with the Chetek Ambulance, Chetek Fire Department, WI DNR, Chetek Police Department, Marshfield Medical Center Ambulance and Mayo Helicopter all responded to scene.

Upon arrival the second subject, age 63 from La Crosse, had been located and pulled out of the water and lifesaving measures were conducted on the second subject. That subject

was flown to Mayo Hospital in Eau Claire and is in critical condition. The first subject, age 58 from La Crosse, was treated at the scene and released.

Initial investigation shows one male subject was attempting to get into a boat from the dock and fell in. When he did not surface another male subject jumped in to locate him, began to struggle, and was assisted out of the water with the help of bystanders.

The Wisconsin DNR and the Barron County Sheriff's Department are investigating this incident and alcohol is a contributing factor.

We would like to thank the staff at Lakeside Cantina for their immediate assistance and help in rendering aid.

Per Chris Fitzgerald, Barron County Sheriff

Stay Informed and Stay Safe: Barron County's CodeRed Alert System

As we approach severe weather season, it is important that we prepare for thunderstorms and tornadoes. To help you stay informed and safe, Barron County has contracted with CodeRED to allow anyone throughout the County the opportunity to receive free emergency alert notifications and weather warnings that require immediate action.

Anyone wanting the free service of emergency or weather alerts sent to their cell phone, VoIP phone, or email accounts; needs to register for an alert account by visiting our website at <https://www.BarronCounty-WI.gov/Sheriff> and clicking on the Code Red icon in the left-hand column.

During registration, you can specify your preferences for receiving alerts, including notifications for tornado warnings, severe weather warnings, or flash floods relevant to your address. CodeRED's system is designed to notify

you only if your exact location falls within the warned area issued by the National Weather Service; therefore, you only receive alerts that pertain to you.

It is important to note that Barron County Emergency Management is the sole authority besides CodeRED to issue alerts. These may include notifications for events like missing children alerts, an armed suspect in the neighborhood, local threats necessitating lockdowns, or instructions for shelter-in-place or evacuation due to chemical spills.

Rest assured, your information remains confidential and is shared only with Barron County Emergency Management and CodeRED, not with solicitors.

Mike Judy, Director Office of Emergency Management Barron County Sheriff's Department

Thank You!

Barron County Sheriff Chris Fitzgerald and members of the Barron/Rusk Emergency Response Team thank Link Ford of Rice Lake for a substantial donation helping them to purchase new tactical helmets.

Link Ford Helps To Increase Law Enforcement Safety

With the help of a substantial financial donation from Link Ford of Rice Lake, the Barron/Rusk Emergency Response Team has purchased new tactical helmets that will increase safety and make sure our deputies re-

turn safe to their families. These new helmets have improved capability, are more comfortable and are able to better fit with our tactical equipment used by the team.

The current helmets will

be transferred to the non-ERT members of the patrol division to increase their safety during calls.

We can't thank Link Ford and their employees enough for this donation but more importantly their continued

support of law enforcement. This donation not only helps our ERT members but all our deputies who serve your community.

Per Chris Fitzgerald, Barron County Sheriff

Design a Logo for the City of Cumberland

The City of Cumberland is sponsoring a logo contest. The winning designer will receive a \$150 prize, plus tons of notoriety. Okay--in reality only a little notoriety, but a really good feeling of community spirit! All ages and skill levels are welcome to submit entries.

Logos should be tastefully made, and capture the history and spirit of the community. Logos can be hand-made or digitally created, but the city reserves the right to have the winning entry digitally remastered to

create the final, permanent version of the winning logo.

Hard copies of logo entries must be submitted (along with the designer's name, age, and contact information) for an entry to be official. By submitting an entry, you agree to give rights to the design to the City of Cumberland. Entries must be received by 4:00pm on Monday June 3rd.

Okay--get your creative juices flowing. We're excited to see what you come up with!

City Council Holds May Meeting with Lots on the Table

by Mark R Fuller

The Cumberland City Council met last Tuesday, May 7, to take care of the monthly agenda. Following the roll call, approval of the minutes of past meetings, the payment of \$338,57.10 in April expenses, the approval of the agenda, and a short update from Craig Turcott on the Cumberland Area Trails Alliance work on promoting biking and hiking, the business of the

evening began.

The agenda items started with the routine approval of Alderman Bill Lussier as the new Finance Chair signer for various bank accounts, replacing Michael Cifaldi, the previous holder of the position. A discussion of funding allocations for flooring at the Senior Center came next with a follow-up with the Senior Center

Mini Pow Wow!

A one of a kind Mother's Day celebration was held at Cumberland Healthcare on Sunday, May 12th. Miscobinashii (Susan Bearheart) is a patient at the hospital and wasn't able to be home for Mother's Day, so her family and friends came to her and performed a mini Pow Wow. The Pow Wow was attended by staff and other patients who wished to attend. People came as far away as LCO (Hayward) and Redcliff (Bayfield-Superior) to attend. Cake and refreshments were served.

Northwoods Notebook: Summer in Cumberland: Does it get any better? by Larry Werner

One day last week, we were invited to join a group of friends we call “the fish group” for a boat ride, followed by a potluck. The temperature was in the 70s, the lake like glass, and it’s hard to imagine greater serenity than we felt that night.

Few boats were out as our pontoon pilot steered us out of Williams Bay, past the sandbar and on toward Camp Brigadoon. Our loon friends were out, greeting us with their magical cries, rising up with wings spread, as if to say, “We’re back!”

After docking, we dined on hot dogs, brats, baked beans, deviled eggs — the perfect summer meal. Of course, it isn’t summer quite yet, but it’s just around the corner. Summer in the Island City, a place where you can live right in town and be on one of the most beautiful lakes in Wisconsin.

We’ve been in Cumberland 10 years. That means this will be our 11th summer making lake memories. This town is nice all year. But summer is special in many ways, small and big.

Walking into downtown is a small thing. But when we did it the other day, I remembered why it’s special in summer. Just before we cross the Grove Street bridge on Library Lake, we’re greeted by the red-winged blackbird. It can’t be the same red-winged blackbird I’ve been seeing for the past 10 years. But one is always there when the weather turns warm, darting among the small trees on the edge of the lake, making joyful bird noises.

Sitting outside the coffee shop is a small thing. In summer, we do that at Peter & An-

nie’s and Roots. We sat outside one day last week at Roots. It was such a nice day that people were taking walks, and one woman we know stopped to chat with us at our table. She said it was too nice to stay inside. So she walked to the Co-op from her downtown shop to get some bread, and there we were, drinking our coffee and available for small talk.

A blizzard at Dairy Queen is something you can do in fall and spring, but it isn’t the same as it is in summer. On some hot nights, after dinner, I’ll turn to Ann and ask if we should do it: Join the many locals and cabin people who decided the night won’t be complete without a chocolate-cherry blizzard, or a peanut-buster parfait, or a dilly bar or a vanilla cone dipped in chocolate. It takes me back to hot summer nights when Mom and Dad would pile six kids into the car and head for the City Dairy.

Dad, I remember, always got maple nut.

Of course, there are some grander events in summer. Sitting with a hundred or so neighbors at the Tuesday night concerts, for example; watching the fireworks from our boat on the Fourth of July, or the granddaddy of summer big deals in Cumberland: Rutabaga Festival.

But there’s a big summer deal that has turned into a smaller deal the past few years — the invasion of the kids and grandkids. When we first bought our place on Beaver Dam, they’d come three or four times. We’d make up a half dozen beds and lay down a few air mattresses. They’d dribble in one family at a time, dropping their bags at

their sleeping places and stock the cupboard and fridges with food and drink they brought for the group.

Then they’d head to the boat, tying one of those foam “lily pads” to the pontoon and anchor in our bay, where the little ones would play king of the mountain, throwing each other off the raft. We’d have many big meals, much water play and late-night adult conversations upstairs while the grandkids built a fort out of blankets downstairs.

But those visits have been reduced to maybe one per summer because the grandkids are too busy. Their schedules are so packed with soccer, baseball, sports camps, figure skating and other activities that there just isn’t time for a weekend at Grandma and Grandpa’s.

One couple in our fish group said at our gathering last week that they downsized from a large home on the lake to a small one when they realized they didn’t need all the space they used to have because their seven grandchildren can’t fit Cumberland visits into their schedules.

So when our 11th summer happens, we won’t have several memory-making visits from family, as we had in past summers. But we’ll have other, smaller events that make this the best time of year. Boat rides and potlucks with friends, for example.

