

Authorities Asking For Help in Locating Missing Rice Lake Woman

The Rice Lake Police Department continues to investigate a missing person's case involving Melissa R. Davis, 39 years old.

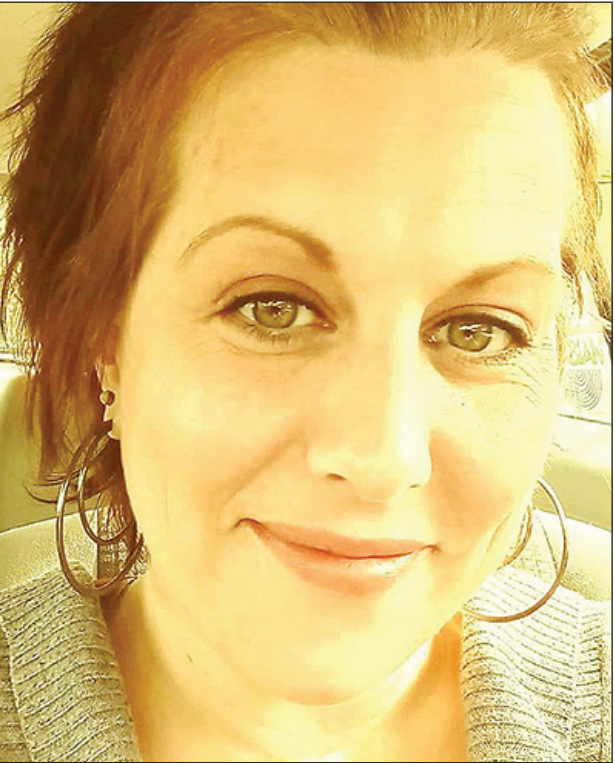

She was last seen on foot in the area of Allen Street and Main Street at approximately 6:45 pm on Monday, May 13th in the City of Rice Lake. Her family has not had any contact with her since then.

If you reside in the above location, we ask you to check any in-home security systems you may have

around the aforementioned date and time to see if you may be captured any footage of Ms. Davis in the area.

Her physical description is as follows: white female, 5'04", 125 pounds, with brown hair and hazel eyes.

If you have any information in regard to Ms. Davis' whereabouts, we encourage you to contact the Rice Lake Police Department at 715-234-2116 or the Barron County Dispatch Center at 715-537-3106.

Melissa R. Davis

Pavement, Culvert Project on WIS 48 to Start; Work includes adding rumble strips, widening shoulders to reduce crashes

To invest in Wisconsin's transportation system, Gov. Tony Evers has signed a \$5.97 million contract with prime contractor Monarch Paving Co. of Amery for a resurfacing project on WIS 48 from County P (1st Avenue) in Cumberland east to WIS 25 west of Rice Lake. Construction is scheduled to start Monday, June 10.

The existing pavement is showing signs of deterioration. The Wisconsin Department of Transportation project will:

- Remove a portion of the existing pavement and place new asphalt.
- Replace deteriorated sections of curb and gutter.
- Complete maintenance work on culverts, including repairing separated joints, replacing detached or corroded apron end walls, lining pipes, placing riprap, performing ditching and grubbing near culvert ends, adding culvert markers and replacing all four wing walls of the Hickey Creek box culvert.
- Replace guardrail.
- To address run-off-the-road crashes, the project also will:

Add centerline and shoulder rumble strips where appropriate.

When the existing three-foot paved shoulders to five feet.

During construction, WIS 48 will remain open to traffic, but motorists will encounter single-lane closures controlled by flagging.

Construction is scheduled for completion in early October.

State Champion!

Andie Otto won the Division 3 300 Meter Hurdles Title last weekend at the State Championships held on the campus of UW La Crosse. Otto came from behind to just edge out Mariah Thill of Turtle Lake/Clayton in a thrilling race. Congratulations Andie on an outstanding career and becoming the first State Champion in Track & Field in Cumberland School History. Photo by Wilber Rosenow.

Andie Otto is First State Champion in School History

Cumberland Senior Andie Otto is a State Track Champion. She won the title at last weekend's State Track Meet in La Crosse, when she pulled out an impressive come from behind victory in the 300-meter hurdles. Mariah Thill of Turtle Lake/Clayton was the runner-up, as Northern Wisconsin dominated the first two places in the event.

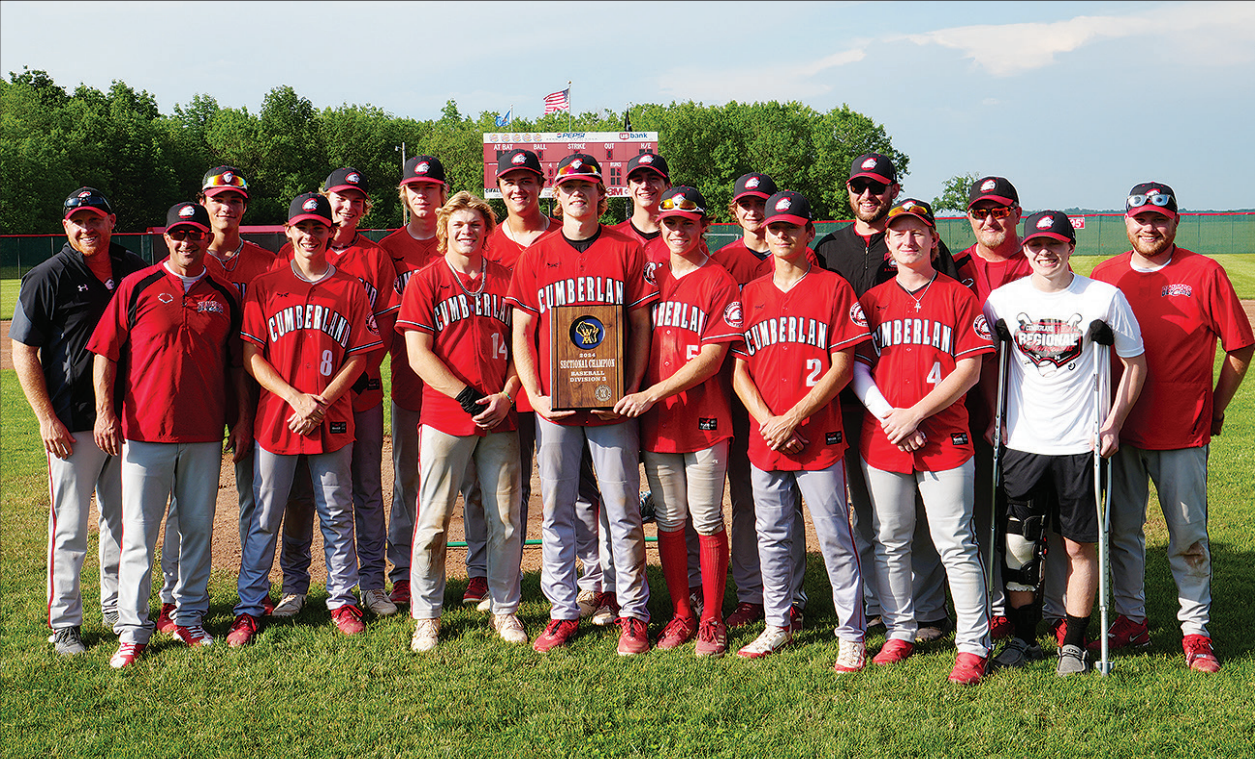

To win her State Championship, Otto ran a School Record 45.27, following a 46.49 in the preliminaries. "She put on an incredible performance. Andie has had a fantastic spring and her last 100 meters in the State Championship race was pure determination," said Head Coach Ryan O'Connell. It was Cumberland's first State Track Championship in school history.

Besides her Championship, Otto's impressive performance included a 6th in the 100-meter hurdles with a time of 15.68, only a half second behind the winner, Kamdan Johnson of Florence/Niagara, who ran a 15.10. She also finished 8th in the long jump with a leap of 16-09. Lauren Wickus of Luther won the competition with a jump of 17-07.

"It was truly a fantastic performance by Andie and our whole coaching staff is proud of her season. She's one of the best female athletes I've had the opportunity to coach. She is a competitor and incredibly dedicated but is always helping her teammates when in need. She will be greatly missed by our program, on and off the track.

