DMV offers information on obtaining an ID for voting

Ahead of the Wisconsin Fall Primary, August 13, 2024, the Wisconsin Department of Transportation (WisDOT) Division of Motor Vehicles (DMV) reminds U.S. citizens how to obtain identification, free of charge, that is valid for voting.

Valid identification for voting purposes, for those who will be at least 18 years of age by the next election, includes a driver license, identification card, military or student ID card, etc. There is no separate "voter ID." A federally compliant REAL ID card is not required for voting purposes. Anyone unsure if their identification or qualification meets the requirements should visit the Wisconsin Elections Commission website to check.

To obtain identification to show at the polls, begin online. A list of the required documents to bring to a DMV Customer Service Center is available at wisconsindmv.gov. If

the required documents needed for an ID are not readily available, DMV has a process for U.S. citizens to obtain the necessary information. This process, available free of charge, may be used to quickly obtain a receipt valid to take to the polls for voting while the remaining documents or verifications are obtained.

Anyone with questions related to obtaining an ID that can be used to vote should call DMV's toll-free hotline at (844) 588-1069. Questions regarding voter eligibility, poll locations, voter registration information or other election information can be directed to the Wisconsin Elections Commission at elections.wi.gov.

Start the application now at wisconsindmv.gov or at a local DMV Customer Service Center. To find a DMV, check hours, services and wait times, visit wisconsindmv.gov/centers.

We can stop HIV, Iowa—
by finding the HIV prevention methods that work best for us!

Find a health care provider to whom you can talk openly about your sexual health.

Make HIV testing part of your journey.
Getting tested is the only way to know your status!

Practice safer sex.
Use condoms and choose sexual activities with a lower likelihood of passing on an infection.

Get in care. Stay in care.
If you're living with HIV, getting and keeping an undetectable viral load helps you stay healthy and prevents transmission to your sex partners.

STOP HIV IOWA