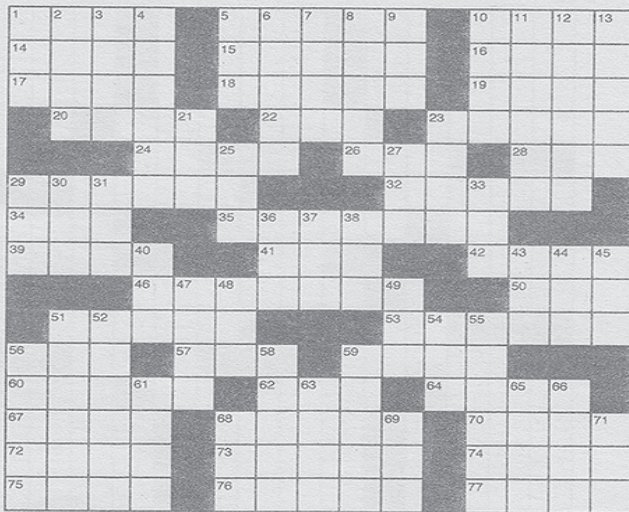

Or just sitting on the deck together, looking out at that beautiful body of water, hearing the loons cry, or watching eagles soar and dive for their fish dinners.

Out My Window

by Paul Bucher, Editor

I have to start out this week by saying I know I’m getting old! We made a trip to La Crosse this past weekend for my son Isaac’s engagement announcement party. It was a complete surprise to his fiancée Kali. Thank goodness she said yes as Ike had invited her family and friends to be there for the surprise as well as ours. It was so much fun. They all seem like really good people and Kali is a sweetheart. I can’t believe he is 25. Man as the old saying goes, time flies! As I write this at my desk, I’m looking at pictures of Ike playing baseball, golf, hockey and prom. Where does the time go? Anyway, all is good. I remember just a few years ago we had graduation parties to go to, now we have weddings! Three of them this summer. Pretty Crazy!

-0-

I noticed this past week on all my travels, that here in Cumberland we have the highest gas prices around. Even Rice Lake is cheaper. They are usually the same. I paid \$2.97 in Eau Claire on Sunday. Fourty two cents per gallon difference. It most definitely is my pet peeve. It makes no sense. Turtle Lake is cheaper, Barronett, Spooner, heck all around us. Ugh!

-0-

Tournament time is here for spring sports. The weather is beautiful. Take some time and go watch a high school sporting event. They really are fun to watch. Plus they are free or cheap even during tournaments. A good chance to work on your tan and enjoy the weather.

-0-

Man I got home Monday night and mowed my grass. I can tell you for sure that the “State Bird” has hatched here in Northwestern Wisconsin. Holy cow we literally had swarms of them last night. I put a good amount of “Northwoods cologne” just to be able to stay outside. You can’t miss the hum they make at dark. It’s pretty unreal.

-0-

Boy you can tell cabin season is here. The traffic has picked up noticeably. It won’t be long and the line of traffic at the four way will go way up the hill and beyond. It is nice to see Cumberland busy again this spring. We need our summer visitors. Businesses rely on them, plus it’s fun to see some new faces around town. Have a great week!

Inside Wisconsin

by Tom Still

“Why has Microsoft picked Wisconsin for its AI data center? Just ask AI”

MADISON, Wis. – The question on the minds of many people now that Microsoft has decided to invest \$3.3 billion in an artificial intelligence data center in Racine County is “why Wisconsin?” versus the West or East coasts or overseas.

The short answer: Microsoft leaders, who are familiar with the state, see it as the kind of place where AI innovations in manufacturing can be put to work quickly and with a solid return on investment.

Year after year, Wisconsin ranks either No. 1 or No. 2 in the percentage of its workforce engaged in manufacturing, often swapping places with Indiana. In fact, when I asked ChatGPT4 what industry sectors in Wisconsin are best positioned to benefit from AI, here’s what came back: food and beverage processing, industrial machinery and equipment, automotive components, medical devices and equipment, chemicals and plastics, paper products and electronics and electrical equipment.

“If you put this data center almost anywhere else in the country, I’m not sure there would nearly the potential return,” said Buckley Brinkman,

who leads the Wisconsin Center of Manufacturing and Productivity and who has been an advocate for state industries large and small to adopt the new technology.

The reasons are simple enough: AI can help Wisconsin manufacturers be more efficient and productive; better predict maintenance downtime; optimize supply chains; and control quality. Its predictive properties can help reduce energy use and waste on the front end and avoid costly mistakes or down time on the back end.

“AI is going to be transformational,” Brinkman said. “It’s all about making products that can be competitive around the world. Plus, it’s building on a strength that Wisconsin has... our manufacturing sector and the practical streak of the people who are behind it.”

For those who were initially excited (present company included) when Foxconn announced plans in 2017 to invest \$10 billion in a flat-panel screen manufacturing plant in Racine County, Wednesday’s Microsoft unveiling could be viewed with skepticism.

There are some major differences, however, starting with the fact that

Microsoft appears committed to under-promising and over-delivering. Foxconn’s predictions of up to 13,000 jobs came right out of the gate, while Microsoft has built on a March 2023 announcement of 460 jobs on a much smaller footprint. What was initially a 315-acre site is now 1,345 acres with a total investment of \$226 million in real estate alone, much of which is already shovel-ready.

There are other reasons to believe Microsoft will follow through. For starters, company president Brad Smith and Satya Nadella, its chairman and chief executive officer, both has Wisconsin ties. Smith was born and grew up in Wisconsin; Nadella holds a degree from UW-Milwaukee.

The company is also the leading partner in TitledownTech, a venture capital firm formed out of a partnership between the Green Bay Packers and Microsoft. It has invested in startups and done a lot to accelerate their development, particularly in Green Bay.

Microsoft appears much more willing than Foxconn to put its faith in other Wisconsin resources that can help to make the whole project work.

That includes an AI co-innovation laboratory at UW-Milwaukee, a training agreement with Gateway Technical College in southeast Wisconsin, and a relationship with gener8tor, a Wisconsin-born accelerator with locations nationwide and beyond.

Finally, the indigenous feel surrounding the project is helped by its location, which is adjacent to I-94 in what I have long called the “I-Q Corridor,” with the “I” standing for interstate, innovation and the “Q” suggesting quality. There is every reason for Microsoft to be a part of a corridor that runs south to Chicago and north and west to Green Bay, the Fox Valley and Madison.

Did the announcement come in a political year in a swing state? Of course. There will be those who have their doubts based on those circumstances alone. However, in a world where artificial intelligence has already burst onto the scene, the Microsoft data center is much more about right time and right place.

Still is president of the Wisconsin Technology Council. He can be reached at tstill@wisconsin-technologycouncil.com.

A Look Back

10 Years Ago
May 21, 2014

Louie’s Finer Meats received state recognition at the 75th annual Wisconsin Association of Meat Processors Convention held in April. This year, a record of 1,084 products were entered in 36 product categories. Louie’s received recognition for 11 products: Smoked Bratwurst, Olive Ham, Ring Liver Sausage, Peppered Bacon, Bone-In Ham, Coarse Ring Bologna, Cotto Salami, Blood & Tongue, Northwoods Snack Stix, Commercial Ham and Cooked Traditional Bratwurst.

On April 23, 2014, Heart O’ North High School Principals and the Conference Commissioner recognized Kathy Tonner for 17 years of service to the athletic conference. Tonner, a CHS graduate, has served the HON athletic conference as the Sports Information Director.

Delilah J. Sheppard, 40, of Minneapolis, MN., has been charged with possession of methamphetamine, narcotic drugs and possession of drug paraphernalia. Her adjourned initial appearance is scheduled for May 15, 2024.

Royce D. Smith, 60, of Milwaukee, has been charged with possession

of methamphetamine and possession of THC. His adjourned initial appearance is scheduled for May 15, 2024.

Amanda M. Thompson, 45, of Rice Lake, has been charged with possession of methamphetamine, second and subsequent offense and possession of drug paraphernalia. Her adjourned initial appearance is scheduled for June 12, 2024.

Jodi L. Bell, 62, of Rice Lake, has been charged with OWI. Her adjourned initial appearance is scheduled for June 12, 2024.

Heather F. Parsons, 34, of Rice Lake, has been charged with possession of methamphetamine. Her adjourned initial appearance is scheduled for June 12, 2024.

Austin A. Eggert, 24, of Rice Lake, has been charged with possession of narcotic drugs, possession of drug paraphernalia, criminal damage to property, disorderly conduct, obstructing an officer, and operating a motor vehicle while under the influence with a minor child in the vehicle.