Andie leaves our program as one of its most decorated athletes. As a team captain she demonstrated the core character values needed every day to be a leader within our team and our school. She has been a huge part of pushing our program to the next level and helping develop our team culture. We look forward to watching Andie continue her career at UW-La Crosse next year," concluded O'Connell.

Headed To State!

The Cumberland Beavers defeated the Mondovi Buffaloes 9-1 in the Sectional Championship game held at Islander Park on Tuesday night. Congratulations and good luck at State! Pictured back row left to right are Coach Jake Lundquist, Sloan McCreary, Uriah Johnson, Bryden Hauser, Landon Wickstrom, Calvin Cunningham, Parker Peterson, Coach Joe Serbiak, Coach John Anderson and Coach Mike Voltz. Front row left to right are Head Coach John Peterson, Troy Majewski, Ryan Lundmark, Gavin Prinsen, Nathan Schmidt, Cooper Schramski, Ian Sellent and Max Peterson.

Higher Vision!

Higher Vision will kick off the 2024 Island City Music concert series at 6 pm June 11 at Tourist Park. The group, from left to right, consists of Dick Sampson, John Westin, Elaine Molls on piano, Mike Jenkinson and Albin Peterson.

Higher Vision kicks off summer music '24

The eighth season of Island City Music opens on Tuesday, June 11, with the popular Higher Vision gospel/do-wop quartet. It'll be the eighth summer for the outdoor concerts, but the first at Tourist Park, to where ETC decided to move from Library Lake downtown. Friends of Tourist Park had asked for the concerts to move, and the arts council then discussed it and conducted a survey. About 80 percent of the 150 who responded said they wanted to be at the City Beach. So at 6 p.m. on June 11, on a small stage donated by Augustana Lutheran Church, the quartet led by John Westin and accompanied on piano by Elaine Molls will perform everything from spirituals to the Beach Boys. Other members of the group are Dick Sampson, Mike Jenkinson and Albin Peterson. Cumberland Federal Bank is sponsoring the first concert of the season. Food will be served from the Shank & Shig BBQ food truck. If it should rain, the concert will be at the Cumberland Arts Center, 1595 Second Ave. Bring a lawn chair or blanket to set on the lawn under the shade trees of our beautiful lakeside park. The school district's kayaks will be available at the beach for use during the Tuesday concerts. To reserve one, call Susan Bridger, director of community ed, at 715-822-5121 or email her at sbrid@csdmail.com.

Northwoods Notebook: Snowless winter; rainy summer? by Larry Werner

The winter of 2023-24 was oddly warm and had too little ice for fishing, too little snow for skiing. Now the summer is shaping up to be too cool and rainy for swimming and boating.

Perhaps I'm jumping to an unwarranted conclusion, especially since summer doesn't really start for a couple weeks. But after thinking we'd get an early spring, because we had no real winter, we're seeing day after gloomy day of clouds and precipitation.

The winter of 2022-23 lasted into April, meaning I didn't get my boat in the water until mid-May — as it turns out, the same time this year that Michael Benjamin pulled my pontoon out of storage and met me at the boat launch. That day, May 23, was quite nice. But there haven't been many good days since.

We had a cookout on Memorial Day that became a cook-in because it rained much of the day. The cabin people poured into town for the holiday weekend and probably spent their days at

their cabins playing board games rather than on the water.

Or they came into town. We were at Peter & Annie's on Saturday of the holiday weekend. Every table was filled. A terrific young singer, McKayla Pittman, was on the stage, which accounted for some of the crowd. But I'm sure others, like us, were there because it was raining.

On Sunday morning, we went to the Country Skillet for brunch. The only seats available were at a table occupied by our friend Gary Gannon. Fortunately, he allowed us to join him.

Lynette LeVeau, the owner, said holiday weekends are strange for the restaurant. If it's nice, business is slow. If it's raining, business is good because folks would rather go into town for a restaurant meal than hang out inside the cabin listening to raindrops falling on the roof.

Business downtown was good on Memorial Day weekend.

I stopped into our wonderful gift shops over the

weekend and Pendleton Pawn's General Store. There were shoppers in all of them.

We really do have some nice businesses in our downtown. There are the shops — Tevin, White Willow, Sugar Wear, Twice as Nice on the Island, Tiny Friends & More, the antique store, Tavis Mushrooms, Vintage Gallery, the Dancing Bird — and a great bunch of places to eat and drink, including a half dozen bars and two coffee shops. And there are a couple places to get massages on rainy days.

For several years, Ann and I went with friends to Door County, where we spent our honeymoon. That peninsula is a collection of shops and art galleries in lovely villages on the water, and there are a couple theaters for seeing plays. After we bought our place in Cumberland, I said we don't need to travel to Door County: We've got all of that right here.

Our little town is a nice place to live. And it's a nice place to visit — even if it's raining.

Larry Werner's email is lhwner47@gmail.com.

Sons of Norway Dovre Lodge Meeting

Sons of Norway, Dovre Lodge will meet Tuesday, June 11th, 6:00 pm, at Chetek Lutheran Church, Chetek, WI in the Fellowship Hall.

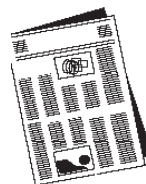

The program for the evening will be learning interesting facts about our Scandinavian heritage through group participation games. The

program committee is working hard to make this a fun and learning experience. Their hope is they people attending will hit their foreheads, laughing and saying, "I didn't know that"!

The evenings festivities will begin with a "potluck"

dinner. Bring a favorite dish to share. Come and enjoy our Scandinavian heritage, warm fellowship and delicious Scandinavian food!

Sons of Norway is a non-profit organization for women, men and young people interested in Scandinavian culture and heritage. Everyone is welcome!

Out My Window

by Paul Bucher, Editor

How about that! Cumberland got its first State Champion in track when Andie Otto roared from behind to win the 300 meter hurdles in an exciting final. Otto tracked down Mariah Thill from Turtle Lake/Clayton to nip her at the wire. Pretty cool two girls from 11 miles apart went 1-2 in the race. In a strange twist, Mariah’s mom, Abby, works at the Cumberland High School. Pretty darn neat. Congratulations to both girls and a special shout out to Andie on finishing a truly outstanding track & field career!

-0-

Well the summer events are starting to kick into gear. This Saturday at Tourist Park is the 32nd annual Celebration of the Arts. There will be arts & crafts, plus great food, entertainment and more. Stop down to the lake and check it out. This Thursday, Cumberland ETC presents Beauty and the Beast at the Ruppel Theater. The Broadway Musical runs June 6th through June 15th. Show times vary. Check the ad on page 2 for show times. The following week brings the second annual Back the Blue Fundraiser held on the south end of Main Street. Family fun for all with all proceeds being donated to the Cumberland Police Department. A great event! Also this coming Sunday, June 9th, Sacred Heart of Jesus Catholic Church will celebrate with a special Pipe Organ 100th Centennial Concert. The concerts starts at 1:30 pm. See the ad on page 13.

-0-

It was brought to my attention a week or so ago, that people are seeing only one deer at a time. Well I started to pay attention and in the last week I have seen no fawns with any deer. No quite sure why that would be. We had a mild winter. I talked to a couple of folks who have seen the same thing. Any ideas? I will ask around a bit and see what I hear.

-0-

I had chance to get out in the boat this past weekend a couple of times. It had been a few weeks and for me that is a long time. Anyway, the fishing was good. Saturday, I hooked up (no pun intended) with Mark Walters and we caught a ton of fish but literally hundreds of little guys. We did manage to sort out a few decent gills. We were up in the Birchwood area on a remote lake we’ve never fished. It was beautiful and mostly quiet. Sunday I went to an old haunt and caught some dandies. Good weekend! Get out and enjoy summer. Have a great week!

Inside Wisconsin

by Tom Still

“New Wisconsin Investment Fund will be noticed beyond state borders”

MADISON, Wis. –Among the first news outlets to pick up on the May 29 unveiling of the \$100 million Wisconsin Investment Fund were two outside the state – the Seattle Post-Intelligencer in Washington and U.S. News & World Report. Both took note within hours.