A deputy, with the Barron County Sheriff's Department, reports on May 1, 2024, at approximately 10:50 pm, he was on duty when he was notified by the Barron County Dispatch Center that they received a call from a male subject, who stated there was a vehicle with an intoxicated younger person in it that showed up at an apartment building in Cameron. The deputy responded to the 911 call arriving on scene at approximately 10:53 pm.

In his written statement, the male subject states that he heard a car horn several times from a vehicle. Another tenant in the apartment building went to go see what was going on. The driver was later identified as the defendant, Eggert, and he began directing profanities at the male. The male tried to disengage. However, Eggert took off after him. Eggert then kicked the door and broke the mirror on a parked vehicle that belonged to another tenant, who was identified as J.A.L.

It was then that the male states he called 911 and reported the incident. The male states the vehicle Eggert was driving stalled in the intersection with officers arriving shortly thereafter. The deputy reports he spoke with the two males. The males stated they heard a horn honking and went outside with a third individual, to see what was going on. The two also completed a written statement. In their written statement, the males state they heard this guy, who they positively identified as the defendant, laying on his horn for several minutes. They state they confronted the defendant and asked him to stop. Eggert got aggravated and jumped into the passenger seat of the vehicle he was driving. They could smell marijuana

coming from the vehicle. One of the male asked Eggert if he was under the influence. Eggert then started screaming racial slurs and telling them he was going to beat them.

The males stated Eggert charged them and kicked the car in the parking lot. Eggert then sat in his vehicle and squealed the tires on his vehicle for several minutes before police officers arrived.

In her written statement, J.A.L. states that she arrived home from work at approximately 10:20 pm. After returning home from work, J.A.L. states she heard constant honking from outside. J.A.L. states she looked out the window and saw a vehicle parked by the mailboxes. J.A.L. heard the person in the vehicle threatening someone from the building. J.A.L. also heard someone from the building come out and tell the person in the vehicle to stop honking. J.A.L. states she went outside after her neighbor informed her that he saw her car being vandalized. J.A.L. completed a Statement of Loss and Damages estimating the cost to repair the driver's side mirror that was knocked off of her vehicle and a large dent on the driver's side door being in excess of \$600.

Upon arrival, the deputy reports he observed a Jeep that was parked in the middle of the road. The deputy reports he observed Eggert seated in the passenger seat. Two small children were seated in the back seat of the vehicle. The children were Eggert's daughters, who are both four-years old.

The deputy asked Eggert where the driver of the vehicle was. Eggert stated the driver took off and ran in a different direction. The deputy reports tenants from the apartment building standing behind him and advised Eggert was the driver of the vehicle. The deputy reports he then asked Eggert directly if he was driving the vehicle. Eggert started to cry and stated he did not want to lose his kids.

The deputy asked Eggert to step out of the vehicle and for permission to pat him down for weapons. The deputy reports that, before he began to pat Eggert down, Eggert stated he had marijuana and a pipe in his pants pocket. The deputy reports he proceeded to search Eggert's person and located a pipe and a Ziploc bag in Eggert's pants pocket.

The deputy reports he asked Eggert when he smoked the weed last. Eggert stated he smoked it approximately four hours earlier. Eggert further stated it was not just the weed, but also the alcohol. The deputy reports he asked Eggert when he last drank. Eggert stated he drank approximately 30 minutes earlier.

The deputy reports he asked Eggert if there were any other drugs in the vehicle. Eggert stated there might be fentanyl in the vehicle. While searching the vehicle for the presence of fentanyl, the deputy

reports he asked Eggert if he mixes the fentanyl in with his weed. Eggert stated he did and that the weed from his pocket would test positive for fentanyl.

The deputy reports he observed signs that Eggert was impaired as he was speaking with Eggert. The deputy asked Eggert to perform standardized field sobriety tests which Eggert agreed to perform, but did so in an unsatisfactory manner.

The deputy placed Eggert under arrest for operating while intoxicated and placed him in the rear seat of his patrol vehicle and opened the back door where Eggert was seated. Eggert's face was bloody and had a cut above his right eye and eyebrow. There was blood dripping down Eggert's face and blood dripping down the partition onto the floorboard and back seat.

The deputy reports he transported Eggert to a nearby hospital where a sample of his blood was collected. The result obtained was .149.

If convicted for possession of narcotic drugs,

Eggert may be fined not more than \$10,000 or imprisoned for not more than three years and six months or both. For possession of THC, he may be fined not more than \$1,000 or imprisoned for not more than six months or both. For possession of drug paraphernalia, he may be fined not more than \$500 or imprisoned for not more than 30 days or both. For criminal damage to property, he may be fined not more than \$10,000 or imprisoned for not more than nine months or both. For disorderly conduct, he may be fined not more than \$1,000 or imprisoned for not more than 90 days or both. For obstructing an officer, he may be fined not more than \$10,000 or imprisoned for not more than nine months or both. For operating a motor vehicle while under the influence, with a minor child in the vehicle, he may be fined not less than \$350 nor more than \$1,100 and imprisoned for not less than five days nor more than six months. His adjourned initial appearance is scheduled for June 12, 2024.

Keep bicyclists safe on the roadways; May Law of the Month: Bicycle Safety

As summer approaches, we can expect more people to be out on their bicycles. In Wisconsin, bicycles are considered vehicles on the road, so they have the same rights and obey the same laws as motorists. The Wisconsin State Patrol reminds drivers and bicyclists to be aware of their surroundings and share the road to keep everyone safe.

Bicycles are harder to see on the roads and don't have the same safety features as vehicles, so riders are at greater risk of being hurt or killed in a crash. Bicycles are involved in an average of 705 crashes every year in Wisconsin. Seven bicyclists were killed in crashes in Wisconsin in 2023 and 699 were hurt, according to preliminary data.

"We want bicyclists to be able to enjoy the nice weather and take in the beauty of our state without fear of a crash," said Wisconsin State Patrol Superintendent Tim Carnahan. "Both motorists and bicyclists need to use extra caution and share the responsibility of creating safe roads for everyone to use."

Driver responsibilities

If you see a bicyclist, slow down. The higher the vehicle speed, the higher the likelihood a bicyclist will be seriously injured or killed in the event of a crash.

Use caution. Bicycles have a smaller profile, so it is harder to judge their speed and distance.

Look twice for bicycles. Many crashes happen when drivers pull out from a stop sign, turn left or change lanes.

If parking along the

street, always check the side mirrors and look back before opening doors. Opening a vehicle door into the path of a bicyclist can cause them to lose balance or flip over.

State law prohibits motor vehicles from driving in a bicycle lane, except to enter a driveway, merge into a bicycle lane before turning at an intersection, or enter or leave a parking space located adjacent to the bicycle lane. Bicycles have the right-of-way.

State law requires drivers to stay at least three feet away from a bicycle.

Bicyclist responsibilities

Wear protective gear, including a helmet.

Obey all traffic laws, signs and signals.

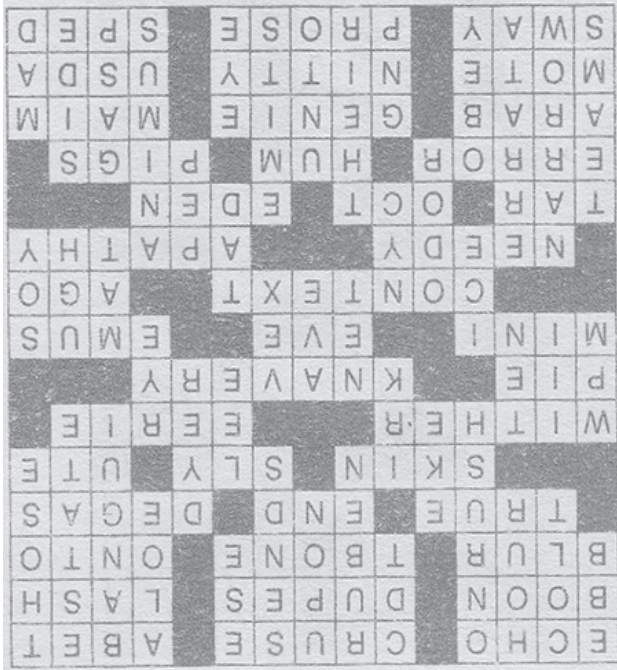

Be aware of your surroundings. Check behind you, especially when changing lanes. Keep an eye on vehicles when approaching intersections. Watch for opening car doors.

Be visible. Stay out of blind spots and use extra caution near larger vehicles like buses and trucks.

State law requires bicyclists to use signals when turning or stopping. Signals may be given by a lamp or hand and arm.

Make it easier for drivers to see you. Wearing reflective and bright clothing. State law requires lights and reflectors during hours of darkness. The back of a bicycle must have reflective tape or a steady or flashing red light, and a white light is required on the front.

Track Team Concludes Regular Season; WIAA Regionals in Webster on Monday

The Cumberland Track Team competed in the HON Conference Meet on Tuesday and now prepare for the start of the WIAA D3 Tournament schedule, which begins with the Regional in Webster this coming Monday, May 20. Competition begins at 3:45 pm.

Last week, the thinclads participated in their final HON Meet in Northwestern, where they were part of school records by Mya Gardner in the ladies pole vault, Andie Otto in the 300-meter hurdles, and the team of Kaylee Jackson, Anna Krufft, Miah Mendoza and Otto in the 4x400 meter relay. “That made for an exciting day of competition,” said Head Coach Ryan O’Connell.

The field in Northwestern was strong, as it consisted of Barron, Cameron, Chetek-Weyerhaeuser, Cumberland, Ladysmith, and the host Tigers. “The strength of the meet will help us better prepare Conference and Regionals,” added Coach O’Connell.

Leading the way for the Beavers was Andie Otto, who won the 300-meter hurdles with a time of 47.31, the triple jump with a leap of 33-7, and the 100-meter hurdles with a 16.37. Her 300-meter hurdle time set the School Record. “Andie continues to shine each

meet,” said Head Coach Ryan O’Connell.

Other first place finishes came from Josh Swint in the 1600 (4:57), Gavin Gores in the high jump (6-2), Ben Cunningham in the discus, with an excellent throw of 142-6, the girl’s 4x400 meter relay team, and the boys 4x100 and 4x200 meter relay teams.

Among other good performances by members of the team included seconds from Carly McCreary in the 3200 (14:53), Evan Hornstein in the 100-meter dash (11.92), Josh Jain in the 400-meter run (56.31), and Chayden Berghammer in the long jump (18-2). “I also really like how all of our relay teams are shaping up,” added O’Connell.

One of those relays was the 4x400, where the Cumberland girls set the new school mark, while taking first with a time of 4:20.46. “We broke the record by six seconds,” added O’Connell.

The final School Record came by Gardner in the woman’s pole vault, where her new School Record jump of 7-06, was good for 7th place.

Following Monday’s Regional in Webster, qualifiers will head to Cameron on Thursday, May 23, for Sectional competition. The Meet begins at 4:00 pm.

Golf Team Prepares for Conference Meet this Thursday

Cumberland Golf fans can head to the Cumberland Golf Course this Thursday, when the Beavers will be hosting the HON Conference Meet. Things get going at 9:00 am and will run into the afternoon.

“We have improved throughout the season and are looking forward to hosting the Conference Schools,” said Head Coach Mike Gideo. Next Tuesday, WIAA Regionals begin with the Beavers heading

to the Voyager Village Golf Course for the first round.

The Beavers finished up their regular season on Tuesday against Ladysmith, after playing a tough Hayward team last week, who rolled to the victory. Despite the loss, Derrick Gideo shot a solid round of 40, while Alex Effertz added a 45 and Brody Chartraw a 48. Lanson Haley shot a 51 to lead the JV squad against the Hurricanes.

Sports Calendar

Thursday, May 16

Golf Conference meet home 9:00
Baseball home vs Chetek/Wey. 5:30
Softball Regional home vs Webster/ Siren 4:00

Friday, May 17

Soccer @ Lakeland 7:00

Saturday, May 18

Baseball Island City Tourney ;Teams are St. Croix Falls, Tomahawk, Eau Claire Regis & Beavers 9:30

Monday, May 20

Track Regional @ Webster 3:45
Baseball home vs Grantsburg 5:00
Soccer @ Menomonie 7:00

Tuesday, May 21

Golf Regional @ Voyager Village 9:00
Baseball home vs Solon Springs 5:00
Softball Regional TBD

New School Records!

Mya Gardner set a new school record in the pole vault at Northwestern with a jump of 7ft 6inches. Congratulations Mya!

The 4X400 meter relay team shattered the old school record by 6 seconds at last weeks meet at Northwestern. Team members are from left to right Miah Mendoza, Kaylee Jackson, Anna Krufft and Andie Otto. Congratulations girls!

Andie Otto continued her excellent spring setting another school record this time in the 300 meter hurdles. Andie ran a 47:31 in Northwestern to take home first place honors. Congrats Andie!

Soccer Team Picks Up Two More Wins; Record 11-3-3

The Barron-Cumberland-Bloomer Soccer Team picked up two more wins along with a loss last week, to drive their overall record to 11-3-3 as they entered play on Tuesday against Somerset. The team will then be off until Friday, when they head to Lakeland for a 7:00 pm contest against Lakeland Union High School.

The loss came against Washburn as the Castle

Guards took home a 2-0 shutout. The teams had tied 1-1 earlier in the season.

“We put forth a good effort, but had a difficult time connecting passes and keeping possession, while Washburn played a very controlled game,” said Head Coach Sarah Stauner. Both teams played strong defense, with only 18 total shots on goal the entire evening.

The team bounced back with a 7-0 win over Hay-

ward on Thursday and a 2-0 shutout of Altoona on Friday.

Thursday’s victory over Hayward came on Youth Night. The Barron-Cumberland-Bloomer squad dominated the contest, scoring three first half goals and four more after the break. Six different girls found the back of the net, while Cumberland’s Jasmine Woodley and the rest of the defensive team shut down the Hurri-

cane offense.

Defense was also the name of the game in a shutout of Altoona. “We were missing a few players, but everyone stepped up and we played a clean game,” added Coach Stauner. She added, “We had a busy stretch of games and now look forward to a less strenuous schedule this week.”

An Outdoorsman's Journal

by Mark Walters

Thirty-Five Years an Outdoor Writer

Hello friends,
If you think that life doesn't go by in a blink of an eye, I am about to show why I feel it does. Thirty-five years ago, this Friday night I wrote my first column. I was living in the Canadian bush and called my column "North of the Border", and it was about living in fly in only locations as a camp manager for Chimo Lodge and Outposts and working for a man that is like a father to me, Pete Hagedorn. I was 27, now I am 62 and still feel like I am 27.

I wrote for Richard and Molly Emerson and when I say "wrote" I mean it. I hand wrote this column from '89 until '97 and the process never failed. Eventually my days in the Canadian bush "kind of" came to an end and I named my column and "An Outdoorsman's Journal" as before I was in the newspaper business I kept a journal on many of my outings.

In '92, I self-syndicated and that is when crazy became, real crazy. Some examples would be, I was not just going to write about shooting and catching, so in the winter I became a hardcore winter camper. My first trek back in '93 was 135 miles on The North Country Trail. Pure insanity and a sharp learning curve would best describe my first winter adventure or should I say "I had no clue." I spent 17 days in the Penokee Mountains lived off food stashes, did not have a tent and taught my golden retrievers Ben and Star to pull sleds. Those were the days of cold winters and deep snow, I loved that trip and have done it 4 times since.

My education basically ended at 3rd grade when I fell in love with looking out the window at school. back in the day the newspaper industry was king and my lack of education never slowed me down as I personally got to know my contact at every paper I wrote for and what I wrote about was so unusual as was my writing style that it helped sell newspapers. By '95 I

was in 12 papers and making \$150.00 a week. In my younger days I was a steel fabricator and always had money, I always had a simple rule, if I can't pay for my beer, I shouldn't drink it.

Back in '94 I met a very wise man who had been a career game warden out of Solon Springs. Tony told me that I should hike, paddle, ski around the entire state. Thus began the first of many trips and it was to hike on the ice, the entire Wisconsin shoreline of Lake Superior. I spent 17 nights doing this and used 35 of my 100 lives jumping open water while pulling a sled.

To date all of Wisconsin is behind me but the southern border.