As I mentioned to those who gathered at Madison’s Forward BIOLABS for the announcement by Gov. Tony Evers and others, that’s a big reason why the public-private fund is not an end in the state’s journey to build a more vibrant technology economy, but a new and significant beginning.

Like 49 other states, Wisconsin received money through the U.S. Treasury’s State Small Business Credit Initiative, which was authorized by the American Rescue Plan Act. Each state was free to tailor its program to a large degree, and Wisconsin chose to put nearly two-thirds of its allotment into a fund that would require private venture-capital firms to match the SSBCI money, dollar-for-dollar.

The result is the biggest single public-private venture capital initiative in Wisconsin’s history, and a breakthrough that builds on what came before it.

Fourteen venture firms bid with the Wisconsin Economic Development Corp.

to be a part of the program and five have been selected so far; a sixth private fund participant is pending. The first five, with a total of \$45 million in state commitments, are:

HealthX Ventures, Madison, \$15 million. HealthX invests largely in the digital health sector but also in other health-care innovations.

Venture Investors LLC, Madison, \$12 million. Venture Investors invests primarily in health care innovation, such as therapeutics, medical devices, health IT and diagnostics. Serra Ventures, Champaign, Ill., \$7 million. Serra Ventures invests nationally, especially in the agriculture and food technology space. Some past Serra investments have been in Wisconsin companies.

NVNG, Madison, \$6 million. NVNG (short for “nothing ventured, nothing gained”) invests broadly in Wisconsin tech sectors including health.

Idea Fund of La Crosse, \$5 million. Part of the Badger Fund of Funds network, the Idea Fund of La Crosse invests broadly in the Upper Midwest in sectors such as information technology, health IT, data analytics, supply chain, agriculture, manufacturing and financial

services.

The mix reflects the overall goal of the fund, which is to build on existing and emerging technology startups, but also to move beyond the traditional research hubs to find companies and entrepreneurs in underserved places.

That’s one reason why Serra Ventures is in the mix, because it’s familiar with spotting strong deals in the agriculture and food-tech space (24 current portfolio companies) and has plenty of sales or other “exits” to demonstrate market knowledge.

Another focus will be biohealth, which has long been a Wisconsin tech strength in regions such as Madison and Milwaukee, but increasingly in cities such as Eau Claire. Last year, the U.S. Economic Development Agency recognized Wisconsin as a “regional technology hub” for personalized medicine and related technologies. That could make the state eligible for up to \$75 million in federal funding to accelerate growth.

While the announcement was made by Democrat Evers, it’s worth noting that Wisconsin’s efforts to build a stronger tech-based economy have been bipartisan for decades.

The enactment of inves-

tor tax credits in 2005 was led by the late state Sen. Ted Kanavas, R-Brookfield, and then-Commerce Secretary Cory Nettles, an appointee of Democratic Gov. Jim Doyle. The creation of the Badger Fund of Funds in 2013 came during the tenure of then-Gov. Scott Walker with help from both sides of the aisle in the Legislature. Changes to both the investor tax credit program (Qualified New Business Venture credits, also administered through WEDC) and the Badger fund in recent years have also required bipartisan agreement.

Within the Legislature itself, the bipartisan and informal Tech Caucus has both Republican and Democratic leaders and members, further demonstrating that economic growth need not be a partisan squabble.

The \$100-million Wisconsin Investment Fund comes with no guarantees, as most young companies fail in time. Those that succeed, however, often do so on a scale that spreads prosperity well beyond company walls. Investors outside Wisconsin will notice this initiative – and perhaps bring their own expertise and money to bear.

Still is president of the Wisconsin Technology Council. He can be reached at tstill@wisconsintechnologycouncil.com.

Terry G. Lindorff, 50, of Clayton, has been charged with possession of methamphetamine, possession of THC and possession of an electric weapon. His adjourned initial appearance is scheduled for June 7, 2024.

SWAT Team Standoff in Chetek ends with Two Arrested

Jaymz E. Colvard, 30, of Chetek, has been charged with second degree recklessly endangering safety, possession of a firearm while intoxicated, pointing a firearm at another, misdemeanor battery, domestic abuse, use of a dangerous weapon, and disorderly conduct.

Nicholas LM. Mahrle, 30, of Chetek, has been charged with violating the bond condition to not possess or consume alcoholic beverages in Barron County.

A deputy, with the Barron County Sheriff's Department, reports on May 26, 2024, at approximately 3:09 am, he was on duty when the Barron County Communications Center advised law enforcement of a man with a gun at an address in Chetek. The 911 caller was identified as the defendant, Mahrle. Mahrle stated there were guns in the house and this his friend, who he believed to be outside his residence, shot an AK-47 rifle at him. Dispatch further advised that they could hear several gunshots in the background while speaking with Mahrle.

The deputy reports that he, along with three other deputies with the same department were the first deputies to arrive on scene. Upon arrival, the deputy reports he observed a person in the roadway standing on the west side of 27th Street. The deputy identified the person in the roadway as Mahrle.

The deputy asked Mahrle what was going on. Mahrle stated that his friend, who was later identified as the other defendant, Colvard, fired multiple rounds at him, but never struck him. Mahrle stated that both he and Colvard had been drinking, got into a physical fight, and were punching each other. Mahrle stated that Colvard hit him in the head with the butt of a rifle. Mahrle stated he was able to leave the residence and then called 911 to report the incident.

Mahrle stated that both he and Colvard live at the same residence. While speaking with Mahrle, the deputy

heard another round being fired from the residence. The deputy heard more shots coming from the residence. Another deputy heard what sounded like doors opening and closing inside the residence. The deputy reports that he and other deputies took cover in the ditch line northeast of the house where they awaited for the arrival of the Barron Rusk Emergency Response Team.

Another deputy, with the same department, who had also arrived on scene, transported Mahrle to a safe location away from the residence. Mahrle was alter arrested for violating his bond out of Barron County that he not possess or consume alcoholic beverages.

At the jail, a sergeant with the Barron County Sheriff's Department, administered an Intoximeter EC/IR test of Mahrle's breath alcohol concentration. The Intoximeter result obtained from Mahrle's breath was .21.

A detective, with the Barron County Sheriff's Department, reports he obtained a more detailed statement from Mahrle describing what happened before deputies arrived. Mahrle stated that he and Colvard were having a disagreement. Mahrle stated he was out drinking and that when he got home Colvard was drunk and they began to argue.

Mahrle stated that Colvard went to his room and retrieved an SKS style rifle. Mahrle stated that Colvard pointed the rifle in Mahrle's face.

Mahrle stated he grabbed the barrel of the rifle and began punching Colvard in the face. Mahrle stated he removed the magazine from the rifle. Mahrle stated he threw the rifle on the bed and the magazine for the rifle out of the bedroom. Mahrle stated the magazine was loaded, but did not know if there was a round chambered in the rifle. Mahrle stated he believed the rifle was loaded.

Mahrle stated he struck Colvard in the face several times before leaving the residence. Mahrel stated that,

as he was leaving, he saw Colvard grab the rifle again. Mahrle stated he ran outside, and, as he was running away from the residence, he heard Colvard chamber a round by activating the action and then heard a series of three rounds.

Mahrle stated he believed that Colvard was shooting at him as he was fleeing for his safety.

The detective reports he was assigned to the Bearcat armored vehicle for deployment to the residence. Upon arrival at the residence, ERT team members gave announcements and activated the emergency sirens on the armored vehicle in an attempt to gain the attention of Colvard, who remained inside the house. Colvard exited the house at approximately 6:04 am, and was taken into custody without further incident.

The detective reports that, while clearing the residence, he observed a shell casing on the front walkway of the house. The detective also observed a black AR style rifle leaned up against the house on the porch and a 30-06 rifle in plain view in the living room of the residence. A third rifle, observed to be a semi-automatic AK-47 type rifle, was later discovered in plain view in an office type room in the upper level of the house.

Also in the office type room, the detective located a 9mm Beretta handgun with a metal empty magazine that, on the basis of his training and experience, he recognized would be utilized in the AK-47 type rifle. On the floor of the office type room where three approximately one inch thick body armor plates that had been shot multiple times with what appeared to be a firearm.

The detective reports he located a single brass casing which had been fired on the deck near the entry door. The detective identified the AR style rifle that the detective observed leaning up against the house to be an AR-15 type rifle with a light on one side and a laser site on the other side of the handgrip.

The detective reports he

went to the lower level of the residence and walked outside on the deck where a deputy advised she had located numerous spent rounds on the ground, on the west side of the deck. The detective observed that one of the rounds was a fired brass .30-06 Springfield round which matched various loose .30-06 rounds laying on the kitchen counter inside the residence. A total of seven other rounds were located on the ground, all of which are .223 rounds with an REM brand.

The detective reports he spoke with Colvard, who was seated in the back seat of a patrol squad. The detective read Colvard a Statement of Rights before asking him any questions. Colvard admitted he has a variation of an SKS, which is an AK. Colvard stated he didn't recall pointing the SKS style rifle directly at Mahrle, and firing three shots at him.

At the jail the sergeant administered an Intoximeter EC/IR test of Colvard's breath alcohol concentration. The result was .19.

If convicted for second degree recklessly endangering safety, Colvard may be fined not more than \$25,000 or imprisoned for not more than 10 years or both. For possession of a firearm while intoxicated he may be fined not more than \$10,000 or imprisoned for not more than nine months or both. For pointing a firearm at another, he may be fined not more than \$10,000 or imprisoned not more than nine months or both. For misdemeanor battery, domestic abuse and use of a dangerous weapon, he may be fined not more than \$10,000 or imprisoned for not more than nine months or both. His adjourned initial appearance is scheduled for June 5, 2024.

If convicted for violating the bond condition to not possess or consume alcoholic beverages in Barron County, he may be fined not more than \$10,000 or imprisoned for not more than nine months or both. His initial appearance is scheduled for June 12, 2024.

UTV Crash on Wild Rivers Trail in Washburn County leaves Three in Critical Condition

On Saturday, May 25, 2024, at approximately 4:17p., a serious accident occurred at the intersection of the Wild Rivers Trail and Highway 253. Washburn County Dispatch reported that a vehicle had been struck by a UTV, leaving three individuals unconscious at the scene.

The incident involved Brett Hrdlicka, 31, Bailey Basham, 32, Kevin Walton, 33, and Caitlin Walton, 30, all of Rice Lake, who were

traveling northbound on the Wild Rivers Trail. According to the initial investigation, their four-seat UTV attempted to maneuver around another UTV, failing to yield to traffic as it crossed Highway 253. This resulted in a collision with a 2013 Ford Flex driven by Frank Aragona, 59, of Bloomer. The impact caused the UTV to roll multiple times.

Ms. Basham and Mr. Aragona were evaluated by EMTs at the scene and

subsequently released. However, Mr. Hrdlicka, Mr. Walton, and Mrs. Walton sustained life-threatening injuries. They were initially transported to local hospitals before being airlifted to advanced medical facilities for further treatment.

The Wisconsin Department of Natural Resources is conducting a reconstruction of the accident.

The Washburn County Sheriff's Deputies received assistance from the Barron

County Sheriff's Office, Wisconsin DNR, Wisconsin State Patrol, North Memorial Ambulance, Shell Lake Fire Department, and Lakeview Medical Center Ambulance.

Sheriff Dennis Stuart of the Washburn County Sheriff's Office expressed his gratitude for the swift response and collaboration among the various emergency services. "Our thoughts are with the injured and their families during this difficult time," Sheriff Stuart stated.

Shots Fired at Residence in Grantsburg; Suspect Arrested

On May 31, 2024 at 6:53 p.m. Burnett County Dispatch received a call from a child stating that a female had been shot at a residence north of Grantsburg. While on the phone with the child, a second shot was heard and the child said a male had now also been shot. The child exited the residence and waited for law enforcement.

Law Enforcement and North Ambulance responded to the scene. The child was transported from the scene by law enforcement. Deputies were able to call the male subject out of the residence. Law Enforcement entered the residence and were able to render medical aid to the female. Ambulances arrived on scene and transported both the male and female to Burnett Medical Center. The female was transported to a hospital in the Twin Cities for further medical care. The male was treated at the hospital and taken into custody by law enforcement.

Further preliminary investigation shows that the male suspect, Michael B. Winquist, 29 years old, of Grantsburg WI, shot the victim and told the child at the residence to call 911.

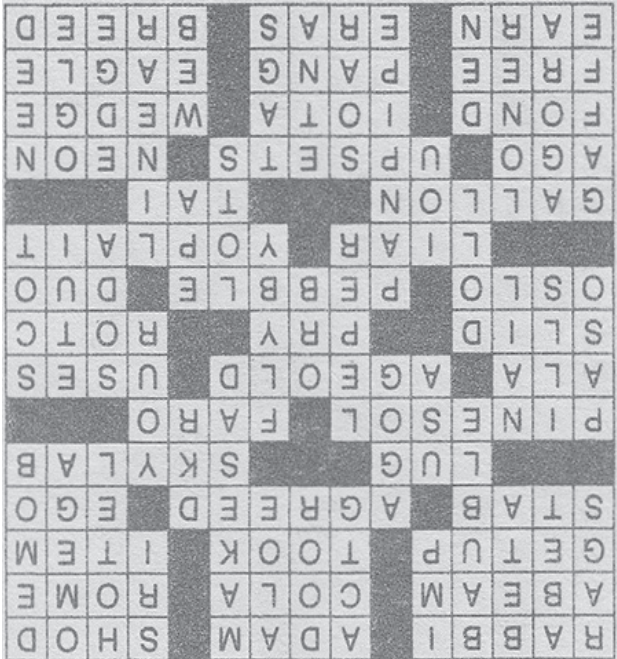

A short time later Winquist shot himself.

The victim is in stable condition and recovering in a Twin Cities hospital. Winquist remains in custody.

Charges of Attempted First Degree Intentional Homicide, Felon in Possession of a Firearm and Intoxicated Use of a Firearm will be forwarded to the District Attorney's Office for consideration.

This case is still under investigation The Burnett County Sheriff's Office would like to thank Grantsburg Fire Department, North Ambulance, Pine County Emergency Medical Services, Grantsburg Police Department, St. Croix Tribal Police Department and Siren Police Department for their assistance.

Thank you for
reading
The Advocate

The Cumberland Beavers are 2024 Regional Champions! Pictured front row (L to R): Coach John Peterson, Troy Majewski, Ryan Lundmark, Gavin Prinsen, Nathan Schmidt, Cooper Schramski, Ian Sellent, Max Peterson, & Coach Joe Serbiak. Back Row: Uriah Johnson, Landon Wickstrom, Bryden Hauser, Calvin Cunningham, Sloan McCreary, & Parker Peterson.

Baseball Team Reaches Sectionals; Have Won Nine Straight

The Cumberland Beavers Baseball Team found themselves two games short of the State Tournament last week, following a 7 to 2 win over Clayton/Turtle Lake and an 8-0 shutout of Cameron in a Regional Championship game last Wednesday afternoon. The Beavers were back in action on Tuesday in a Sectional at Islander Park with a first-round game against HON opponent St. Croix Falls. A victory in game one would send the Beavers into the Sectional Championship Game against the winner of Elk Mound and Mondovi.

The Beavers picked up their 19th and 20th wins of the season in the two Regional victories.

In last Tuesday's victory over Clayton/Turtle Lake, the Beavers used a three-run second inning to take a 4-1 lead and then scored single runs in the fourth, fifth and sixth to take the win.

Cumberland had seven hits in the contest with Landon Wickstrom and Uriah Johnson getting two each. Ryan Lundmark added a single and scored three runs from

his leadoff spot in the batting order, while Gavin Prinsen chipped in with a double.

Johnson also took the pitching victory with six innings of work, allowing five hits while striking out seven. Clayton/Turtle Lake finished their season with a record of 12 and 3.

In the Regional Title game against Cameron, Gavin Prinsen was outstanding on the mound, going six innings, allowing one hit, and striking out eight. Cooper Schramski went the final inning to help finish up the Beavers shutout.

Schramski, Lundmark, and Sloan McCreary each had two hits for Coach John Peterson, with Bryan Hauser and Uriah Johnson each picking up a pair of RBIs. Cameron finishes their season at 6 and 16, while Cumberland continues to play inspired baseball, moving their overall record to an impressive 20 and 8. They have won nine consecutive games.