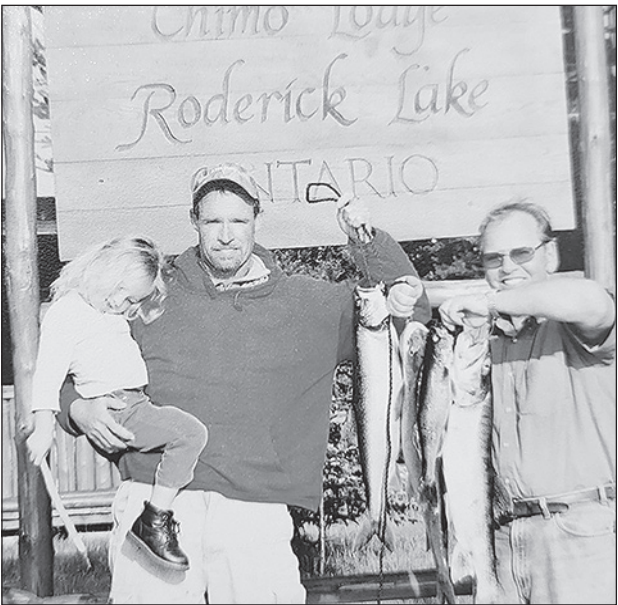

What was really cool is that I taught my golden retriever Star to do the same, crazy things. Star would do this after me as I was the official ice tester and Star always had Pearl in her sled.

I became a stepfather to Joey, Travis, and Kevin Dushek in the mid to late '90s and the father to Selina in 2001 and this was a ride that was so crazy only the boys and Selina can validate it. We had like zero money, their mom was a stay-at-home mom and we all loved that, but we lived on a writers salary and that was very cool. Fear was not in our vocabulary and becoming very good at harvesting and existing in wet, cold conditions was the norm. One example, leave on Thursday night for Lake Waubay in South Dakota, back when it was always cold. Driving my Jeep Eagle with just as much stuff strapped to the rack as in the trailer. I was the only adult. Build a camp on the ice, stay until the following Sunday, "10 days," fish that day and then drive home and get home just in time to get the kids to school.

I hate to say it but I am running out of space, the newspaper industry is very honor bound, I write for 60 papers, I might retire if I die or hit \$500,000.00 in

Walters on Lake Superior back in 95 with his golden retrievers Fire and her pup Pearl.

Chimo Lodge is where Mark Walters was the camp manager and where this column started. Walters, Selina and Pete Hagedorn.

my retirement. This journey has been so incredible it is almost surreal. If I had the finances, I would not retire for a long time.

Fast forward 32 years, I have used 94 of my 100 lives, long time readers know that. Do not cry for me if I croak on the job, it's been a good run!

Beaver pitcher Gavin Prinsen throws to first for an out in the Beavers win over Ladysmith.

Calvin Cunningham makes solid contact in the Beavers win at Islander Park over Ladysmith.

Baseball Has 2 and 1 Week; Record is 12 and 8

The Cumberland Beavers Baseball Team raised their record to 12 and 8 overall, by going 2 and 1 in HON action last week. The team played Barron on Tuesday and then play Chetek-Weyerhaeuser at Islander Park this Thursday, before hosting the Island City Tournament this Saturday, where they take-on Eau Claire Regis at 9:30 am and Tomahawk at approximately 3:30 pm. Following this weekend, there are only two games left in the regular season.

The Beavers loss came last Tuesday, when they traveled to Maple, dropping a 6-2 decision to the Northwestern Tigers.

After grabbing an early 1-0 lead, Cumberland saw the Tigers take control of the game with a three-run third inning. Northwestern used this momentum to take home the victory.

Cooper Schramski was the hard-luck losing pitcher, giving up four runs, of which, only one was earned. The Beavers hurt themselves with four errors in the contest. Offensively, the Beavers could only manage four hits, two coming off the bat of lead-off hitter, Ryan Lundmark.

The Beavers then rebounded with a doubleheader sweep of Cameron last Saturday, winning the opener

5-1 and the nightcap, 6-3.

Gavin Prinsen was outstanding on the mound in taking the first game victory, pitching five scoreless and hitless innings, while striking out eight. Nathan Schmidt went the final two in relief.

Schmidt and Prinsen both hit home runs in the contest, as the Beavers also received a two-hit game from Troy Majewski.

Cooper Schramski was equally effective in game two, as he hurled a complete game with nine strikeouts. Uriah Johnson and Lundmark supported Schramski with three hits each in the game, while Prinsen added another home run and Lundmark a triple. It was a nice day of baseball for the Cumberland nine.

The Beavers are now tied with Barron and Spooner for fourth, fifth and sixth in the Conference standings, at 9 and 7. Hayward leads the HON with a 14 and 2 record.

HON Baseball Standings:

1. Hayward: 14-2
2. St. Croix Falls: 11-4
3. Northwestern: 9-5
4. Barron: 9-7
5. Cumberland: 9-7
6. Spooner: 9-7
7. Ashland: 8-7
8. Ladysmith: 3-12
9. C/W: 3-13
10. Cameron: 2-13

Beaver infielders celebrate a Morgan Monchilovich strikeout Saturday afternoon vs Cameron at Islander Park.

Macy Beecroft rounds second base and heads to third Saturday vs Cameron.

Prepare Now To Boat Safely This Summer

MADISON, Wis. – The Wisconsin Department of Natural Resources (DNR) urges water enthusiasts to check boat equipment and review basic safety tips to prepare for the upcoming water season.

“Safety is an important part of water fun,” said Lt. Darren Kuhn, DNR boating law administrator. “Wisconsin rivers and lakes can be relaxing and family-friendly places to spend a spring day when you put safety first and respect the water.”

Check that your boat and

trailer lights and safety equipment are in working order to save time and frustration at the boat launch. A full checklist of required equipment is available on the last page of the Wisconsin Boating Laws and Responsibilities Handbook.

It’s also important to inspect your life jackets for wear and tear. Most inflatable jackets should be checked for leaks every six months, and the cartridge should be checked before each use. The jacket manufacturer’s website should

have instructions on how to check your life jacket status.

Follow the safety tips below and enjoy Wisconsin’s great lakes and rivers with family and friends.

Sign up now to take an online boater education course.

Always wear a properly fitted and fastened life jacket when you’re on or near the water. A life jacket will keep you on top of the water if you walk off an unexpected drop-off, a wave or current overpower you or you fall out of a boat.

Enjoy the waters sober and know your limits. Alcohol blurs a person’s judgment, reaction time and abilities.

River shorelines and sandbars pose unseen dangers.

Higher, fast-moving water can tax an individual’s boating, paddling and swimming skills.

Keep an eye on the weather and always tell someone where you are going.

Be ready for the unexpected, and always wear your life jacket. Learn more boating safety tips on the DNR’s Boat Safety webpage.

Softball Team Has 1 and 2 Week; Prepares for WIAA Tournaments

The 6 and 12 Cumberland Softball Team completed their regular season on Monday and Tuesday of this week with contests against the Amery Warriors and the Barron Bears. The team then opens up WIAA Tournament play this Thursday, when they host Webster/Siren at Islander Park at 5:00 pm. The winner will head to Spooner on Tuesday, May 21, for a second-round game.

The team was 1 and 2 last week, the victory a 12-4 blowout of the Ladysmith Lumberjills last Thursday in Ladysmith. Cumberland led 4 to 3 entering the fifth inning, when they exploded for a seven-run victory to take total control of the contest.

Nine walks by Ladysmith pitchers helped the Beavers cause, but 12 Cumberland hits was the difference in the outcome. Baleigh Stouffer had an excellent night with three hits, including a double, while Lexi Peterson, Kelsey Reidy, and Joie Bayerle had two hits each. Bayerle added three runs-batted-in for Coach Jess Olson.

Morgan Monchilovich was solid on the mound to take the pitching victory, scattering nine hits, while striking out six.

Unfortunately, the Beavers would drop a doubleheader to Cameron two days later by 17-6 and 11-1 scores to end their week.

Cameron had their hitting shoes on for the two games, pounding out 15 hits in game one and 11 more in game two. Monchilovich took the two pitching losses for Cumberland, with help from Bayerle in each game.

Peterson, Reidy and Stouffer each had a pair of Cumberland hits in the 17-6 opener with Stouffer having a triple. Alora Garibaldi added a two-run single for Coach Olson.

In the nightcap, Cameron ended the contest in five innings, scoring all 11 runs in the fourth and fifth innings.

Stouffer capped a big week at the plate with two hits and the team’s lone RBI. She went seven for 10 over the team’s three games. Reagan Beecroft added a Cumberland triple in the contest.

HON Softball Standings:

1. Hayward: 15-1
2. Northwester: 12-2
3. Spooner: 12-5
4. St. Croix Falls: 11-5
5. Barron: 9-7
6. Cameron: 7-8
7. Cumberland: 5-10
8. C/W: 4-12
9. Ladysmith: 3-14
10. Ashland: 0-14

Apply Now For The 2024 Elk Season; Application Period Ends May 31

MADISON, Wis. – The Wisconsin Department of Natural Resources (DNR) reminds Wisconsinites that the application period for the 2024 elk hunt is open through May 31. New this year, the Black River Elk Range will be open to hunting for the first time since elk were reintroduced to the state.