The State Tournament will begin next Monday in Appleton.

Beavers Headed to State

The Cumberland Beavers picked up an exciting 3-2 Sectional win over last years State Champion St. Croix Falls in front of a huge crowd on a steamy Tuesday morning.

Gavin Prinsen started on the mound and threw 5 1/3 innings of excellent baseball. After reaching the maximum 100 pitch mark, Cooper Schramski finished up the last 1 and 2/3 innings to preserve the win.

The Beavers scored first in the 3rd on a RBI single by Ryan Lundmark that followed hits by Schramski and Landon Wickstrom. The Beavers then took a 2-0 lead on a Gavin Prinsen bomb to left field in the top of the 6th. The momentum then switched as St. Croix

Falls knotted the game in the bottom of the frame on a 2 out single. The Beavers bounced back to take the lead on a clutch 2 out 2 strike single by Nathan Schmidt. Schramski would then mow down the Saints to send the Beavers to the Sectional Championship game.

The Cumberland Beavers are headed to state for the first time since 2017. The Beavers beat the Mondovi Buffaloes 9-1 in the championship game. It was a true team win with many players having an imput. Cumberland will play in Appleton on Tuesday afternoon. More photos and details in next week's Advocate. GO BEAVERS!

Dominant!

Beaver right hander Gavin Prinsen was outstanding on the mound vs Cameron. He struck out 8 and allowed only 1 hit in the 8-0 win.

Speedy!!!!!!

Cumberland catcher Ryan Lundmark has been a menace on the base paths all spring long swiping bases almost at will. Here he stole second and third before scoring on a wild pitch in the Beavers Regional Championship win over Cameron.

Home on the Flambeau

Hello friends,
I have made an attempt recently to let you know that I am currently in a cycle of my life that is very busy but also positive. This week's column should be fun for you, I hope you are enjoying your spring.

Saturday, May 25th
High 74, low 44
Plan A had me paddle trolling on Lake Superior out of either Washburn or Ashland and I was very excited about it. That plan was cancelled yesterday when a good friend told me the wind would be too strong to paddle a canoe on that piece of water. I changed that plan to spending 30 hours on the Turtle Flambeau Flowage and would begin on Saturday instead of Friday. I would have to leave Sunday as I had a graduation party in Glidden to go to.

When I travel, I am blessed with 2 sets of neighbors who take turns feeding my cattle, chickens, and dogs/puppies. This morning, I had planned on getting up at 4:00. At 3:00am I heard something in my backyard that did not sound right, at 3:20 I heard the same sound at the end of my house, at 3:30 I heard the same sound out my bedroom window and when I looked outside directly on the other side of the glass was my 2 steers and a heifer, all about 1100 pounds and very loose. Had I left yesterday this would have been an ugly story. I ran outside buck naked, got a bucket of feed and lured them back to their enclosure.

Today I put my canoe and in at Murray's landing which is the most remote location on the flowage and a place that I truly love. I had concerns that it may be a challenge to get a campsite at this point on Memorial Day weekend but that would not be the case. As my journey began, I decided to drag a Salmo behind me which is an affective type of crankbait. I had pad-

dled maybe 30 seconds when my pole started bending and I landed an 11-perch. There would be a brutal headwind but I had no cares, I was on the Flambeau, I already caught a fish, my cattle did not run away and in just 4 days my daughter Selina would be coming home from Missoula for a wedding.

To make matters even better my rod started bending over again and this time I caught an 18-inch smallmouth bass and just after that I found a super cool campsite, made a comfortable camp and then went paddle trolling for whatever was hungry. It did not take long and the Salmo had lured in the first crappie of the trip and it was a beautiful 13-incher.

The rest of my day was fish catching, going down memory lane from a place my dad first took me to 54-years ago, and enjoying the non-stop view of peace and nature.

Sunday, May 26th
High 72, low 42

The Salmo was hot again this morning and it was tough knowing that I had to head out but I was headed towards Glidden where I am blessed with many good friends from the area and would be going to Jersey Polencheck's graduation party. Jersey was an all-star athlete excelling in basketball and softball and she is also a very kind and fun young lady, not to mention a go for it outdoorswoman.

The shing-ding was at the Shanagolden town hall which is the boonies and let me tell ya it was fun with a capital F. I like the remote, down to earth crowd and that is what you will find in the Glidden/Mellen area where I used to call home.

Folks I am out of space and Selina is now home as I write this, and my next trip is in the morning.

Jersey you rock!
Sunset

Salmo was the hot bait on this adventure.

Flying High!

Andie Otto stretches for every inch at the State Track & Field Championships held last weekend in La Crosse. Andie who won the 300 Meter Hurdle Title and finished sixth in the 100 meter hurdles finished eighth in the long jump with a leap of 16 ft 9 inches. Congratulations Andie on a fantastic season. Photo by Wilber Rosenow.

Sports Look Back, June 5, 2014

The Cumberland Beavers secured a spot in this week's Sectional Baseball Tournament by winning the WIAA Regional Championship with two wins last week. The Beavers rode the shutout pitching of Jonah Lundequam and Kahlen Donatell, who each tossed 2-0 victories in the games Wednesday and Friday.

Although the Beavers struggled to score runs, Donatell and Lundequam had more than enough to win. The two pitchers, both named First Team All-HON, were outstanding in throwing one-hitters against first Turtle Lake/Clayton and Luck/Frederic. Donatell's gem came on Wednesday in the Turtle

Lake/Clayton win. A Jonah Lundequam single and run scoring single by Travis Miller following a stolen base by Lundequam, would prove to be the winning tally. Both teams had chances after that, but no one scored again until the fourth, when the Beavers added a second tally on a run scoring single

by Logan Boucher, following a Laker error. Donatell would strike out five hitters, while walking four in his complete game win. Lundequam was equally impressive against Luck/Frederic giving up a lone single in the sixth inning. He struck out eight in nailing down the Regional Title. Cumberland scored their

runs in the fourth and fifth innings. A Colin Elfers double and Boucher single accounted for the first run, while a bases loaded walk got home the second run in the fifth. The Beavers left 10 runners on base in the contest. Cumberland also finished up the HON season last Monday with a 4-3 victory

over Hayward. A three-run rally in the seventh overcame a 3-1 deficit to grab a comeback victory. Brendon Grunseth's single knocked in the game winner, while Colin Elfers took the mound victory.

Soccer Season Comes to an End in Regional Championship Contest

The Barron-Cumberland-Bloomer Soccer Season came to an end last week in the Regional Championship Game, with a 3-0 loss to New Richmond. “We knew it would be a tough match against Big Rivers Conference champion and the # 1 seeded team,” said Head Coach Sarah Stauner. With the loss, the team finishes their season with an excellent record of 14-5-4. The team got into the Regional Championship match, following a 1-0 shut-out of Menomonie earlier in the week. “It was a big win for BCB, following a loss to them the week before. We worked hard to prepare for the rematch and took a nice victory,” added Stauner. It was the team’s 16th shutout of the year, leading to 14 wins and two ties. The defense helped hold

Menomonie to only 10 shots on goal in the game. The only score by BCB came on a shot by Valeria Acevedo-Sanchez, following a nice defensive play by Hailey Fick. In the New Richmond game, the Tigers took a 1-0 first half lead and added two more scores in the second half. The loss ended the season for BCB, but Coach Stauner was pleased with the year saying, “We played a more difficult schedule, moved up a division, but were still able to compete. While it is always hard to see the season end, we have nothing to hang our heads about.” She concluded by thanking her seniors, which included Cumberland’s Jasmine Woodley, saying, “They will be missed.”

Golf Season Ends at Sectionals

The Cumberland High School Golf Season came to an end last week at the D3 Sectional in Luck as the two Beavers golfers participating failed to qualify for State. Chetek-Weyerhaeuser took the team title by 13 strokes over Prentice as Ladysmith’s Sophomore Simon Cole took Medalist Honors with a 74. Cumberland Junior Derrick Gideo-shot a solid 88 to take 24th place, while Senior Alex Efertz finished his career with a 90. “Both golfers had a couple of holes that hurt them, but both had good years, making it to Sectionals for the

first time,” said Coach Mike Gideo. He added, “Alex is our only senior and will be missed. We’ll hopefully get a few more kids out for the sport and have a chance to be improved as a team next spring.” Gideo concluded, “I have a lot of people to thank for their help this year, starting with the Cumberland Golf Course staff, the parents, and many individuals at the school. They all helped make things go smoothly and I appreciate them for making this an enjoyable year for myself and our golfers.”