Once widespread, elk were eliminated from Wisconsin in the 1880s due to unregulated hunting and habitat loss.

Reintroduction efforts began in 1995 by releasing 25 elk into the Clam Lake Elk Range, and a second herd was established in the Black River Elk Range in 2015. The state elk population is projected to reach over 500 animals after this year’s calving season, 180 of which belong to the Black River Herd.

Due to this new opportunity, applicants are required to select between the Black River Elk Range or Clam Lake Elk Range when applying. The DNR Elk Hunting webpage includes information on each elk range to assist with application decisions.

Wisconsin residents can purchase an elk license ap-

plication online through the Go Wild license portal or in person at a license sales agent. The application fee is \$10 and is limited to one per person. The DNR recommends that all applicants check and update their contact information to ensure contact with successful applicants.

For each application fee, \$7 applies directly to elk management, monitoring and research. These funds are also used to enhance elk habitat, which benefits elk and other wildlife.

If selected in the drawing, an elk hunting license costs \$49. Winners will be notified by early June. Wisconsin residents can only draw an elk tag once in their lifetime.

Before obtaining an elk hunting license, all winners must participate in a Wisconsin elk hunter education course. The class covers Wisconsin elk history, hunting regulations, biology, behavior and scouting/hunting techniques.

This year’s elk quotas for the Black River and Clam Lake Elk Ranges will be presented to the Wisconsin Natural Resources Board as an information item during the May meeting.

Hunt Hill Audubon Upcoming Events

Program: Little Explorers
Topic: Wonders of Wind
Date: Saturday, May 18, 2023
Location: Hunt Hill Audubon Sanctuary, Sarona, WI
Time: 10:00 - 11:30 am
Program Fee: Free, but donations are appreciated.
Registration is not required, but strongly encouraged.
Hunt Hill Audubon Sanctuary will be hosting a Little Explorers program on Saturday, May 18.
Each program consists of an exciting morning of stories, crafts, and nature activities geared towards 3-6 year olds; but all ages are welcome. This month's topic is wind.
Join Hunt Hill as we discover the magic of wind and its importance in nature. We will read a story about wind, learn how wind helps plants spread seeds, and what wind barriers are through an interactive activity. After, we will head outside to understand how the invisible wind shapes our world.
Guardians must stay for the duration of the program. Depending on the weather, we

will be outside for a portion of this program. Please dress appropriately to be inside and outside in the weather.
Registration is not required, but strongly encouraged by Friday, May 17 at noon. The program fee is free, but donations are appreciated. If you register ahead of time, you must register yourself and your child(ren). For more information or to register, visit www.hunthill.org or call 715-635-6543.
Hunt Hill is a nonprofit nature preserve and learning center. You can find out more about Hunt Hill and its programs at www.hunthill.org or by calling 715-635-6543.
Contact: Marissa Ginger, Program Coordinator
Hunt Hill Audubon Sanctuary
N2384 Hunt Hill Road
Sarona, WI 54870
715-635-6543
program@hunthill.org
Program: Bat Roost Count
Date: Saturday, June 1, 2024
Time: 8:00 - 9:30 pm
Location: Hunt Hill Audubon Sanctuary, Sarona, WI

Program Fee: Free, donations appreciated.
Registration is not required, but strongly encouraged. Limit: 20 people
Interested in contributing to science and learning something new? Participate in a Bat Roost Count, a citizen science program, at Hunt Hill Audubon Sanctuary on Saturday, June 1, 2024 from 8:00 pm to 9:30 pm. Citizen Science is scientific research that the public can participate in and contribute to data collection. No prior experience is needed to participate.
At the Bat Roost Count, learn about the types of bats that live in the area and ways that citizen scientists can monitor them. Then, once the sun goes down, we will count the bats that emerge from the bat houses around camp and complete a roost count. There may be a chance to try some acoustic monitoring.
There is no program fee, but registration is highly recommended. For more information or to register, visit www.hunthill.org or call 715-635-6543.

Barronett News

By Judy Pieper

I hope you had a wonderful Mothers' Day and were able to spend it with people you love. It was such a perfect day for spending time outside – I think it was the nicest day we've had so far this spring.
Our Mothers' Day was fabulous. It started out with coffee with Tina Anderson before she headed into work at Oak View. Tina – and her dog, Peanut – had dropped off a beautiful flower arrangement a couple days before, and I took that into church with us and used it for a centerpiece on the table during coffee hour there.
After we finished with our coffee hour at the church, two of the men, Bill and Rick, insisted on washing the dishes and cleaning up. Katy brought gifts for all the women, and I gave everyone a potted begonia to plant at home. We had a few begonias left, and I am going to plant them on the base of the marquee at church.
Lynn Thon and Jerry Marsh hosted a cook-out at our house that afternoon. We had way too much food, naturally, and we all enjoyed being together – and, of course, overeating just a bit. Suzy and Ryan couldn't be there as their restaurant, Sal's on 63, is now open on Sundays, but Suzy brought over some macaroni salad and broccoli slaw. Jim and Summer were in Florida with their daughter, Maddy. (I'm still working on getting that bill passed into law that would prohibit grandchildren from moving more than 250 miles

from home without the written permission of their grandmother.) Savanna Marsh was here too – she is the little culprit who finally made me decide that the "250-mile law" would be a good thing.
Jamie and Kurt Anderson and Kaitlynn and Jessica Holmen were here and Kaitlynn and Jessica were very anxious to meet our new kitty. Jamie, on the other hand, avoided her like the plague. She is so allergic to cats, poor thing. I'm so glad our get-together was outside and Matilda is an indoor cat.
Mark, Tinille and Ivana were here too. That baby just keeps getting cuter and cuter. She is curious about everything and is smiling almost all the time. She (with just a little help from her mom) made colorful plaques for Mothers' Day gifts for her grandmas and great-grandmas. Tinille took pictures of her squishing the paint around in a plastic bag to make them. That plaque will be proudly displayed on our wall – forever.
Tru Lehmann and her friend, Caylin Schultz, were among the many contestants at the Sky High Ranch Fun Show on Saturday. They entered Keyhole, Barrels, Jackpot Barrels, Jumping Figure 8, Speed Dash and Pennant Race. They both did very well in all the contests. Tru placed 4th in Keyhole, 1st in Barrels, and 1st in Speed Dash. Caylin placed 2nd in Barrels, 4th in Speed Dash, 2nd in Jumping Figure 8, and 2nd in the Pennant Race.
It was a very exciting and fun way to spend the day.
Tru and I stopped by Miriah and Jeremy's arena on our way home to drop off Tru's horse, Mojo. Mark, Tinille and Ivana were there visiting, so we were able to spend a few minutes visiting with them too. My favorite horse, Coop, was in a pasture all by himself so I went out and curried him. It's always so great to groom a horse in the spring because it feels as though you've accomplished a lot when you see so much of the winter coat coming off.
Arnie Scheel stopped by to visit for a few minutes one day this past week, and reminded me that Deb Lehmann at the Red Brick has a few personal things going on this month. She had Mothers' Day, (along with the rest of us) a birthday, and the 17th anniversary of the Red Brick. Be sure to stop by and wish her "happy everything," and, if you are there for breakfast, remember that she has the best biscuits and gravy and French toast anywhere.
Arnie dropped off a book, "Corny Humor," so I will be telling you some pretty corny jokes for a while. Okay, here's an example of the jokes that will be following – What do you get when you cross a rooster and a duck? Answer: An animal that gets up at the quack of dawn. Oooh, that's corny.
I gotta run – You have a great week and enjoy the beautiful spring weather. See you next time.

National Trails Day Hike Planned in St. Croix Falls

Hikers looking to mark National Trails Day with an invigorating group hike are invited to St. Croix Falls on June 1 for a hike sponsored by the Polk-Burnett chapter of the Ice Age Trail Alliance.
The group will meet at 10 a.m. in the parking lot of Ray Zillmer Park, 710 N. Day Road for a hike from Mindy Creek to Rock Creek and back. Look for the yellow event signs. This is an intermediate-level round trip hike of 4.6 miles with the first half

generally downhill and the return mostly uphill. Shuttles will be available at Lions Park for those who don't feel up to the return hike.
Hikers should dress for the weather, carry their own water and a snack, and bring sun screen and insect repellent.
National Trails Day was created by the American Hiking Society as a day of advocacy and service for local trails. The Ice Age National Scenic Trail is a unit of the National Park Service, which is a federal partner of Na-

tional Trails Day.
Those wishing to make a doubleheader of the morning are also welcome to volunteer earlier in the day as race guides for runners doing the City of Trails races.
For more information, contact Cheryl Whitman at 715-371-0048 or Barb Ceder at 715-410-8069 or email the local chapter at: Indianheadchapter@iceagetrail.com
For event calendars: June 1, 10 a.m. National Trails Day group hike, 710 N. Day Road, 715-371-0048

OBITUARIES

Gloria J. Monchilovich
Gloria Jean Monchilovich, 82, of Minnetonka, MN died Sunday, February 4, 2024, at The Estates of Excelsior. She was born Jan. 24, 1942 in Frederic, WI to Dushan and Eva (Wabschall) Monchilovich. Gloria grew up on the family farm and enjoyed all aspects of it. She graduated from Cumberland High School and attended UW River Falls. In the late sixties, Gloria moved to California. Her first job was in Palo Alto, then onto Temecula and Murrieta. In 1979, Gloria began her own

business, The Bookkeeper. She would do accounting/bookkeeping for small businesses. As a professional business woman, Gloria was very active in Susan G. Komen Race for the Cure, being on the Board of Directors and Treasurer. As a member of H. E. A. R. T. (Helping Eliminate Abuse in Rancho Temecula) for Children, she served on the Board of Directors, President, and Treasurer. Gloria was also active with Rancho Temecula Area Women’s Club and Business and Professional Women, being the leader in both. In 2014, Gloria moved to Chanhassen, MN to be closer to family. She continued The Bookkeeper online until she retired. Gloria enjoyed watching sports, and was a loyal supporter of Golfer Tiger Woods and the Green Bay Packers. She loved to cross-stitch and to knit. Many were recipients of these high quality made gifts. Gloria leaves a legacy of being kind, caring and gen-

erous. Survivors include her two sisters: Helen (Howard) Nelson of Richland Center, WI, Judith Jorgenson of Shorewood, MN Sisters-in-Law: Louise Monchilovich of Brandenburg, KY, Colleen Monchilovich of Sandy Springs, GA Nieces: Paige (William) Winton of Coeur d’ Alene, ID, Lisa (Jay) Weir of Mankato, MN, Lesley Longval of Wayzata, MN, Andrea (Patrick) Pickerign of Woodville, WI, Torey (Matt) Simon of Atlanta, GA Nephews: Mike (Carrie) Monchilovich of Ekron, KY, Lance (Michele) of Rochester, IN, Dushan (Lina) Monchilovich of Johns Creek, GA, Donald Monchilovich of Brandenburg, KY, Blake (Maria) Monchilovich of The Netherlands, Patrick (Melissa) Monchilovich of Cumberland, WI, Ross Nelson of Richland Center, WI, Ryan (Alissa) McKinley of Kapolei, HI And many great, great nieces and nephews. Gloria was preceded in death by her parents; her

brothers; Donald Elroy Monchilovich, Ralph Louis Monchilovich, and Dushan Lowell Monchilovich. Her sister-in-law, Wanda Mae (Greener) Monchilovich Her nephew; Thomas Ralph Monchilovich, Her niece; Tammy Louise Monchilovich A Celebration of Gloria’s Life is planned for Saturday, May 18; 1:30 PM at the McKinley, WI Cemetery. Beverly J. Johns Beverly J. Johns, age 94 of Cumberland passed away Saturday, March 2, 2024 at Care and Rehab-Cumberland. She was born August 3, 1930 to Arthur and Bessie (Root) Youngberg. A graveside service will be held on Saturday, May 18th, 2024 at 11 AM in Lakeside Cemetery, Cumberland, WI. Skinner Funeral Home of Cumberland is serving the family.

An Equal Opportunity Provider

Church Directory

“We Have the Hope of Heaven”
by Pastor Paul Green
Hope Community Church

In his letter to the Philippians, Paul tells us our hope is certain and we can be confident in who we are as followers of Jesus Christ. He also writes that his hope in Jesus had changed everything about how he lived his life, as we see in Philippians 3:12-14

“Not that I have already obtained this or am already perfect, but I press on to make it my own, because Christ Jesus has made me his own. Brothers, I do not consider that I have made it my own. But one thing I do: forgetting what lies behind and straining forward to what lies ahead, I press on toward the goal for the prize of the upward call of God in Christ Jesus.” Phil 3:12-14 ESV

Paul’s hope is not in his accomplishments but who he is in Christ. We, also, should not live in the past, but strive to continue to grow in the goodness of God, place our hope and trust in Him, and praise Him for what is happening in our lives.

Some of you might be confused by your circumstances or an overwhelming challenge before you. You might be feeling afraid of the unknown, not knowing what’s next for you in looking for a new job or the diagnosis you’ve just received. Maybe you’re in the struggle with anxiety, depression, or addiction you battle each and every day. In the waiting, you’re just looking for hope.

Hope is a belief about the future. The writers of Hebrews said, “Now faith is confidence in what we hope for and assurance about what we do not see.” Hebrews 11:1 NIV

I want to encourage you, for all who follow Christ, He has made you His own and our ultimate hope is not in what transpires here in this moment, but what will happen that day when, “He will wipe away every tear from their eyes, and death shall be no more, neither shall there be mourning, nor crying, nor pain anymore, for the former things have passed away.” Rev 21:4 ESV

We have the hope of heaven. Is that the hope you’re living in? Is that the knowledge and the confidence you have when you look at today and the confidence you have to face tomorrow? The gospel has the power to change our lives both now and for eternity. That’s the prize we have received in Christ Jesus.

PUBLIC NOTICES

ORDINANCE #793
AN ORDINANCE TO AMEND
SUBSECTION 9.25 Use of Parks
The Common Council of the City of Cumberland do ordain as follows:

SECTION ONE: Subsection 9.25 (4) of the Municipal code of the City of Cumberland is hereby amended to read as follows:
9.25 (4) Operation and Parking of Motor Vehicles in Parks (4) No unauthorized person, except a City employee or their designee engaged in maintenance work for the city, may operate a motor vehicle or park a motor vehicle in a City Park except upon established roadways and parking lots. Authorized persons shall have and display written permission from the City of Cumberland in each vehicle being operated or parked in a park. This prohibition does not apply to persons who are loading and/or unloading materials from vehicles for special events authorized by the city, so long as the loading and/or unloading is done as expeditiously as possible to minimize the amount of time vehicles are in the park.

SECTION TWO: Effective Date. This ordinance shall take effect upon passage and publication as provided by law.

PASSED, ADOPTED AND APPROVED this 7th day of May 2024.

Daniel C. Shoemaker, Mayor
Date Adopted: May 7, 2024
Date Published: May 15, 2024
Effective Date: May 16, 2024

ATTEST:
This ordinance was passed by the Common Council of the City of Cumberland, Barron County, Wisconsin, at a duly noticed and convened regular meeting held on May 7, 2024.

Arlene Frisinger, Clerk
City of Cumberland

STAPLES LAKE PROTECTION DISTRICT COMMUNITY ANNUAL MEETING/PICNIC

Date: June 8, 2024
Time: 11:00 am-12:00 pm
Location:
County Line Tavern
3 220th Avenue
Comstock, WI 54826

The Staples Lake Protection & Rehabilitation District will hold their annual meeting on June 8, 2024. The district continues to implement our Lake Management Plan that identifies strategies and resources that address the water quality challenges facing our lake. We have also been diligently meeting with both Polk & Barron counties to identify areas needing attention within our watershed. As a landowner in the lake district, your input on priorities and potential management options is very important.

Annual summer picnic to follow meeting.

Dan Fisher, Secretary
Staples Lake Protection District

NOTICE
Notice is hereby given that the Regular Monthly Meeting of the Cumberland School District Board of Education shall be held at 6:00 p.m. for open session and closed to follow on Tuesday, May 21, 2024, in the middle school commons.

The following is the proposed agenda:

1-4. Elect officers of the board, appointments or volunteers, official newspaper of the district and Board of Education operations.