First Annual Scoutland Scramble a success!

The first Annual Scoutland Scramble is in the books! We had a nice turnout of about 50 participants on Saturday June 1st. We gave away lots of great door prizes that were graciously donated by our local businesses! A good time was had by all!! This was a collaborative event between Cumberland Area Friends of Scouting and the Cumberland Area Trails Alliance (CATA). The runners/walkers started on the old railroad right of way north of town (now known as the The Depot Trail) and proceeded through the beauti-

ful forested trails of Scoutland. We thank many area businesses and individuals for their support and the scouts/parents for their assistance! Also a BIG thank you to the Cumberland Fire Department and Cumberland Healthcare for safety support. This will be an annual event to be held the first Saturday in June so save the date and plan to join us next year! The next CATA meeting will be on Monday June 10 at 5 pm at the Cumberland Library. All are welcome!

Congratulations Trystin Neitzel who aced hole number 4 at the Cumberland Golf Club this past Saturday.

THANKS FOR READING
THE ADVOCATE

Regional Win!

BCB soccer players Andrea Bechard (left) and Jasmine Woodley (right) fight for a loose ball in the girls 1-0 win over Menomonie at Endeavor Stadium.

Kasey Stauner (right) looks to get around a pair of Menomonie defenders during the girls Regional win in Cumberland.

First Annual Scoutland Scramble!

Runners take off Saturday morning at the first annual Scoutland Scramble. The event aimed to promote the Cumberland Area Friends of Scouting and Cumberland Area Trail Alliance. Fun was had by all.

Barronett News

By Judy Pieper

Happy June! Just think, in a couple weeks it will officially be the first day of summer, the longest day of the year, and then the days start getting shorter and we can look forward to cold wintery days again. I'm just a little ray of sunshine, am I not?

I promised details of Sanara and Alex's wedding last week, so, here goes – It was beautiful, naturally. There were three days of activities at Lord Thompson Manor, and the weather cooperated all three days.

It was an outdoor wedding, there were speeches by the groom's father, Joe, by Sanara's Uncle Jim, by her sister, Savanna, and, of course by her dad, Jerry. They were all heartfelt, sometimes bringing a tear to our eyes and sometimes making us laugh. The bride, who is always beautiful, looked even more lovely in her white dress, and the groom looked pretty good too. (What can I say, the wedding day is always about the lady in white.) There were lots of bridesmaids and groomsmen, and the service was officiated by Alex's cousin, Arman.

Alex's mom and dad, Linda and Joe, would like to come to the Midwest sometime soon – they would like to go to the Minnesota State Fair, and then they would come and spend the weekend with our whole family at Treeland in Hayward. We are looking forward to that – we hope they enjoy themselves as much with us as we did with them.

Okay, on to other things. I have information on a few graduates from Barronett this year. They are - - -

Erica Pittman, daughter of Dan and Jess: Erica, who has wanted to be a teacher from the time she could walk and talk, will be attending college in Rice Lake, working toward her teaching degree. We were away and missed Erica's graduation party, but heard

from her grandma, Geri Pittman, about a prank played on her by her Uncle Jerry. He decided to give her money for a graduation present, but wanted to make it a little different than just a check in a card. So, he and Geri went to the bank and got one hundred dollars in pennies. Can you imagine – that is ten thousand pennies. They weigh about 60 pounds. Anyway, they got them back to Geri's house, had them in one big box and one smaller box, and had a terrible time trying to get them wrapped. Once they had them "kind of" wrapped, they had another terrible time carrying them to the car without tearing the paper. Jerry's comment to his mom was, "I really didn't think this through, did I?" Nope.

Anyway, good luck at college, Erica. We need more good teachers, and we know you will be one of the best.

Alyssa Vargo, daughter of Andy and Kim: Alyssa would like to make a career in dental work, and will be getting on-the-job training at Marshfield Dental Clinic in Rice Lake. Alyssa's graduation party, held at her home this past Saturday, was very well attended and very nice. We talked to lots of interesting people, and were able to meet the foreign exchange students from Germany and Poland.

Congratulations Alyssa, and good luck in your new career.

Marshall Straw, son of Marvin and Mandy: Marshall will be attending Northwoods Tech to become proficient in carpentry and cabinetry. That is very good news – we are in dire need of good cabinet makers in this area. Marshall is planning to relax this summer and take a couple solo road trips with his dog. Marshall's graduation party will be this weekend and Duane and I plan to go and

celebrate with him and his family.

Congratulations Marshall, have fun this summer and good luck with your carpentry and cabinetry classes.

Lucas Jacobson, son of Becky and Josh: Because of our trip, we missed Lucas' graduation party, which was held a couple Saturdays ago at the Shell Lake Pavilion, but have been told that it was very nice. Lucas has been one of the cooks at Lakeview in Shell Lake for some time now, and plans to continue working there for the time being.

Congratulations on your graduation, Lucas. Sorry we missed your party, but we hope you continue your cooking career. I think any restaurant owner will tell you that it is almost impossible to hire a good cook.

My friend, Julie Pabst from Ft. Lauderdale, texted me the tragic news that her brother, Tim, of Marine on St. Croix, died in a boating accident on May 25th. Tim was one of the attorneys in the firm I worked for when I first moved to northern Wisconsin, and was one of the nicest, most down-to-earth, funniest men ever. He was the person who helped me get back in touch with Julie after many years of having lost track of her. He will be sadly missed by his family and all who knew him. Please keep Julie, and the rest of his family, in your prayers for comfort in this time of sorrow.

I'm going to run and try to get some outside work done between raindrops. Hope you have a great week, and I'll see you later.

OBITUARIES

Richard H. "Dick" Hecht

Richard Henry "Dick" Hecht, 87, of Cumberland passed away peacefully with his family by his side on Thursday, May 30, 2024 at Care and Rehab-Cumberland. He was born July 13, 1936 in Somerset, WI to Joseph and Genevieve (Boucher) Hecht.

After serving his country for two years in the United

States Army, stationed in Germany, Dick was married in Pine City, MN on June 17, 1961 to Rose Marie Branca.

Dick spent his 37 year career in Abrasives Manufacturing at 3M in Cumberland. Though quiet, he was great friend to everyone, and there was nothing he wouldn't do for his friends and family. He was a master builder - there was no project he couldn't fix or build. Dick also enjoyed hunting at his cabin, and was a caretaker at Timberland Ringebu Cemetery for over 25 years. Last, but not least, he was known to share a beer in the garage with friends.

Dick is survived by step-daughter, Sandi (Mark) McHenry of Cumberland; grandchildren; Jeff (Linda) Bergstrom and Dean (Pam) Bergstrom; great-grandchildren, Hannah (Cory) Nelson,

Beau (Laura) Bergstrom, Kyla Bergstrom (Kyle) and Kalley (Lyndon) Paquette; great-great grandchildren, Ivin and Jack Nelson, and Grayson Bergstrom; sister-in-law, Yvonne Jenkins; and many nieces, nephews, and friends.

He was preceded in death by his wife, Rose Marie Hecht; parents, Joseph and Genevieve Hecht; and step-father, Joseph Jenkins; siblings, Phyllis, Don, David, Robert, Gary, and Cheryl; and close friend, Tom Schultz.

Funeral services were held on Monday, June 3rd, 2024 at Augustana Lutheran Church of Cumberland. Interment Timberland Ringebu Cemetery.

Skinner Funeral Home of Cumberland is serving the family.

Flag Day at Rice Lake Elks Lodge

RICELAKE, USA - Rice Lake Elks Lodge #1441 in partnership with the Rice Lake Veteran's Center and the Municipal Band will observe Flag Day on Tuesday, June 11, 2024, as an ongoing community outreach initiative.

The annual event will take place at Rice Lake's Veterans Memorial City Park (Lakeshore and Veteran's Drive) at 7:00pm as part of the music program offered on that date. Music in the Park is held every Tuesday during the summer from June 4th to August 13th, sponsored by the local Chamber of Commerce.