5. Approve vouchers, receipts and invoices.

6. Recognize delegates, visitors and donations.

7. Consider approval of bank resolution for short term borrowing up to \$1,500,000.

8. Consider approval/denial of open enrollment applications for the 2024 – 25 school year.

9. Consider approval of Jamie Shaffer's resignation as Director of Learning.

10. Consider approval of Megan Rassbach's resignation as Special Education Aide.

11. Consider approval of Max Brunner's resignation as Technology Education Teacher.

12. Consider employment of Gina Simon as 6th Grade Teacher.

13. Consider employment of Korbryn Angstman as Elementary School Counselor.

14. Consider approval of Maria Lynch's resignation as Forensics Advisor.

15. Consider approval of Joe Waite's resignation as Head Baseball Coach.

16. Consider approval of David Olson's resignation as Middle School Assistant Football Coach.

17. Consider approval of Kim Weber's resignation as High School Head Girls' Basketball Coach.

18. Consider approval of Reid Olson as High School Head Wrestling Coach.

19. Consider approval of David Olson as Middle School Boys' Basketball Coach.

20. Hear discussion items and administrator reports.

21. Set meeting dates and events.

Vote on closed session for the purpose of considering employment and compensation and discussing negotiations and performance evaluations per Wisconsin Statute 19.85(1)(c), specifically to discuss employee negotiations and personnel. The board will reconvene to open session to adjourn.

A copy of the agenda is posted in the elementary school, middle school, high school, and administration building.

SUMMER EMPLOYMENT
City of Cumberland

AIS Boat Monitors to check boats in and out of Beaver Dam Lake. Training will be provided for successful applicants by the City through the Wis. DNR. AIS Boat Monitors will provide education for boaters on the prevention of the spread of aquatic invasive species. The monitors will work Friday, Saturday and Sunday, but this is flexible with wages at \$15 per hour. Contact Arlene Frisinger, Clerk at City Hall with any questions.

Applications can be obtained at Cumberland City Hall, 950 1st Ave, Cumberland, Wisconsin and must be returned by May 23, 2024.

EMPLOYMENT OPPORTUNITY
CUMBERLAND SCHOOL DISTRICT
High School Secretarial Position

Job Title: High School Secretary
Job Description: The Cumberland School District is seeking applicants for a secretarial position (235 days per year, 8 hours per day) at the Cumberland High School. Strong technology and computer skills are essential, along with excellent written and oral communication skills. The successful candidate will maintain records in the area of student attendance, student transportation, school events, athletic activities, and other duties assigned by the high school principal.
Qualifications: A high school diploma is required, though preference will be given to those with advanced coursework and training. Qualified candidates must provide evidence of successful work-related experiences performing secretarial duties and the ability to maintain confidentiality. Applicants must also possess the ability to process and enter data, be detail-oriented, and be able to manage multiple deadlines. Proficiency in Excel and Word is required; familiarity with Google, PowerSchool, and Skyward software products is a plus.
How to Apply: Applications can be found on the District website www.cumberland.k12.wi.us. Mail or email application, resume, letter of interest, and two letters of recommendation to:

Daniel Hopkins, Principal
Cumberland High School
1000 8th Avenue
Cumberland, WI 54829
dhopk@csdmail.com

Deadline: May 17, 2024
Website: www.cumberland.k12.wi.us

DMV releases two new special license plates

The Wisconsin Department of Transportation Division of Motor Vehicles (DMV) now offers two new special license plates:

Suicide Prevention. Proceeds from this plate will go to the American Foundation for Suicide Prevention, a non-profit organization that works to eliminate the loss of life from suicide by delivering innovative prevention programs, educating the public, raising funds for suicide research and programs, and reaching out to those who have lost someone to suicide.

Spay, Neuter, Adopt. Proceeds from this plate will go to The Fix Is In, Inc. This is a non-profit organization that provides financial and logistical support for the spay/neuter of cats and dogs in Wisconsin. The organization's goal is to reduce the number of cats and dogs taken in by Wisconsin shelters and to reduce the number of animals that do not make it to safe shelter and suffer needlessly due to overpopulation.

The fees for these special license plates include:

- \$25 contribution to organization. The donation may be tax deductible.
- A one-time \$15 issuance fee.

Plates may be personalized for an additional \$15 fee each year.

The regular vehicle registration fee (which may include wheel tax, if applicable).

These new plates join the growing list of 53 special license plates which can be viewed and ordered online at wisconsin.dmv.gov/specialplates or ordered by mail. Plates are mailed to the customer.

Specialty plates and regular license plates can be ordered and renewed online at wisconsin.dmv.gov.

City Council...

Board to transpire. The agenda continued with a vote to accept Archive Social for its social media archiving service. This came following a short trial with Sharp Archive for the same service. For open record purposes, it is necessary to capture all records, a service Sharp Archive is able to accomplish more successfully. City Administrator Randy Reeg negotiated a discount from the original proposal and two free months of service and following discussion, the Council voted unanimously to accept the contract.

The consolidation between the Utility and Non-Utility branches of the city led to the next two agenda items, as the Council voted on long-term disability insurance and joint payroll dates for both entities. The action was approved, with the cost analysis of accounting software expenditures decreasing with the merge.

Following a routine review of the COBRASecure Service Agreement, a new fee schedule was adapted and accepted by the Council at a savings of \$720 a year. The Council followed by approving license applications and announcing a contest for the creation of a logo for the City of Cumberland, with details to be announced soon. The winner of the logo contest will receive \$400 and coincide with the City's Sesquicentennial celebration, planned for later this year.

The Council then approved a request from City Administrator and Brandon Nelson to hire Nick Nelson for the City's Cemetery Sexton/Back-up Street Crew position, discussed the plans for a possible summer goose round-up, and approved an Amendment to Ordinance #793 on the operation and parking of motor vehicles in city parks. Not to be confused with park rules, this will provide an opportunity for food trucks to apply for short term parking during the ETC music events in the summer.

The busy agenda continued, as the Council dis-

cussed and approved an agreement with the West Central Wisconsin Regional Planning Commission to update the City of Cumberland's Outdoor Recreation Plan, as a prerequisite for funding assistance programs. The proposal will ask the city to provide WCWRPC with any studies or plans related to outdoor recreation as well as an inventory for the city's current parks and facilities.

The Council also approved a proposal from WCWRPC to update the city's Zoning Map, a need following recent city activity. This will take place prior to the end of the year, during which several virtual project meetings will take place. Once finalized, the updated map will modify the corporate boundary to reflect any annexations or other boundary changes and make zoning districts changes to the city's current zoning map.

The Council finished the night by listening to Mr. Reeg's City Administrator Report and hearing Committee Updates.

Mr. Reeg's report described a busy April, which among his many activities included meetings with numerous municipal organizations, administrative and field work on storm water management, HR issues, and attendance at a risk management conference. Mr. Reeg announced that all docks and piers are in and the first wave of campers has hit the campground.

Committee Reports gave updates on current building permits, the airport lighting project, ongoing street projects, an assessment on poles and hydrants for upcoming resurfacing projects, and the new Utility building. Alderperson Kelly Cady also read a letter from an out of state visitor to the Library, who praised the city and library for its offerings and content.

Mayor Shoemaker and the Council then went into closed session to discuss employment, promotion, and performance evaluation. With that, the evening concluded.

Northern Lights !

Wisconsin was treated to a double northern light show this past weekend. Marty Peters captured this awesome photo at the Cumberland Airport of the intense purple and green aurora borealis lights.

Smokey Sun!

A haze of smoke from wildfires in western Canada made for a beautiful orange sun. Picture by Jess Rhode.

Barron Man Arrested for Child Pornography

On Thursday, May 9, 2024, the Barron County Sheriff's Department arrested Duane Hodgson, 53 of Barron, and transported him to the Barron County Jail.

Hodgson is being held on 10 counts of Child Pornography following a long investigation. Previous search warrants were served at his residence in Chetek and his business in Barron to recover computer and phone storage equipment with the assistance of WI Department of Criminal Investigation (DCI). Barron County Detectives, with the assistance of DCI, analyzed

this equipment and recovered thousands of images of suspected child pornography. Hodgson is being held awaiting formal charges by the Barron County District Attorney's Office.

Per Chris Fitzgerald, Barron County Sheriff

ATV Accident in Dallas; Two Teens Injured

On Sunday, May 12, 2024, at 6:00 p.m., the Barron County 911 Center received a call of a 4-Wheeler accident on the ATV trail just north of Dallas on 17th St.

Deputies from the Barron County Sheriff's Department along with the WI DNR, Dallas Ambulance, Mayo Ambulance, Dallas Fire Department, Barron County First Responders and Life Link Helicopter all responded to the scene.

Initial investigation shows a 16 year old from Hillsdale lost control of his ATV on the ATV trail and it rolled over causing both occupants to be ejected from the ATV.

A 19 year old male passenger from Fairchild was flown to Mayo Hospital in Eau Claire and is in critical condition and the 16 was transported to Mayo Hospital in Barron with serious but non-life threatening injuries

The crash remains under investigation by Barron County Sheriff's Department and the WI DNR.

Per Chris Fitzgerald, Barron County Sheriff