The brief program will include The National Anthem, Pledge of Allegiance, History of Flag Day, and other readings by local Elks Leadership Team

members. Additional music selections provided by the Municipal Band.

Rice Lake Veterans Center will present the meaning of the flag and the traditional folds. The flag is folded to represent the original thirteen colonies of the United States. Each fold also carries its own meaning. According to the description, some folds symbolize freedom, life, or pay tribute to mothers, fathers, and those who serve in the Armed Forces.

The celebration takes place to raise awareness of the importance of honoring the flag of our country, to celebrate the anniversary of its birth, to recall the achievements, freedoms and liberties the emblem represents.

The local order of Elks and

the nationwide organization are distinctively American and extremely patriotic; proudly presents this service for the members and the local community as a community outreach event. The Elks organization is the first and only fraternal body to require a formal observance of Flag Day.

In case of inclement weather an abbreviated ceremony will take place at the Rice Lake Elks Lodge #1441 located at 36 East Eau Claire Street.

Further information can be obtained by contacting event coordinators –Rita Gronski (Elks) at 715-234-2951 or Joe Erickson (Rice Lake Chamber Music in the Park Chair) at 715-234-2126.

OBITUARIES

Albert G. Johnson
Albert George Johnson, 79 of Cumberland passed away peacefully on May 23rd 2024.
Albert was born May 5th 1945 in Cumberland. He was the fourth son of seven born to Emmanuel and Charlotte (Gillson) Johnson. Albert graduated from Cumberland High School in 1963 and married classmate Kathleen Vaughn in 1965.
Albert and Kathy farmed in rural Cumberland while raising a family of two sons

and one daughter. After retiring from the farm in the mid 1990's, Albert worked for the Township for a number of years. Albert enjoyed working in the woods, bible study, socializing with friends and family, camping, and road trips all across America.
Albert is survived by his sons, Scott (Colleen) and Steve (Brook); a daughter, Melissa (Brian) Pinkerton; eight grandchildren, three great-grandchildren; as well as brothers, Claire (Marge) Johnson, Elmer (Hannah) Johnson, Martin (Karen) Johnson, Marvin (Soodjai) Johnson and Andy (Yolanda) Johnson.
Albert's wife, Kathy; parents, Emmanuel and Charlotte; and brother, Melvin, preceded him in death.
A memorial service will be held on Friday, June 14, 2024 at 11:00 a.m. at Rausch and Steel Funeral Home in Barron. A visitation will be held one hour prior to the service at the funeral home. Follow-

ing the service, a lunch will be held at the small pavilion at Anderson Park in Barron. Arrangements are being handled by Rausch and Steel Funeral Home in Barron. Online condolences can be made at www.rauschandsteelfuneralhome.com.

Lynn C. Wickenhouser
Lynn C. Wickenhouser, age 79, of Hastings, MN, passed away on May 24, 2024, surrounded by her loving family. Lynn was born on August 27, 1944, to Richard and Linnea (Johnson) Boyer in St. Paul, MN. She grew up in Oakdale and later met and wed Gary Wickenhouser.

Together, they raised their two children, Paul and Chantel, in Cottage Grove, MN.
Lynn was a woman who embraced adventure and travel, always seeking out fun experiences with her children and grandchildren. Whether it was riding roller coasters or tubing, Lynn cherished these moments of joy and laughter. Her fun spirit and enthusiasm for making memories will forever be remembered by those who loved her. Lynn was a devoted mother who believed in creating a welcoming home, filled with love and laughter. She cherished her beloved dog (Corkie), chickens, donkey and farm animals, finding joy in gardening and playing cribbage with friends and grandchildren for a dollar per game. She loved cheering on the Hastings wrestling team, known to all by just "Grandma ." After bravely facing a terminal cancer diagnosis with less than six months to live, Lynn embraced life to its fullest all while undergo-

ing chemotherapy for over 20 years.
She is survived by her children, Paul Wickenhouser and Chantel (Stephen) Beying; grandchildren: Tony Wickenhouser, Alyssa (Devon) Freeman, Maggie Wickenhouser, Stephen "Tre" Beying, Garrett Beying, Bryce Beying, Cody, Mikayla, and Desiree Boyer; brother, Paul (Jo) Boyer; niece, Joan (Chris) Stahlman, Many special nieces, nephews, relatives, and friends. Lynn was preceded in death by her parents, husband Gary Wickenhouser, brother Steve Boyer, and nephews Mark, Danny Sicard Steve Wick-

enhauer and niece Jane Wickenhauser.
A celebration of life was held at on Thursday, May 30, 2024, at Starkson Family Life Celebration Chapel, 3075 Vermillion St, Hastings, MN 55033. A Burial at Union Cemetery in Maplewood will take place at a later date.

“We Drink the Blood of Christ? What? Gross, say it is not so!”
by Pastor John Miels
St. Paul Lutheran Church

It’s true, and it’s a mystery, and it’s marvelous! Some doubt, others fall away. But, Lord, to whom shall we go? You have the words of eternal life (John 6:67-69). And among those words were among Jesus’ last words, in a final will and testament. This cup is the New Testament in my blood (Luke 22:20). Wills and testaments are not to be changed or thought of as a metaphor, they are legally binding and final.

Blood matters. To share blood is to be part of the same family. Life is in the blood (Leviticus 17:11), and transfusions can save a life. The blood of Christ even more is the blood sacrificed for our sins. The chalice is our cup of salvation, bringing the fruits of the atonement to our lips, that through Jesus’ death we might also have his life. Shed blood is a matter of guilt. Abel’s blood cries out for vengeance. Bloodstains mark the scene of a crime. And in our sin, each and every one of us has blood on our hands. When we drink Christ’s blood, we drink in the fact that we are sinners, that Christ died for us, and in the stead of us. Not all the blood of bulls and goats could atone for our sins (this the old way, something new needed and promise delivered), but Christ’s blood is true medicine, cleansing the guilt of our hearts, bringing us forgiveness.

Yes, we drink blood, and it is no light matter (1 Corinthians 11:27). But it is the way of salvation, a drink which comes from The One who said, “I thirst,” an offering that comes from the side pierced by the soldier’s spear (John 19:34). And in the glorious economy of God’s love, that drink is a foretaste of the feast to come (John 7:37; Matthew 26:29), the everlasting celebration of the Groom and His bride the church. And so, He says to us today, “Take drink.”

A mystery for sure, to be done often, but the King has spoken and so we trust the King of kings.

2023 Consumer Confidence Report Data CUMBERLAND WATERWORKS, PWS ID: 60301329

Este informe contiene información importante acerca de su agua potable. Haga que alguien lo traduzca para usted, o hable con alguien que lo entienda.
Dlaim ntawv tshaabzu nuav muaj lug tseemceeheb heev nyob rua huv kws has txug cov dlej mej haus. Kuas ib tug paab txhais rua koj, los nrug ib tug kws paub lug thaam.

Water System Information

If you would like to know more about the information contained in this report, please contact Casey DeLawyer at (715) 822-2595.

Opportunity for input on decisions affecting your water quality

We want our valued customers to be informed about their Water Utility. If you want to learn, the Utility Committee meets every 4th Thursday of the month at City Hall 950 1st Ave.

Health Information

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's safe drinking water hotline (800-426-4791).

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune systems disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbial contaminants are available from the Environmental Protection Agency's safe drinking water hotline (800-426-4791).

Source(s) of Water

Source ID	Source	Depth (in feet)	Status
1	Groundwater	500	Inactive as of 01/01/21
3	Groundwater	385	Active
4	Groundwater	295	Active
5	Groundwater	470	Active

To obtain a summary of the source water assessment please contact Casey DeLawyer at (715) 822-2595.

Educational Information

The sources of drinking water, both tap water and bottled water, include rivers, lakes, streams, ponds, reservoirs, springs and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.

Contaminants that may be present in source water include:

- Microbial contaminants, such as viruses and bacteria which may come from sewage treatment plants, septic systems, agricultural livestock operations and wildlife.
- Inorganic contaminants, such as salts and metals which can be naturally- occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff and residential uses.
- Organic chemical contaminants, including synthetic and volatile organic chemicals which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff and septic systems.
- Radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, EPA prescribes regulations that limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water, which shall provide the same protection for public health.

Definitions

Term	Definition
AL	Action Level: The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
HA and HAL	HA: Health Advisory. An estimate of acceptable drinking water levels for a chemical substance based on health effects information. HAL: Health Advisory Level is a concentration of a contaminant which, if exceeded, poses a health risk and may require a system to post a public notice. Health Advisories are determined by US EPA.
HI	HI: Hazard Index: A Hazard Index is used to assess the potential health impacts associated with mixtures of contaminants. Hazard Index guidance for a class of contaminants or mixture of contaminants may be determined by the US EPA or Wisconsin Department of Health Services. If a Health Index is exceeded a system may be required to post a public notice.
Level 1 Assessment	A Level 1 assessment is a study of the water system to identify potential problems and determine, if possible, why total coliform bacteria have been found in our water system.
Level 2 Assessment	A Level 2 assessment is a very detailed study of the water system to identify potential problems and determine, if possible, why an E. coli MCL violation has occurred or why total coliform bacteria have been found in our water system, or both, on multiple occasions.
MCL	Maximum Contaminant Level: The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
MCLG	Maximum Contaminant Level Goal: The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
MFL	million fibers per liter
MRDL	Maximum residual disinfectant level: The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.
MRDLG	Maximum residual disinfectant level goal: The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.
mrem/year	millirems per year (a measure of radiation absorbed by the body)
NTU	Nephelometric Turbidity Units
pCi/l	picocuries per liter (a measure of radioactivity)
ppm	parts per million, or milligrams per liter (mg/l)
ppb	parts per billion, or micrograms per liter (ug/l)
ppt	parts per trillion, or nanograms per liter
ppq	parts per quadrillion, or picograms per liter
PHGS	PHGS: Public Health Groundwater Standards are found in NR 140 Groundwater Quality. The concentration of a contaminant which, if exceeded, poses a health risk and may require a system to post a public notice.
RPHGS	RPHGS: Recommended Public Health Groundwater Standards: Groundwater standards proposed by the Wisconsin Department of Health Services. The concentration of a contaminant which, if exceeded, poses a health risk and may require a system to post a public notice.
SMCL	Secondary drinking water standards or Secondary Maximum Contaminant Levels for contaminants that affect taste, odor, or appearance of the drinking water. The SMCLs do not represent health standards.
TCR	Total Coliform Rule
TT	Treatment Technique: A required process intended to reduce the level of a contaminant in drinking water.

Detected Contaminants

Your water was tested for many contaminants last year. We are allowed to monitor for some contaminants less frequently than once a year. The following tables list only those contaminants which were detected in your water. If a contaminant was detected last year, it will appear in the following tables without a sample date. If the contaminant was not monitored last year, but was detected within the last 5 years, it will appear in the tables below along with the sample date.

Inorganic Contaminants

Contaminant (units)	Site	MCL	MCLG	Level Found	Range	Sample Date (if prior to 2023)	Violation	Typical Source of Contaminant
BARIUM (ppm)		2	2	0.027	0.001 - 0.027		No	Discharge of drilling wastes; Discharge from metal refineries; Erosion of natural deposits
CHROMIUM (ppb)		100	100	2	0 - 2		No	Discharge from steel and pulp mills; Erosion of natural deposits
FLUORIDE (ppm)		4	4	0.1	0.1 - 0.1		No	Erosion of natural deposits; Water additive which promotes strong teeth; Discharge from fertilizer and aluminum factories
NITRATE (N03-N) (ppm)		10	10	0.59	0.12 - 0.59		No	Runoff from fertilizer use; Leaching from septic

Contaminant (units)	Site	MCL	MCLG	Level Found	Range	Sample Date (if prior to 2023)	Violation	Typical Source of Contaminant
								tanks, sewage; Erosion of natural deposits
SELENIUM (ppb)		50	50	1	0 - 1		No	Discharge from petroleum and metal refineries; Erosion of natural deposits; Discharge from mines
SODIUM (ppm)		n/a	n/a	4.80	3.40 - 4.80		No	n/a

Contaminant (units)	Action Level	MCLG	90th Percentile Level Found	# of Results	Sample Date (if prior to 2023)	Violation	Typical Source of Contaminant
COPPER (ppm)	AL=1.3	1.3	0.1700	0 of 10 results were above the action level.		No	Corrosion of household plumbing systems; Erosion of natural deposits; Leaching from wood preservatives
LEAD (ppb)	AL=15	0	1.20	0 of 10 results were above the action level.		No	Corrosion of household plumbing systems; Erosion of natural deposits

Radioactive Contaminants

Contaminant (units)	Site	MCL	MCLG	Level Found	Range	Sample Date (if prior to 2023)	Violation of	Typical Source of Contaminant
GROSS ALPHA, EXCL. R & U (pCi/l)		15	0	1.5	0.0 - 1.5	8/5/2020	No	Erosion of natural deposits
GROSS ALPHA, INCL. R & U (n/a)		n/a	n/a	2.1	0.0 - 2.1	8/5/2020	No	Erosion of natural deposits
COMBINED URANIUM (ug/l)		30	0	1.0	0.7 - 1.0	8/5/2020	No	Erosion of natural deposits

Additional Health Information

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Cumberland Waterworks is responsible for providing high quality drinking water but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at www.epa.gov/safewater/lead.

STAPLES LAKE PROTECTION DISTRICT COMMUNITY ANNUAL MEETING/PICNIC

Date: June 8, 2024

Time: 11:00 am-12:00 pm

Location:
County Line Tavern
3 220th Avenue
Comstock, WI 54826

The Staples Lake Protection & Rehabilitation District will hold their annual meeting on June 8, 2024. The district continues to implement our Lake Management Plan that identifies strategies and resources that address the water quality challenges facing our lake. We have also been diligently meeting with both Polk & Baron counties to identify areas needing attention within our watershed. As a landowner in the lake district, your input on priorities and potential management options is very important.

Annual summer picnic to follow meeting.

Cumberland School District is an equal opportunity employer.

Are you feeling sick?

STAY HOME.

Whether it's COVID-19 symptoms, influenza, or a bad cold, staying home is one of the best ways to stop the spread.

On April 14th, the crew of Station Golden Gate responded to a distress call about a capsized vessel, three miles off shore that resulted in four people in the water. In coordination with the SFPD Marine Unit and SF Bar Pilot, the crew of MLB 47245 helped recover all four people from the frigid waters. The Board of Supervisors for the city and county of San Francisco presented all crews involved with a Certificate of Honor for their dedicated service and commitment to community safety. Congratulations from left to right BM1 Joshua Allstott, BM3 Christian Rosa, MK3 Omar Ayon-Lopez and SN Autumn Riewestahl a 2018 Cumberland High School Graduate for your outstanding conduct and a job well done. You've made our station and the community very proud!

Middle Level Honors Band, Choir, and Orchestra!

The WSMA Middle Level State Honors Music Project offers musically accomplished youth the opportunity to rehearse and perform with nationally-known conductors in a professional setting. All Honors groups perform at the Wisconsin State Music Conference. Middle Level State Honors students receive their music in August and meet for the first time the day before their fall performance. The rehearsal day and formal concert will take place in the Madison area. The following students were selected to participate or as an alternate performer to represent Cumberland Middle School this fall. Congratulations on this huge achievement! Pictured from left to right are Liliana Murphy-selected as Alternate for MLH Choir, Reina Furseth-selected as Clarinet Alternate for MLH Band,Jovina Skinner-selected for Trombone for MLH Orchestra and Elsa Carlson-selected for Alto Saxophone Alternate for MLH Band.

Sacred Heart Celebrates:

Pipe Organ 100th Centennial with a Commemorative Concert

Sunday June 9th, 2024 at 1:30 pm
Sacred Heart of Jesus Catholic Church
Almena, WI

Dr. Brooks Whitmore will perform classical as well as traditional hymn-based selections.

Please join us for an afternoon of musical enrichment and entertainment.

Hors d'oeuvres and desserts to follow the concert at the fellowship hall.

Are you tired of feeling like just another number in a crowded healthcare system? Do you crave personalized care, exceptional service, and a focus on your well-being? Experience healthcare that puts you first!

Your Health is Our Priority
